Introduction:

The Mae Moore Papers is a collection of genealogical research materials collected by Mae Dillon Moore over the course of more than 30 years. The bulk of the material relates to the Akers, Altick, Blankenship, Dillon, Ferguson, Greer, Perdue and Smith Families of Virginia, though many other surnames are included.

Biographical Note:

Theda Mae Dillon Moore was born on 17 August 1917 in Franklin County, Virginia to Grover Silas Dillon and Julina Wilmouth Chitwood. An avid genealogist, Moore researched her family history for over 30 years, with most of her efforts focused on the Dillon Family. Well-known in Southwest Virginia genealogical circles, Moore contributed to the research of the Marvin Raney Collection (also in the Virginia Room) on families of Bedford and Franklin Counties. Mae Dillon Moore passed away on 10 November 1998. At the time of her death, Moore was working on publishing her research into a 3-volume set called *Dillon: Dillon & Allied Families*. While she did not live to see her work published, it was published posthumously in 2000.

Scope and Content:

The Mae Moore Papers consist, of records, research notes, publications, family group sheets, news clippings and correspondence. The majority of research includes the following surnames: Akers, Altick, Bird, Blankenship, Booth, Chambers, Chitwood, Dillon, Divers, Dupuy, English, Ferguson, Fisher, Fowler, Greer, Haynes, Holland, Hughes, Pasley, Perdue, Saunders and Smith. Most of the research material is related to Virginia counties, primarily Franklin County; however, connections include the surrounding states of North Carolina, Tennessee, West Virginia, Maryland and Kentucky. Research begins in the 1600s and seems to end in the mid to late 20th Century. The majority of materials are letter-sized, with one box containing legal-sized copies of records.

Series I: Files Organized by Family Surnames

Tab numbers on folder indicate order maintained by Mrs. Moore.
