CLASSES

# '72 Seniors

Approximately 246 Magicians can boast of having reached the "unreachable star". During our quest we encountered many memorable events. The hot, stuffy balcony stands out most from our Sophomore year for we always felt isolated from what was really going on. Sometimes we couldn't even hear, or was it that we didn't want to hear? Thinking back to our Junior year, the things to remember are more dear to our hearts than the year before. The candy sale for the Junior-Senior Prom we would rather forget, but there would not have been a prom if the sale had not been successful. The decorating wasn't too easy to arrange, but it was fun attempting. We just knew that we were going to pull through with the help of our sponsor, Miss Ervin, who advised us in every way especially in selecting the theme, "A Dream Is A Wish Your Heart Makes".

Sponsor: Miss Judith Erving  
Vice-President: Andrea Manning  
Treasurer: Beth Fulton

President: Ray Ferris

We also had fun that year playing the ring game. We would try to see how many other students' rings would fit one particular finger. Still, even more spectacular, was watching other classmates put down their pencils and start shining their rings. The most memorable year of all was our Senior year, 1972. Being a Senior was hard, yet fun. Leaving for lunch five minutes early and leaving the assembly first soon boosted our egos and made us feel more privileged than ever. Having students look to us for advice made us even more proud to be a Senior. The underclassmen envied the fun we had in the senior lounge, and we loved every minute of it. We will always recall receiving the spirit stick for the last time and recalling all of the games that our teams struggled through. Most of us agreed that our every effort, both great and small has really been worthwhile. The most difficult part of our high school career was accepting the fact that this was our last year here. Remembering all those little things, we say **Love is being a graduating senior from "The Home of the Magicians"**.

# Homeroom: A Haven From Busy Classes

Programed into eight homeroom sections of approximately thirty students each, is the senior class of 1972. At this home base we fill out records, cast votes, issue candy to be sold and rest from the cares of a very busy day. This is the one time in the day when we can be somewhat relaxed from the formality of classroom demeanor. We welcome the daily bulletin that reads, "schedule for today, (With Homeroom)."

Ho Hum, another day.

Boy, these all-day suckers are really great.

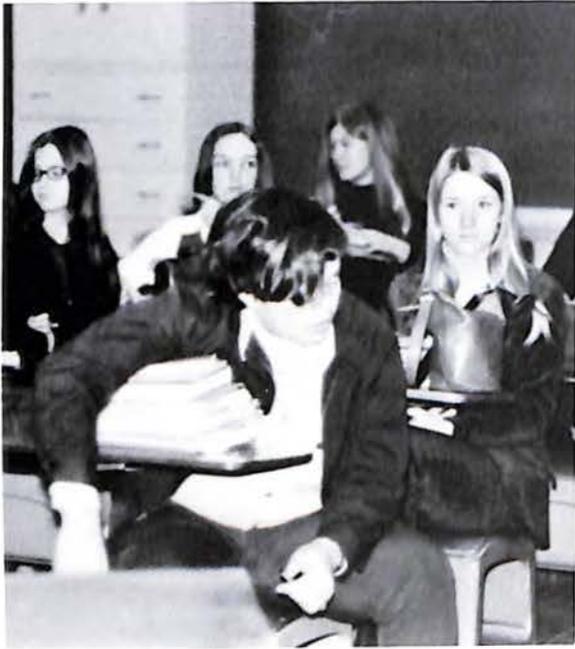

Togetherness in the annex.

Wind him up, and he'll teach English.

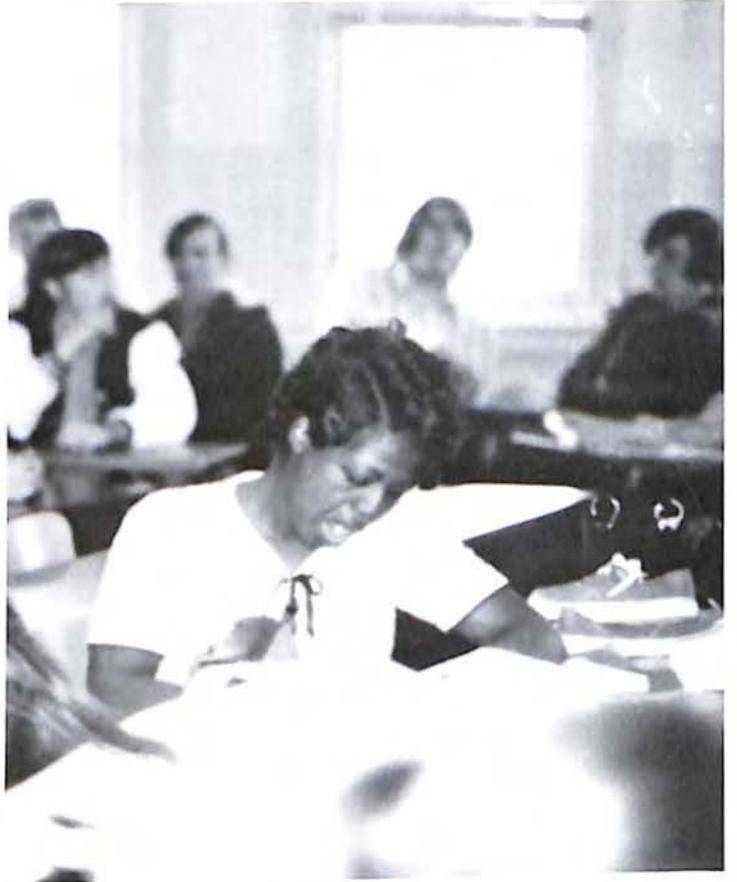

Hey, pass this down the line.

Wide eyed, dreamy eyed, and sleepy eyed.

I'm really bushed.

I wonder what she meant by that.

Students. I'm waiting for an answer.

Just like Little Bo Peep.

I hope I'm not next.

Everyone smile.

I hope she's right!

Help from a friend.

What's he up to!

I knew you'd understand.

Sure I can.

Oh, just like dad.

Three blind mice.

Yeah, we got it.

Up against the wall.

Those flashing eyes.

Got 'cha.

Double peace.

Your attention please!

Give me time to think.

Who's Miss X in white?

Look at me, look what I did.

# Dedicated To The Memory Of Steve

Stevenson De'Jong Jefferson

If Death should beckon with outstretched hand  
And whisper softly of an "Unknown Land,"  
I shall not be afraid to go . . .  
Though the path I do not know  
For He who safely brought me here  
Will safely take me back  
And though in many things I lack,  
He will not let me go alone  
Into the Valley that's Unknown,  
So I'll reach out and take Death's hand  
And journey quietly to the Promised Land.

"Oh noble soul, oh faithful heart,  
Your day has come, not gone;  
Your sun has just arisen and not set;  
Your life is now beyond the reach  
Of death and toil, and pain and change;  
And so shall you ever be with the Lord."

His pleasing personality and love for his fellowman were exemplified in all his activities.

# Juniors Class of '73

Mr. Mundy, Sponsor; Wendy Campbell, treasurer; Jackie Anderson, secretary; Ed Harper, vice-president.

1971 marked the beginning of the fabulous "Junior Era." In what seemed like only a matter of time, another year was soon begun. We knew where we were going, and we knew what had to be done. There was a place for every loyal Junior. Some of us busied ourselves with the selling of candy to prepare for the Prom, while the more talented participated in the All State Choir, Forensics and other activities. The academically talented kept plugging for those honor grades and the privilege of becoming members of the National Honor Society. The athletically talented spent hours shaping up and preparing to bring honor to the "Home of the Magicians". Those who sensed the need for a stronger bond, experienced much time in dialogue and confrontations. Each of us took time out to order those long awaited class rings. While each in his own way did his own thing, the Junior Era was a blast!

As sophomores we came with our awkward ways inclined to numerous mistakes such as tripping down steps, dropping books, expecting the unexpected, being nervous and finding ourselves lost in the corridors of life at Jefferson. It was here in these corridors that we experienced a sharp feeling of loneliness and the aching pain of being a stranger in another world. In what seemed like only a short time,

the good old Magician spirit took effect, and we sophomores learned that these very same corridors contained a variety of virtues which could be labeled as exciting activities, interesting classes, loyal friends and some of the best days of our lives. Before we knew it, this cumbersome year had turned into delightful experiences for most of us.

and  
ADMINISTRATION

# From Principal To President

Midway through the first semester, we kept hearing rumors that our principal was leaving. Shortly thereafter, the whispers became a reality, and in December Mr. Graybill left us to serve as president of the Virginia Education Association. We hated to admit that we were losing our principal to whom we had grown so pleasantly accustomed. We knew that we would suffer a loss because his warm friendly smile and years of experience as a teacher, counselor and dean had made him seem quite suited for the principal of Jefferson. Besides

See, you have to be careful in the hall!

Join the crowd, there's enough punch for all.

these facts, he was once a student here, so his love and dedication to the Magician cause was deeply rooted. On every available opportunity, we would quietly call him "Jack" because that seemed more appropriate for a man who could find the time to be everywhere in every phase of the school program. He has the rare quality of not only listening to problems, but also trying to find ways to settle them. We will miss Mr. Graybill, but we must admit that we are proud of the new V. E. A. president.

"Love is, never being sorry you said it."

## Head Man

Mr. James C. Wood, the principal of Jefferson is one of those rare persons who brings out the best in people. In his relationships with others, he combines fairness and understanding with a depth of warmth and sincerity. His duties as a principal are varied and demanding, and they take him throughout the building and into the community. In spite of a very rigid schedule, Mr. Wood seems to maintain a very calm, composed disposition. His outside activities, no doubt, serve as therapy at the end of each exhausting day. He reads, plays the organ, works in his yard and even finds time to play with his children. In the real sense of the words, Mr. Wood is a genuine person in whom both students and faculty can be justly proud.

"Love is working together to keep Jefferson #1."

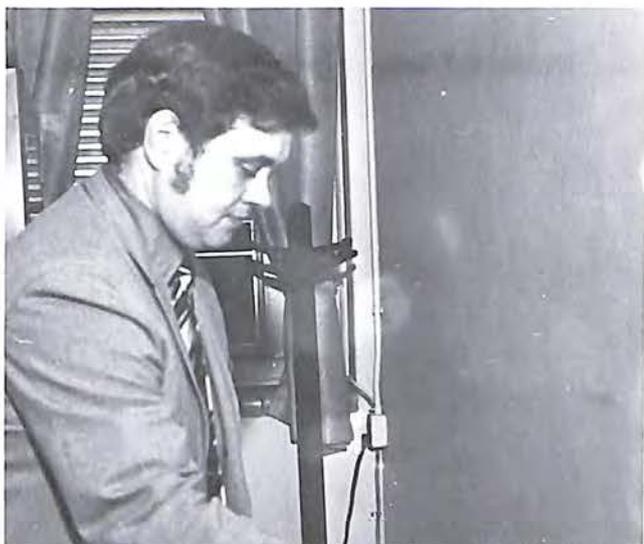

Making the right decision is often difficult.

"Come on in", and we'll talk about it."

The rewards are great for a job well done.

It's enough to make you drink.

A coffee pot and the newspaper are merely shams for the type of activities that go on in Mr. Garber's office. For behind this disguise, lies the responsibilities of dealing with students and their problems. This is no easy job and it seldom wins for him love expressions. But the job has to be done and Mr. Garber handles it quite efficiently. Quite often students realize that he's really a "good guy" if they just keep their promises. He says, "**Love is all the students doing the right thing at the right time.**"

This one was too tough for only one man.

# Promises Promises Promises

I'm very glad I could help.

# Assistant Chief Tackles New Job

When the vacancy of assistant principal occurred, the position was quickly filled with a very capable person, Mr. William Sinkler. Having served as biology teacher and chairman of the science department for four years, he has won the respect and friendship of students and teachers alike. His most outstanding characteristics are patience, respect for others and his willingness to listen when others want to be heard. In his new position he is responsible to both teachers and students, but his major concern is for his students first to become outstanding Magicians, then to become responsible, contributing citizens.

I only wish there was more time!

I think buddy teaching would be a great innovation.

# Activity Is Really A Very Great Life

If one's life style should match his vocation, then Mr. Byrd is perfectly suited for his present position because he has lived a very active life. He was a high school letterman in football and baseball, then spent three years of Marine service in the Pacific. After completing his educational requirements at Elon and Campbell Jr. Colleges, he began his teaching career ranging from Pittsylvania County to Appomattox, to Lynchburg and finally to Jefferson where he was first assistant basketball coach, then basketball coach at which time he re-activated the baseball team, and finally in 1967 he received his present appointment. Mr. Byrd's activities seem endless, extending to the church, the Masons, his love for all sports and his desire for fishing whenever he can find the time. He greets his friends with the **pet saying**, "What's good?", and he thinks **Love is** having every one pay all fees.

I haven't had time to even look up.

The figures and that phone just won't let us breathe!

"She keeps coming back like a song." This well describes Mrs. Irene Monroe who serves as an Accounts-Clerk in the Activities Office. She fell in love with Jefferson as a student, and has returned twice to work in her present position. In spite of a busy schedule, Mrs.

Monroe finds time for a number of activities. Her hobbies are ceramics and needlework, and she loves to travel. She is a mother, grandmother, Sunday School teacher and an **actress**. Her friendly personality helps her to relate to everyone.

# Teachers Caught In The Act Of Loafing

Coke makes me happy.

She'll never miss it.

Munch, munch: down goes the lunch.

Games for the teachers!

Now, look what you've done to me!

I've got five aces. what's your hand?

Daddy's girl.

Came to this little place . . .

Mutt and Jeff strikes again.

Lurking in the shadows behind the closed doors of a successful school, there has to be a well organized group of leaders, and so it is at Jefferson. Our group of administrators and teachers are somewhat like a delicious cake. The faculty is the part that is moist and stays together, while the administrators are like the icing because they top Jefferson right off in the most satisfying way. The cake is composed of some sixty one different ingredients, many who have stood the test of time and ten who are new to us. They blend together perfectly and the results are slices of interest, patience, kindness, knowledge and most of all love — available to all who would but take a piece. Therefore, we tip our hats to the Magician faculty and administration.

LOVE IS . . .

SCHOOL  
LIFE

A symbol of love.

Hey teacher, I know!

Now, Mr. Sinkler, this is good for the nerves.

Snow-covered or decorated with the signs of spring, Jefferson stands tall and proud as a symbol of success for many. Some laugh and cail her old, but still she stands the test of time and continues to serve as a torch of enlightenment for young and old. Life here runs the gamut of learning experiences, but it does not end here. For the good times we have lunch, fun and games on the black top, quick pranks between classes and spirited pep rallies. It is little wonder that we Magicians think **Love is the good life at Jefferson.**

He made the **whole** thing.

Love is a biscuit.

Lunch time is the best time.

Sure, Mrs. McCabe, clear as mud!

Mrs. Watson's daughter was an Alg. I tutor.

## Math Anyone?

The Math. Dept. offers Math. for seniors who need a math. credit to graduate or want it as a elective, Contract Alg. for students who have a weak math. background, and regular Alg. I and II, Geom., and fourth year math. for college bound students. We added a course, Useful Math., for students who wish to learn about the stock market, insurance, banking, social security, money and income tax.

Alg. II is kind of hard to take after lunch.

4 + 3 equals what, Mrs. Watson?

She said, "Use your time constructively."

The English department continued for the fifth consecutive year to use the semester system for juniors and seniors. In this approach our students have more choice and can select courses to fit individual needs. Advanced tenth grade classes were required to take English literature, but most sophomores took the conventional type course. We added a new speech course in oral communications, which was quite interesting.

Snicker, snicker! That's a joke!

Get back, you're not on yet.

Gosh, I don't know number six!

Thank goodness for magazines!

You're not asking me?

Not now, he's looking!

El espanola de clase.

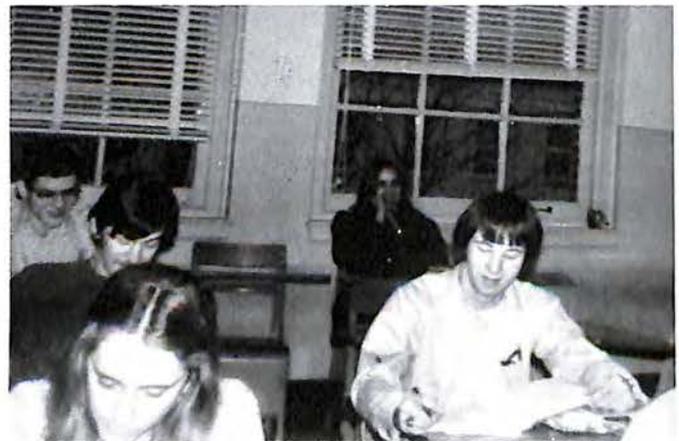

## Language Is No Communication Barrier

Tempus fugit! (Time flies)

Bonjour!

Courses in foreign languages are offered to meet the demands of the students. This year we offered three courses in French and Spanish and two in Latin. The Language Club is opened to any student who has taken or is taking a foreign language. The club is an extension of the regular classes, and offers a variety of activities that class time does not allow.

# Explore The Unknown Through The Sciences

You wouldn't believe what I just saw.

What's going to happen next?

Is "yulk" one of those one-celled animals?

General Biology is primarily for sophomores and has the largest enrollment. Chemistry is offered to juniors and seniors, and seniors have a choice of physics or advanced biology with one student taking both. The physics class is participating in a new program in which students attend classes at Roanoke College. They also have a period at school to receive additional help from the teacher.

Now, who took the specimen?

# 195 Students Register At School To Vote

Hard at work!

We should find it with three of us.

Just a little help from my friend.

The Social Studies department put into effect a revised, expanded, and progressive curriculum for this year. The new curriculum offers 15 courses. Each student must take a minimum of two semester courses from Area I, American History and Area II, American Government. Students are able to take such courses as Military History, U.S. Political History, American Minority Groups, U.S. Legal System, Public Opinion and others.

Mr. Luthur relates facts with his birthday.

Who's next on the list?

In Sociology, we all have to work together.

Let's stay together with Plaster.

## Fine Arts

The Fine Arts Department provides a program that is vital to the total school program. In the area of music the students are given a chance to improve their technical and intellectual ability. Drama provides a chance to perform a cultural service through stage craft and play production. The Art Department offers a program of exploration, experimentation, problem solving, awareness and appreciation.

## Home Economics

Consumer Homemaking Education may include units in marriage and family relations, child development, housing, foods, clothing, and management of family resources. All of these units are included in Co. Education Home Economics for seniors, but are also offered in depth in the regular homemaking classes. Occupational Home Ec. in Clothing Service, which is offered in a two hour block, prepares students who are particularly interested in clothing construction for jobs in this area of work.

I wonder what I did in grade school.

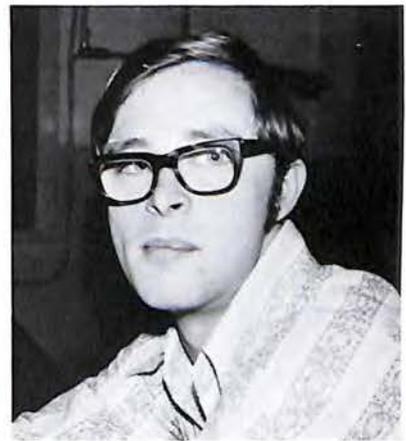

# Students Enjoy A Variety Of Experiences

Students are studying the rules of driving.

Learning can be fun.

Learning to spell words with numbers

These students receive individual attention and specific instructional techniques to meet their individual needs with emphasis on the development of social skills. Classroom learning involves such activities as sewing, wood-working, electricity, and arts and crafts. Learning not only occurs in the classroom, but outside as well. Field trips to General Electric, Appalachian Power Company, and sewing factories were scheduled. Programs were correlated with the Va. Employment Commission concerning jobs and job placement.

# Trades And Industrial Education

Auto Mechanic classes learn how to keep cars fit.

Our curriculum is designed to meet the basic needs of business by offering three major sequences: stenographic, clerk typing and data processing. These are two-hour block classes at the junior and senior levels. In addition to class training, a student may choose to work parttime at the senior level in any program. The student receives an acceptable wage and school credit for his on-the-job experience. General Business and typing are offered to tenth grade students as prerequisites to the block program.

# R.O.T.C.

The first year of The Air Force Junior Reserve Officers Training Corps Program has been completed. Cadet First Lt. Harry Barlow was named The Squadron Commander during the second semester. The cadet unit participated in an indoctrination flight aboard a jet aircraft and took field trips to Radford Air Force Station and Langley Air Force Base. The Squadron marched in the Christmas Parades and the Color Guard was active all year participating in athletic events and other invitational gatherings.

They're heading for the Honor Guard.

Is it going to hurt?

This year we offered a course which aims to prepare students for jobs in health care agencies. In addition to the theory, students spent two class periods per week in hospitals, nursing homes and child care centers. We also offered H.C.I. which is a work study program allowing students to spend ten to twenty hours per week on a related job. Pay and school credits are earned in this course.

# Physical Fitness Is For Everyone

In health classes we cover areas of disease prevention and control, consumer health, family life development and sex education. The physical education curriculum consists of soccer, bowling, golf, basketball, volleyball, weight training and tumbling. The girls program is much like the boys including modern dance, lacrosse, fencing, tennis, and archery. Each group takes the fitness tests twice each year.

## In The Role Of Leaders

S.C.A. Officers: Sherri Webb, Warner Keaton, Betty Wilmoth, Lou Mills, Leroy Carter.

The SCA aimed to coordinate sponsored student activities, to promote the general welfare of the school, and to secure the cooperation of the students in all matters. Our members stayed busy with such activities as Sophomore Orientation Day, homecoming events, senior and junior exchange day, and class elections. Our major projects included planting dogwood trees in front of the gym, collecting clothes for underprivileged children, recycling glass and participating in the RVHSRC and the district and state SCA. Throughout the year we attempted to foster school spirit and to promote cooperation between the student body and the faculty.

Look, Mommy, it fits.

The Student Faculty Coordinating Committee serves as an additional "pipeline" of information from the students to the administration and back. Requests for needs of students as well as inquiries concerning the welfare of the school and its student body are submitted to the administration. This organization also serves as the connecting line between the school and the city wide council on human relations. The SFCC helped to plan and participated in an exchange day with other local high schools. We were distinguished to have Ray Ferris elected president of the parent organization, The Council on Human Relations.

Oh, there's the paper cutter.

Seniors. Diploma day is coming soon.

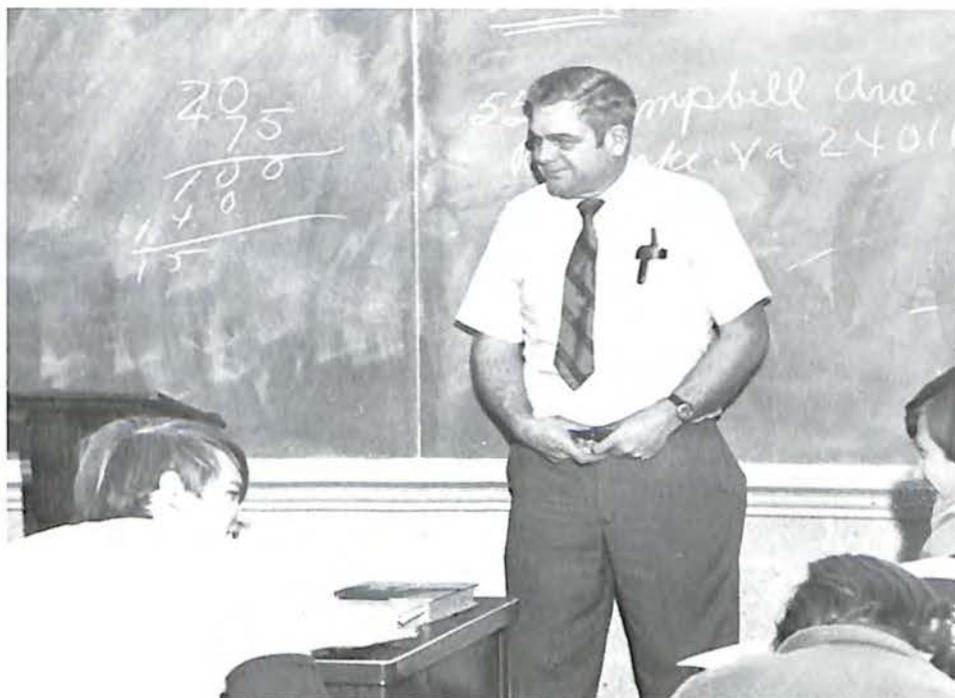

Let's get the printing press set up.

Our Jefferson's Printing Shop with the help of our instructor, Mr. Robert Young, bridges the gap between school and employment.

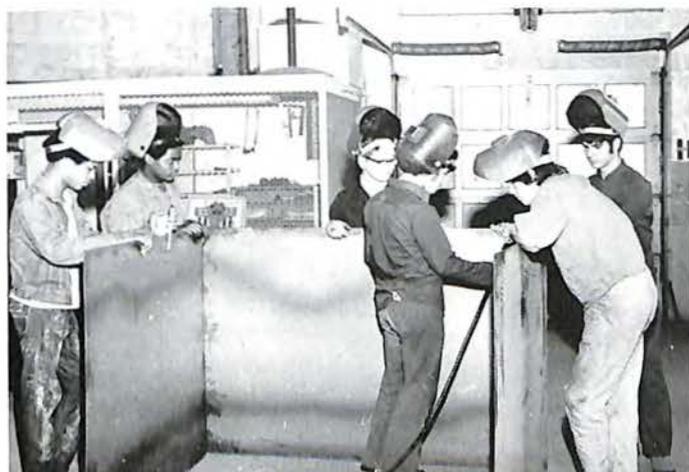

Our shop has a combination of talents such as: Writers, editors, artists, and photographers, all working with a willingness to cooperate with their fellow students.

We print a wide variety of projects including football programs, diplomas for all of the city high schools, forms for the Roanoke City School Board and posters for our school plays.

# Cosmetology

It's easy as one, two, three.

I wish I had used "Joy".

Who wants to be the next guinea pig?

Give me the works.

This is the first year for Cosmetology at Jefferson. Students have participated in hair styling contests sponsored by VICA. Demonstrations have been given by our students to H. Ec. classes at Patrick Henry. We also participated in a recruiting program at Jackson Jr. Students at school received beauty services from cosmetology students. Our department got off to a strong start, supervised by Mrs. Sarah Saunders. The program was further enriched by her student teacher, Mr. Curtis MacGhee.

Gwen, is doing it again.

It is rewarding to be a good deed doer.

Health Careers is a section of VICA that is of particular interest to students who may become a nurse or may pursue some other field in this area. Members had practical experiences at Liberty House Nursing Home, Greenvale Nursing Home, West End Office, Shenandoah Hospital Dietary Dept., and our own school cafeteria.

David Terry, Leroy Carter, Joyce Wimmer, Judy Percell, officers.

Students work on projects for the spring art show.

The purpose of the art club is to act as a liaison for exposing others of our school to what is offered in our community of cultural value; to plan educational trips to local art areas, shows, and exhibits as well as out of town trips; to render special services to the

school and community; to attempt to make club experiences applicable to life situations. Alex Jackson, the nationally know artist, was our guest in February. Our outstanding accomplishment was a project based on ecology.

# Drama Club Stayed In The Spotlight

The Drama Club has certainly been in the lime-light this year with the presentation of "The Fantastics" in the fall and the sensational spring play, "The Sound of Music". Besides these two plays, the group presented "Growing Up at Recess" directed by Darryl Doran in the Roanoke Valley District Play Festival and won a superior rating. Under the direction of Mr. Ron Carr, the Drama Club has been an asset to the school as well as the community.

Jefferson and Addison combined for spring play, "Sound of Music."

## Their Efforts Enhance The School Program

Acorn Magazine: David Mitchell, Linda Wilson, Mike Elkins, Doug Wooldridge, Robin Bishop, Cathy English, Frances Manning, Sherrie Webb, Mr. Campbell, Renee Rose, Gary Wilson, Barry Farmer, Jenny Akers, Rona Myers, Pam Willis, Mike McDainel.

Jefferson's Chapter of Quill and Scroll attempted to recognize members of the staffs of the three publications who have made significant contributions. Quill and Scroll, which has a national affiliation, is an honorary fraternity. Mrs. Delois Broady and Mr. Ronald Campbell served as advisors.

The material for **The Acorn Magazine** came from the work done by Mr. Campbell's creative writing class. Michael Elkins was editor and Linda Wilson served as assistant editor. The art work was skillfully done by students in Mrs. Beulah Lowe's classes.

The **Jefferson News**, which was published ten times during the school year, normally consisted of four pages with editors for each page. Kathy Bryant and Becky Blankenship were editors-in-chief. Kathy Bryant was awarded the World News Most Valuable Staffer plaque.

# Preparedness — The Key To Opportunity

**Row 1:** Diane Rice, Velma Johnson, Gale Gilmore, Carlyna Richardson, Barbara Spinner. **Row 2:** Dianne Shelton, Jean Peggins, Katrinka Compton, Gloria Dodson, Vicky Greenway, Linda Wilson. **Row 3:** Linda Carter, Joyce Keeling, Terry Clyburn, Kit Edwards, Frances Jones, Gale Leftwich, Vicky Manning, Tonya Ward.

Teresa Lynch, Mrs. Lawhorn, Joyce Wright, Kathy Bryant, Janice Cottman, Becky Blankenship, Mill Neal.

Janice Cottman and Vicky Manning work for perfection.

Many of the F. H. A. programs were planned around the theme this year. One month they had a man from the Va. Employment Com. to speak on "Landing Your First Job". The group also sponsored a "Preparedness Workshop" on how to apply for a job, how to keep a job

and how to grow in the job. They went to Roanoke Mills and viewed all the opportunities for advancement in the working world, then visited the governor's Family Food Dollar Show. In addition to many other projects, they sold napkins and cookbooks.

# Future Teachers of America

**Sitting L. to R.:** Cathy English, Joyce Gray, Judy Hurt, Robin Richardson, Beth Fulton. **Standing L. to R.:** Hilah Thacker, Teresa Shelton, Joan Stanley, Diane Henderson, Charlotte Scott, Fran Manning, Kathy Graybill, Joyce Wimmer, Mrs. Dudley, Wendy Campbell, Renee Ferris, Mary Jane Harrison.

**L. to R.:** Joan Stanley, Judy Hurt, Joyce Gray, Joyce Wimmer, and Beth Fulton.

During 1971 and 1972 the F.T.A. stayed busy every minute. They sold senior name cards, visited a college in the spring and had their annual picnic. Led by Mrs. Dudley and Mrs. Witten, and Judy Hurt-President, Beth Fulton-Vice-President, Joyce Gray-Secretary, Joan Stanley-Treasurer, Joyce Wimmer-Projects Chairman, and Cathy English-City-Wide Secretary, this year at Jefferson has proven to be a very successful one for every F.T.A. member.

And everything goes up in smoke!!!

Mrs. Sandra Jones was selected by the senior members of F.T.A. as the "Teacher of the Year." Each year the F.T.A. honors an outstanding teacher who is concerned and dedicated to the entire school program. Besides being chairman of the science department, our honoree teaches chemistry, biology, and physics. Mrs. Jones was born in Roanoke and attended William Fleming High School, where she was active in girls' athletics, choir, and was a member of the Beta Club. She received her degree in Chemistry from Westhampton College of the University of Richmond and was a member of Phi Beta Kappa. We are proud to spotlight Mrs. Jones as an outstanding member of the "Jeffite Clan."

# Fellowship Of Christian Athletes

The Fellowship of Christian Athletes is a club composed of all athletes who are interested in promoting Christian attitudes and good sportsmanship in all sports. Once a month the F.C.A. sponsored a city-wide breakfast at the S & W cafeteria. At the monthly meeting the club had guest speakers, and they shared their experiences before and after they became Christians.

## Key Club — A Service Organization

Ray Ferris — Vice-President, Darryl Doran — President, Ralph Bratton — Secretary

The Key Club is a service organization and is a student branch of the Kiwanis Club. Here at Jefferson our club is responsible for the "Christmas Baskets for the Needy" program, and with the generous help of the faculty and students, they delivered approximately fifty baskets this year.

The V. C. Y. undertook many activities this year. They held a Sunday afternoon service at a nursing home, helped the aged and took charge of the annual Thanksgiving assembly. The group was led by Lou Mills, Pres.: Lucinda Camper; Vice Pres.: Gloria Dodson, Sec'y.: Bill Cunningham, Treas.: Dan Dudley, Chap.: Mrs. Elcy Alford and Miss Shelba Murphy are sponsors. Our major project is sending a crippled child to summer camp, Easter Seal. In order to finance this effort, we sold dish clothes.

## Red Cross

### Aims To Help

#### Mankind

To reach out a helping hand is the purpose of the Red Cross, and they have certainly done their share by going to nursing homes, local hospitals and giving talent shows at the VA Hospital. Under the supervision of Miss Kerlin and Mrs. Williams, they had a rap-session at the Veterans' Coffee House and sponsored the Blood Mobile in April. To support their many projects the Red Cross sold doughnuts. The purpose was definitely fulfilled.

Layouts, pictures, captions, headlines and deadlines were the thoughts of each member as we worked to make the '72 **Acorn** the best ever under the direction of Mrs. D. C. Broady, Sponsor; Cynthia Ritenour, Editor; and Diana Trail, Business Manager. Mr. Baber, the Delmar representative seemed always to find the time to give us the necessary help, consideration and confidence that we needed. In spite of all the complications, the good times out numbered the bad and the experiences that we gained are invaluable.

Roxanne Gray—Valedictorian

It is a good feeling to receive this honor because there are so many fine students who came so close. I am also surprised because I just tried to do my best in every class, and never gave much thought to final rank. I would like to thank the dedicated teachers and counselors who have helped me the past twelve years. To me this honor also presents a challenge in college to try to equal this mark. I only hope that my years at Ferrum will be half as wonderful as these at Jefferson have been.

Before coming to Jefferson, I heard people talking about how different and how difficult my next few years of school would be. This created a challenge and encouraged me to maintain a high academic record.

Just as in sports, there are also many rewards on the academic level. The greatest of these, I feel, is looking back and realizing all those years paid off. There's another challenge coming into the picture: going even further by obtaining more knowledge for further advancement in later life.

Graduating in the upper half of the class is a reward in itself. It's a symbol of many long years of work, finally paying off.

**Love is at the beginning—  
Love has been all through—  
Love is at the end.**

Creating a yearbook is an action-packed adventure that provides invaluable experiences for those who are willing to accept the responsibility. The '72 staff of twelve accepted the challenge of recording the events of the year at Jefferson. In our own way we have captured the good times as well as the bad, but most of all we have attempted to record those moments that will linger throughout the lives of

each Jeffite.

With gratitude we acknowledge all those people who have given their time, support and direct service to our efforts. We are especially grateful to those who assisted in very special ways. We sincerely hope that you will enjoy the 1972 Acorn Yearbook because we have tried to prove that **Love is the many splendored things at Jefferson.**
