BULLDOG'S EDITORS

DEAR ADDISONIANS,

We, the yearbook editors, have strived very hard and put forth alot of determination to put together our 1982-83 Bulldog Annual. On the pages of our yearbook, you will find student involvement, faculty guidance, laughter, tears and much more. Although we have had many changes, we have still made it the most enjoyable part in our lives.

We would like to thank Kevin Hodnett for the beautiful yearbook cover. We know that he will succeed in the world of art for he is a gifted artist.

We regret that the wrestling photo was stolen. We hope the guilty party realizes that he or she is depriving us all of the pleasure of seeing our wrestling team. Each time the stolen photo is shown, the viewer will remember that he or she is in the presence of a thief.

We sincerely hope that this Annual will help you recall some of the warm memories and wonderful, exciting days at Lucy Addison Junior High School.

Sincerely yours,

Michael Motta

Kathy Smith

Brian Clements

DEDICATION

MRS. BARBARA BRADSHAW

Dear Mrs. Bradshaw,

It is a pleasure to take this opportunity to let you know that we, the students of Lucy Addison Junior High, appreciate the time and energy you put forth every day in your classroom. You are very patient and kind to us all, even when we are wrong or misbehaving. We know that you care about us because your daily actions voice your willingness to help us. We know, sometimes, our actions may not voice our inner feelings, so we want you to remember that we love you very much. We dedicate the 1982-83 edition of the Bulldog Annual to you and hope it will remind you of the wonderful and worthwhile days at Addison this school year.

***SINCERELY YOURS,
THE ADDISON STUDENT BODY***

FRESHMEN'S MESSAGE

We, the members of the 1982-83 Freshmen Class of Lucy Addison, would like to give our thanks to all the members of the faculty for helping us to achieve our goals and for encouraging us to make something out of our lives. Many students have taken part in many activities to help make Addison the best school in the city. We would like to thank the sponsors and coaches for taking time out to plan activities and to carry out projects. Miss Lucy Addison built a temple with loving and infinite care and we plan to keep it this way. We will cherish Addison in our hearts and remember it as the DOMINANT SCHOOL. In return, we hope Addison will remember us as the Number One Ninth Grade Class.

**ADDISON'S
BULLDOGS**

YEARS TO REMEMBER

FACULTY AND STAFF

WISHFUL THINKING

I, Ron Bailey, teacher of Math, wish that many of the students at Addison would realize that this maybe their only chance for the future, and realizing that, get to work while they have this opportunity.

I, Barbara Bradshaw, teacher of Mathematics, wish that all of Addison's ninth grade classes would be as fantastic as the class of "83".

I, A. Bass, teacher of English, wish that all students would learn and exercise self-control, respect for themselves and their fellow man.

I, Mrs. Bazemore, teacher of English, wish that I taught more students like many of those eighth graders in my second and third period classes. Many of them are creative, conscientious and courteous.

I, Mrs. Burks, teacher of many Subjects, wish that all students would bring pencil and paper to class.

I, Rae Cable, teacher of Health Careers, wish that all students knew the difference between oral and rectal thermometers.

I, Gail Epps, teacher of Math and English, wish that each student would smile at a teacher once a day — and remember that we are people, too.

I, George Franklin, teacher of Students, wish that Addison's staff and parents would make Addison the Science Junior High of the city. $\text{Technology} + \text{Science} = \text{Excellent Students}$. $\text{Technology} - \text{Science} = \text{Futility}$.

I, Scott Fuhrman, teacher of Physical Education, wish that the students of Addison would keep up with their First Aid books.

I, Tony Hack, teacher of Art, wish that each student would feel more competent in terms of producing and viewing the visual arts.

I, Mrs. Harman, Secretary in the office, wish that every student would be at school on time. No tardies. Tardies bug me.

I, Miss Keller, teacher of Mathematics, wish that each of the students at Addison would honor life for pure and rightful living.

I, A.F. Sheppard, teacher of English, wish that all my students were as conscientious and enthusiastic about their English as some are.

I, Sharon Watkins, teacher of Reading, wish that parents would take the required time to teach their offsprings the difference between right and wrong, so our job, as educators, would be more productive and rewarding.
