Something to Remember
Give me something I can remember
In the years to come,
When times are indifferent. . . .

Sentimental memories build up
Of times spent here with you.
Times will never be the same, . . .

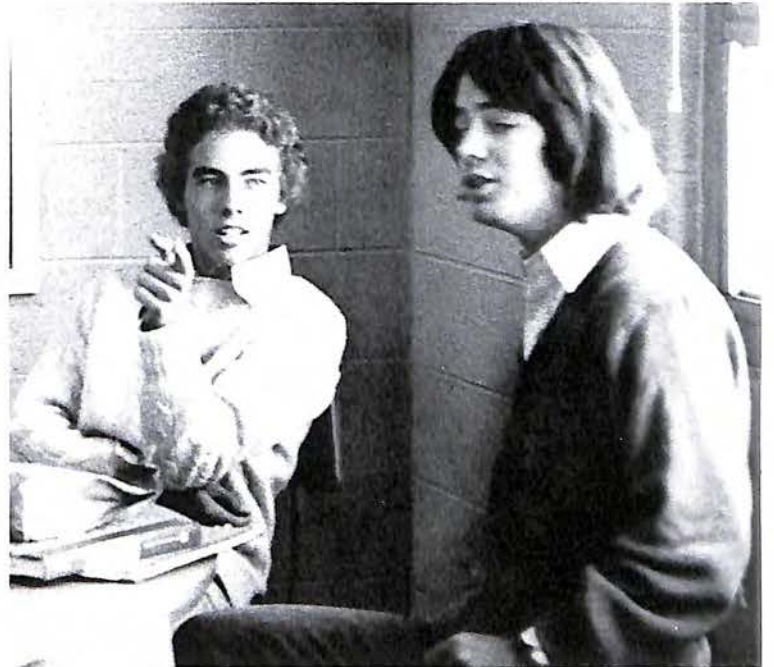

And I know I can't come back,
So give me something to remember.
A pocket full of memories could
last me forever. . . .

Memories of more than four walls.
Maybe just a few friends,
A smile now and then,
Something I can remember

We, the Seniors, have shown an enormous amount of Spirit this year. What was partially hidden in our sophomore and junior years has exploded from within us into a huge amount of patriotic loyalty to our class and school. Although this enthusiasm hasn't hit all of the senior population, the charisma of the most spirited seniors has led the way for an all around colossal class which can not be surpassed.

FOOTBALL KICKS OFF A GOOD YEAR

"Football is a game in which millions of Americans take part. It is a game of action where the only success the individual has is to be part of the successful whole. It is a game that gives 100 percent determination when you win, and 100 percent resolution when you lose. Like the game of life, it teaches that work and perseverance and competitive drive and respect for authority is the price all must pay to achieve any goal that is worthwhile."
