## IN LOVING MEMORY

Fran Hyre was surely one of the most courageous young people any of us could have known. In spite of her illness, she was one of the most dedicated and talented athletes in whatever sport she was competing.

It came as a tremendous shock to all who knew her when it was learned of her illness. She lived with it like it was not there, keeping up with her school work as well as sports. She excelled in the classroom as well as in golf and basketball. Everyone who knew her will miss the ready smile and the friendly words she had for all of us.
