"But there must be tens of thousands of starfish on this beach. I'm afraid you won't really be able to make much of a difference."

The boy bent down, picked up yet another starfish and threw it as far as he could into the ocean. Then he turned, smiled and said, "It made a difference to that one!"

Andrew Boothe

I send you rainbows, butterflies, and other signs from Heaven throughout the year. Now I'm sending you this "Special Message"...

I've always loved you, you know that But maybe now I love you more I love the teens that you've become Just as I loved the babies before.

I know how much you miss me Well, I surely miss you, too. I miss our talking and our laughing And all we used to do.

What you need to understand, Though death has taken me away Is that I've not left you my babies I am still with you today.

My family, I could never leave you God, of course, would not want that Physically, we are apart But our hearts are still attached.

I love you all the time You cannot get away from me That's the way a mother is Right until eternity.

Everyday I'm with you I see you from above And I want for you to know How very much you're dearly loved.

You are both amazing, strong, brave, special, unique, and kind. Behind you, memories from middle school. Before you, all your dreams. Around you, all who love you. Within you, all you need. Remember this...I made it through PH and so can you!

This is just a sweet ending to a new beginning! Take pride in how far you have come and have faith in how far you can go! You are an amazing, special, unique, and kind young man. Be bold enough to use your voice, brave enough to listen to your heart, and strong enough to live the life you've always imagined. You have brains in your head, you have feet in your shoes, you can steer yourself in any direction you choose!
