Dedication

On behalf of the James Madison Faculty and student body, we, the 1986-87 yearbook staff would like to recognize a truly dedicated Matador.

In deciding upon a recipient of this honor, we looked for someone who generously gives of her time and energies and found such a person whose work hours never end even with the late bell at 2:15.

Her teaching is not limited to geography as she takes her students far beyond the classroom with wonderful facts and stories that enable them to have numerous new experiences.

Full of charisma, our 1986-87 Matador, teacher, and friend . . .
