## DEDICATION

The staff of the 1989-1990 *Matador* recognizes the importance of this particular dedication. This year Madison has become a middle school and this will be the first yearbook dedication as James Madison Middle School.

When we first observed our devoted *Matador* teacher, she was full of hope and promise for our school. She goes beyond the standards of teaching by reaching the students' minds and filling them with glorious stories and facts that enrich their knowledge. She brings joy and warmth, and her smile is unforgettable.

We are overjoyed to dedicate the 1989-1990 *Matador* to you . . .

Miss Ann Charlton

# Hello, Middle School!

---

A bunch of sixth and seventh graders are very interested in welcoming you to our new middle school.

No matter how you look at it, you are always welcome at Madison.

**Danielle Morrison**

**Q.** Do you feel any stress from "The Big Change"?

**A.** No! Because there are cuter guys now, and because all my friends are here.

**Jason Carrol**

**Q.** Do you like being away from the 7th and 8th graders? Why?

**A.** Sometimes yes because they can't pick on us, and sometimes no because we can't see our friends.

**Tony Joyce**

**Q.** Do you like having team teachers and TAG?

**A.** Yes, because you get to socialize with your friends.

**Carrie Moore**

**Q.** What is the difference between elementary and middle school?

**A.** The main differences are that we go an hour earlier and get out an hour earlier, we go to lunch earlier, and we have PE every day.

**Beth Repique**

**Q.** Do you like having after school sports and activities?

**A.** Yes, because it is fun. I like it.

**Steven Lewis**

**Q.** What name do you like better: Madison Middle School or Madison Junior High School?

**A.** Madison Junior High because this name sounds more professional.

**Clint Bundy**

**Q.** Do you think that changing to middle school was a good idea?

**A.** Yes, it was much easier switching. Also because we are no longer the youngest.

**Erin Hunter**

**Q.** What do you like best about your teachers?

**A.** They are all patient and understanding even though the kids can be a pain; also, they explain well and make learning fun.

**Dexter England**

**A.** Do you like middle school better than elementary school?

**A.** Yes, we have more choices. I like changing to more classes than one.

**Megan Bright**

**Q.** Do you like not being on the same floor as the other sixth graders?

**A.** No, because I enjoy the little time we have together in gym, and I wish we had more time together.

**James Price**

**Q.** Is Madison what you expected middle school to be like?

**A.** It is nice.

**Nathan Mullens**

**Q.** Do you like being away from 7th and 8th graders?

**A.** No, because you can't see any action.

Tony Joyce knows where to look for information.

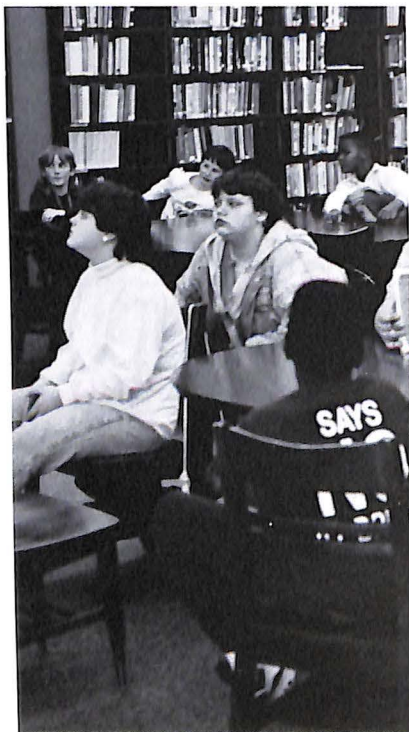

Not another picture please.

"Is that all there is?"

Sixth grade students are very interested in the *World Almanac* lesson.

"Could you tell me the answer, please?"

We were hoping for a white Christmas!
