Mr. Carson, Stephanie Hogan, Dr. Rita Bishop, and Mr. Mascot take time for a photo.

The Health and PE team welcome a challenge.

Electives make it happen!

From the library to Art we all strive for the BEST!

The biggest highlight for our 7th graders this year was our "Bring a Veteran to School Day" to celebrate Veteran's Day. The students brought a veteran to the celebration that day. The students' families were also invited to help in the celebrating. The event included live music performed by Jackson students, as well as, community members. The highlight of the celebration was a personal message from a veteran of the Iraqi Freedom War. At the end of the celebration, guests and students were able to gain some insight from each other with time allowed for discussions. We hope to make this an annual event at Jackson Middle School.

Go Mighty Chargers.... from the entire 7th grade team!

we strive to

"The sixth grade has had an amazing 2008-09 school year, with the cooperation of their outstanding students and dedicated teachers. The students worked diligently throughout the year to improve their academic achievement, while learning exactly what it means to become a "Mighty Charger". The teachers of the sixth grade always enjoy the challenge of molding the "new" middle school students into the future leaders and role-models of the Jackson School community. Encouraging sixth graders to participate in athletic programs, join clubs, and attend after-school functions, creates a positive school atmosphere and a sense of school pride that lasts throughout the students' years at Jackson Middle School."
