BALLAD OF ANDREW LEWIS

Our school ballad we begin,
To you this song we bring,
Our life at Andrew Lewis
We proudly now will sing.

Of classes, clubs, and sports, too,
Our teachers are a part.
Our dances and assemblies,
We'll cherish in our hearts.

Exams we shall never
Be able to forget.
Our Friday morn devotions
We relinquish with regret.

At pep assemblies 'fore the game,
The cheerleaders lead yells,
The band plays the songs we love,
As the Lewis spirit swells.

Our life at Andrew Lewis
We'll cherish through the years,
When time comes to leave these halls,
We'll depart with smiles and tears.

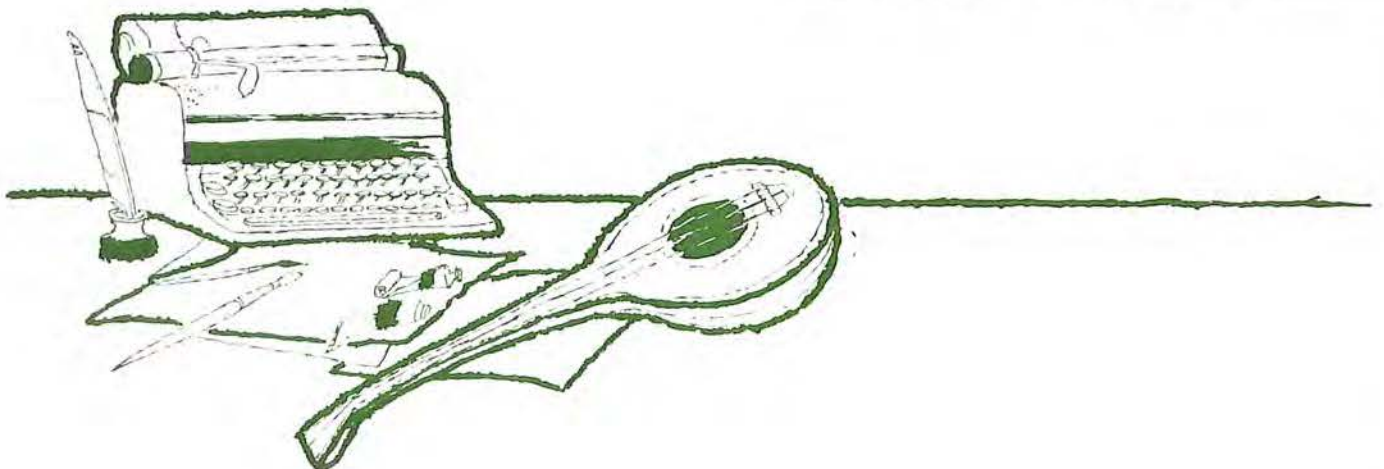

Oh, Andrew Lewis, school adored,
Our song begins this way.
Your tune we carry with us,
As we journey through each day.

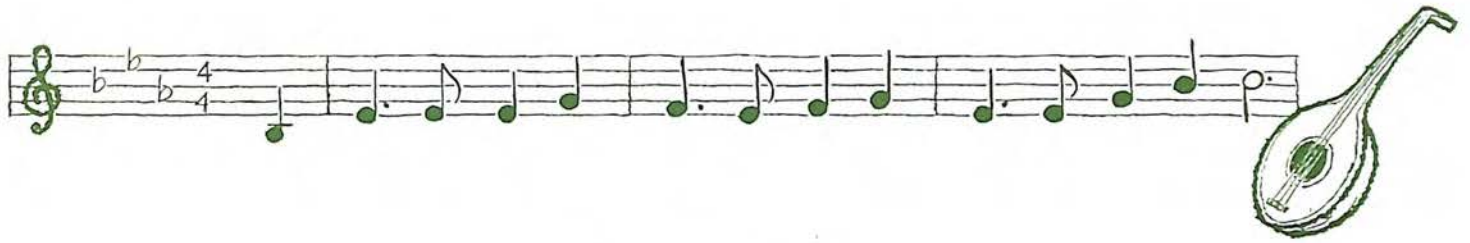

In '32 this song began,
These halls built, young lives to mold.
From Andrew Lewis our name we took,
A man of leadership, strong and bold.

He fought for life and liberty,
With his mighty strength and powerful build.
His name echoes o'er the land he loved,
Our hearts with admiration for him are filled.

He fought the last Indian; a great soldier
As a general led the fight for the free,
Although born in Ireland in seventeen four,
A true Virginian, we do all agree.

He died of illness in seventeen eighty-one,
A monument at East Hill Cemetery now marks
his grave,
He looks o'er the town and valley he loved,
A patriotic Virginian, stronghearted, and brave.

MRS. ETHEL SHOCKEY

In '28 to Salem High
On old Broad Street you came,
To love, to teach, to guide, inspire,
To bring honor and fame.

When the cornerstone for A. L. was laid,
A fierce, cold blizzard raged;
But you calmly raised your baton high
And brave voices rose in praise.

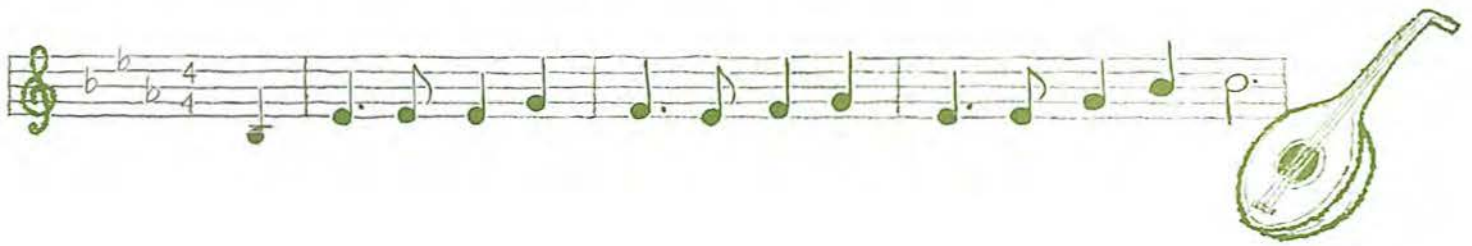

A teacher, skilled in many fields,
Though Math you love the best,
For thirty years, you've given us
Your love and interest.

Guidance director you have been;
You coached the debating team,
The team which won State Championship,
Which is every debater's dream.

We thank you for your loving heart,
Your humor and your smile,
Your patience, competence, and skill
Which have made our work worth while.

So now, Mrs. Ethel Shockey,
In this your final year,
We proudly dedicate to you,
The '58 PIONEER.

DEDICATION

BALLAD OF ANDREW LEWIS

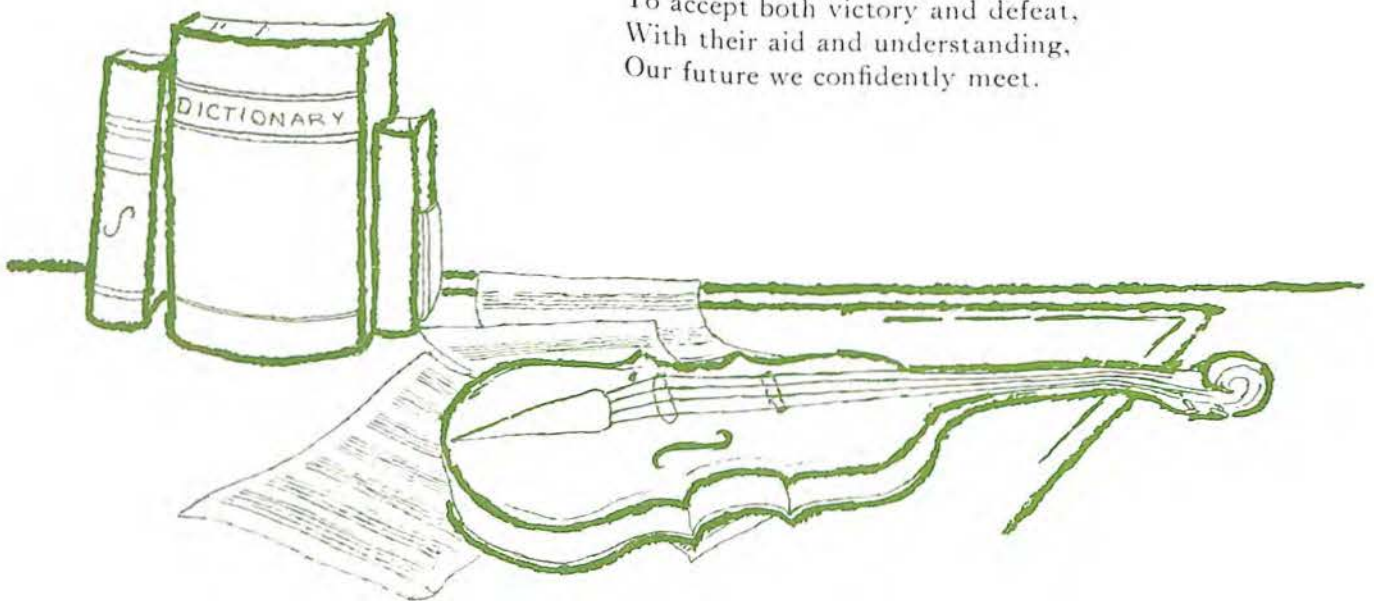

Our administration at A. L.
Is the backbone of our school.
They guide, teach, and help us all
With their discipline and rule.

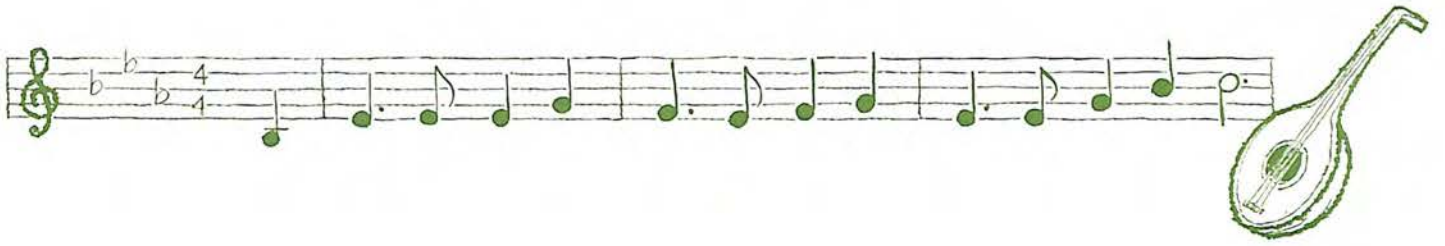

The teachers sponsor all our clubs,
And encourage in all we do,
Their working hours are long and hard
But they say, "It's all for you."

Our principal is among the best;
He and his hard-working office force,
All, help our school run smoothly,
And keep us on our course.

Our administration helps us all
To accept both victory and defeat,
With their aid and understanding,
Our future we confidently meet.

*lots always to
Luck of a nice girl

CAFETERIA

This is two years in a row for us, but it has been nice. Be good next year. F. Hurt

Miss Frances Hurt, faculty supervisor, and Mrs. Hale, manager, are checking money taken in during the lunch periods. Miss Frances Hurt received a scholarship from the National Science Foundation for the academic year beginning September 1958 at the University of Virginia.

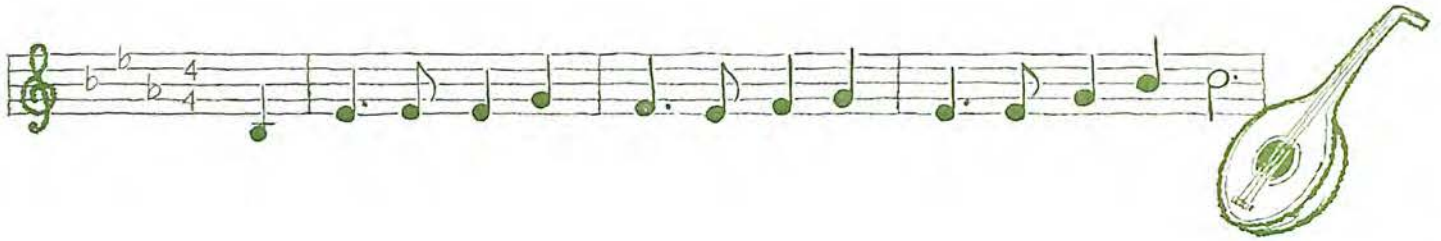

Mrs. Ferguson and Mrs. Richardson are making some of those famous biscuits.

Mrs. Francisco and Mrs. Edwards prepare plate lunches for the hungry students.

Our faithful cooks, Ruth Kyle and Mary Bratton, are "cooking" something tempting.

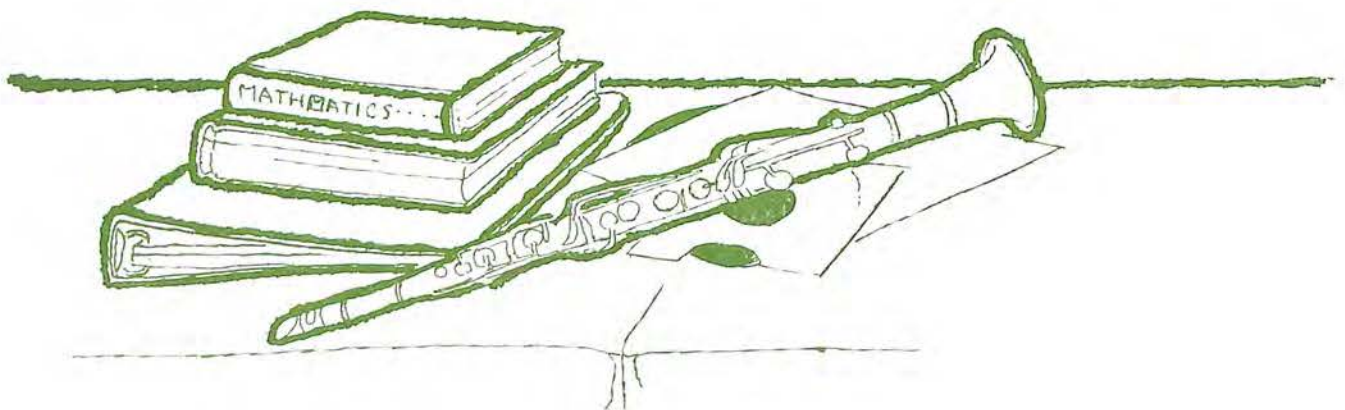

BALLAD OF ANDREW LEWIS

Classes all, from eight through twelve,
Make up these hallowed halls.
The youngest to the oldest love
Their life within these walls.

The rush and bustle meet us all
When we come in each day,
And travel with us all the while
As we go on our way.

The lockers slammed, the voices raised,
The cheerful atmosphere,
Being with friends from day to day,
These memories, we'll hold dear.

The spirit of the classes grows
Through our years at "Andy Lou."
We cheer our classmates, one and all,
In everything they do.

Dear Ruth,

I have enjoyed being in your Algebra class. You are a smart, cute, and sweet gal. Stay as you are. Love you! Sheila Anne Cates

Good luck to a real sweet, cute girl.

CLASSES

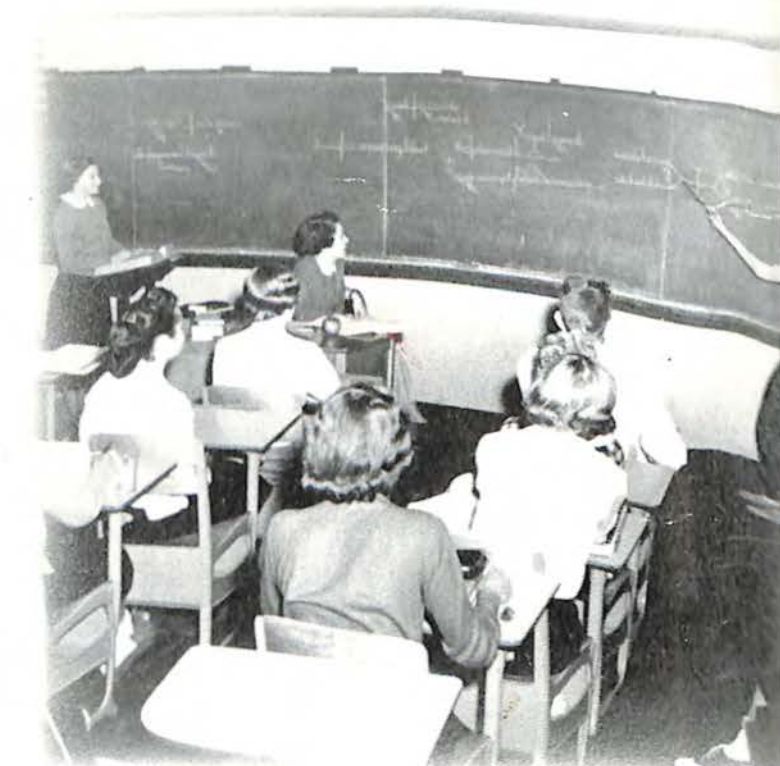

The library offers quietude for study and reference.

Phyllis Lancaster and Nancy Keys use the dictionary for vocabulary improvement; the rest of Mrs. Fisher's senior English class work on their themes.

"Omnis Gallia in tres partes divisa est" is part of a reading lesson that Miss Cook helps her first year Latin class translate.

Vonnie Meyers consults the dictionary to help J. C. Poindexter explain his diagrammed sentence in Mrs. Bowman's Freshman English class.

Doug Marshal gives a short talk before Miss Thomason's Public Speaking Class.

The history of the world unfolds in Mrs. Hackman's history class.

The Drama Class, under the direction of Miss Ann Thomason, is working on props for a play.

Mr. St. Clair's senior civics class is listening to the news over the Public Address System.

Mr. P. J. Thomas, co-ordinator of the annex, is discussing a civics problem with a committee of boys.

Choosing a pattern, cutting out garments economically, and sewing are the activities in which these girls are participating in Mrs. Blake's home economics class.

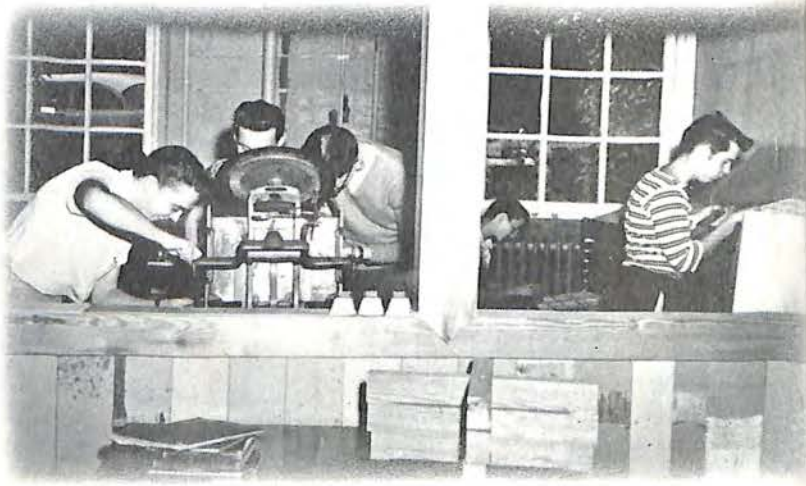

Joyce Thomas, demonstrating the correct way to serve, is the center of interest in Mrs. Parker's home economics class.

Mr. Peters supervises a study period for the boys who plan to make agriculture a career.

The maintenance crew with the help of the instructor, Mr. Thomas, is repairing broken desks and tables.

Jerry Smith, Clyde Trembly, Robert Staton, Glynwood Spangler, and Curtis Anderson are setting type and preparing the press for a printing job.

Gordon Morris explains his geometric figure to Mrs. Gillespie's solid geometry class.

The typing class works on an assignment; Mrs. Meador is giving individual help to Dale Shealy.

Mr. Thomas helps Eddie Eades with his design in mechanical drawing class.

Roger Kropff, Butch Zion, Jackie Burris and Jack Jones are working on a gun rack and a table with the help of Mr. Swink, instructor.

Mrs. Weeks' science class is learning something about the process of distillation in purifying their water supply.

A biology class studies our invisible neighbors through microscopes as Miss Hurt helps identify one of the specimens.

Mrs. Coulter's physics class is experimenting to find out the specific gravity of solids and certain liquids.

Mrs. Jennings' eighth grade science class are studying the mysteries of rain, wind and clouds.

The ballad of the '58 Class
Has been a joyous one.
This year we shall finish many tunes
That in eighth grade were begun.

We await the day when Seniors reign;
It comes but once a year;
We shall remember the happy times
We had with friends so dear.

Also in spring the Senior Play
To us enjoyment brings,
Dramatic, comic, whatever it be
For it, our praise rings.

As our Senior Ballad ends,
And we leave our high school days,
We thank A. L. for all the joys
And to her, we give our praise.

We, the Juniors of '58,
Our graduation near,
With dreams and hopes of happy times,
Look forward to next year.

This year we have done many things,
Our Christmas Dance we planned,
The Junior-Senior Prom we gave;
The times then were so grand.

At Homecoming, we worked hard;
Our float was in the parade;
We sold the programs at the game,
And we cheered the boys who played.

These things are but a few we've done;
We are proud of each, we agree;
Next year will still be better,
When Seniors we shall be.

We have now reached the halfway mark,
As our A. L. life goes on;
Our Eighth Grade and Freshman years
Are behind, yet live in our song.

We have, indeed, so much to learn;
As Sophomores, we are still young;
But each year we are maturing
As into high school life we have swung.

*Best of luck to
a darling girl. I
have really enjoyed
being in History class.
All always remember the
laughs. Best of luck and
happiness.*

The Seniors and the Juniors, too, "Love ya"
Are admired by each of us. Peggy
Seniors have reached their goal in school
With them, our future we discuss. M. M. G.

The leaders in our grade are good;
They are performing many tasks;
So, we the Sophomores of '58,
Are proud of our own class.

The bells ring and jangle
To begin our Freshman year.
Our first days are full of awe
And also fun and cheer.

The weeks go by and we progress
In confidence and knowledge.
In every class from day to day,
We prepare ourselves for college.

An active part in school we take
Giving it our best.
In the ballad of our Freshman Class,
We begin our high school quest.

In closing our Freshman year,
We look back on these happy times
And we anticipate the future
As we continue our upward climb.

LUCKY WRONIEWICZ
Treasurer

Now that our first year at A. L.
Is gone, with memories dear,
We eighth graders add our verse
To the ballad of this year.

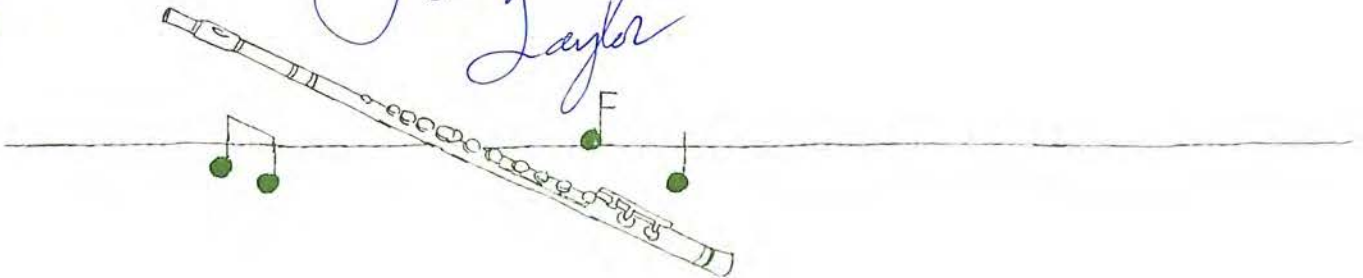

We eagerly await the time
When Seniors we shall be,
But 'til the day when we succeed,
We still view that goal hopefully.

Best of luck in the future
to a real nice girl. This
year is about gone but
I am looking forward to
seeing you next year
Love Carol

We are learning now to take our place
As through high school we go,
We realized the part we play,
When we had our own talent show.

The leaders in our class are young,
But we prepare for future time.
Now that our eighth grade year is o'er
This completes our part in rhyme.

Lots of luck to a real
swell gal! Hope to see
you in the years to come!

BALLAD OF ANDREW LEWIS

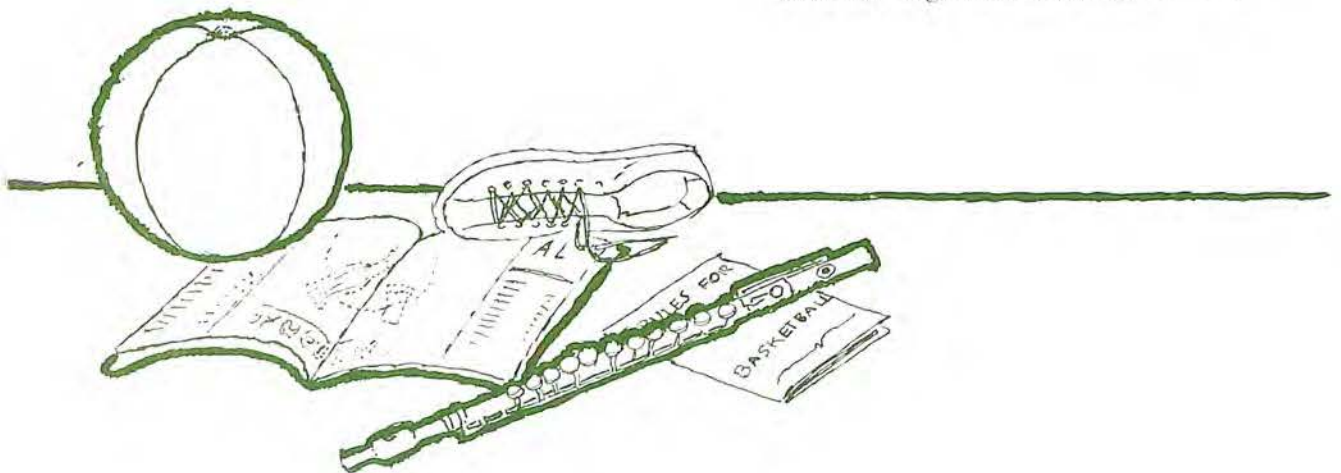

Another part of our A. L. ballad
Is the athletic program of our school,
Through gym classes and with all the
teams,
School spirit and sportsmanship rule.

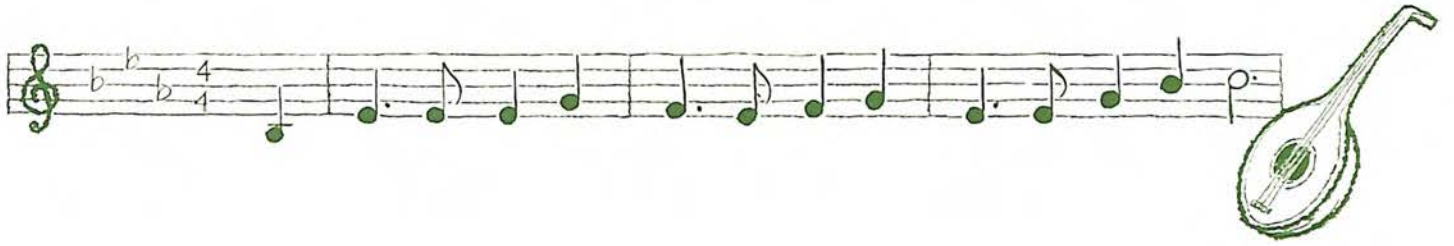

The year in sports is first begun
On a song-filled Friday night.
We yell and cheer as our winning team
Begins their victory fight.

The music of basketball is heard
As the ball sails like a missile,
As the feet run up and down the court,
And as the referee blows his whistle.

The crunch of cinders and the smell of
dust,
The fire of the official's gun,
The pole vault, discus, mile relay
Are the track-tune, next begun.

With the baseball, golf and tennis teams
The song of sports ends its ring.
The sporting tunes throughout the year
Give our high school life more zing.

ATHLETICS

Good luck in the future.
 It has been nice knowing you
 this year. See you next year.

BALLAD OF ANDREW LEWIS

From the first assembly to Senior Day
Our ballad we compose.
The dances, hops—dramatics, too,
In poetry and prose.

In fall, our school spirit is revived
When our team comes on the field.
The band, the cheers, the roaring crowd
Are music in our hearts now sealed.

When alumni return for one longing look
And Seniors think of the years ahead,
We know it is Homecoming Day
With glad times and joy widespread.

The Christmas spirit is felt by us
When we give and do not receive.
We show this through the Christmas baskets
And we hope this spirit won't leave.

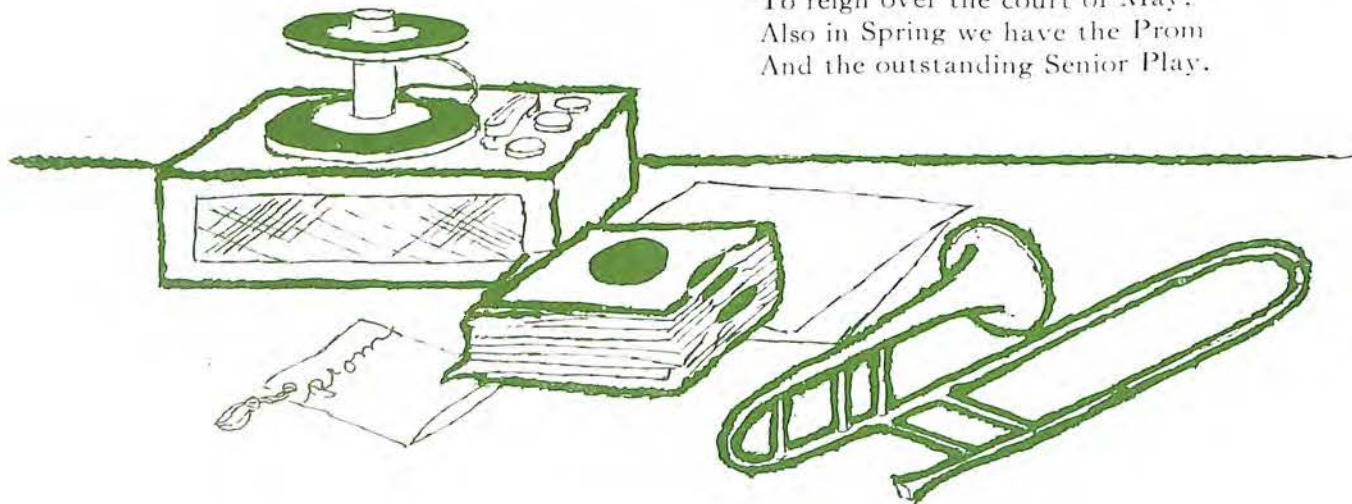

*Lots of love
is a real sweet
and cute girl I know
really enjoyed knowing
you the best of every
to you in the future*

Dancing, drama, singing, cheers,
Excitement at its peak.
On Friday, we look forward to
The assemblies that end our week.

Music is brought in various ways
By the choir when they their concerts bring,
Or by the band marching on the field;
Both make our hearts to sing.

The pageantry and love of long ago
Is brought within our view
At the annual Easter Pageant
When our faith we renew.

The beauties of Andrew Lewis we chose
To reign over the court of May.
Also in Spring we have the Prom
And the outstanding Senior Play.

Ruth,
 You are one of
 the cutest and nicest
 girls I know. I've enjoyed
 being with you this year and
 I hope we can be together
 again next year.
 Love,
 Sean

Ruth,
 I've enjoyed being in your
 "gym" class this year.
 Lots of luck and best wishes
 to do very well.
 Love,
 Sean

BALLAD OF ANDREW LEWIS

Our high school ballad is carried on
In ways we shall remember,
And standing out with all the rest
Are the clubs that make life pleasanter.

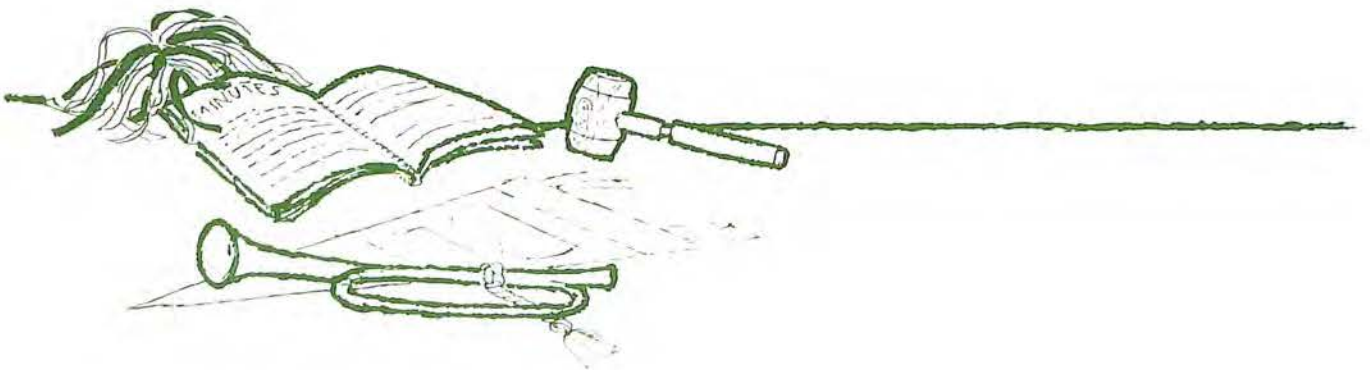

Every Wednesday morning
And often after school,
We hurry to our meetings
In room and vestibule.

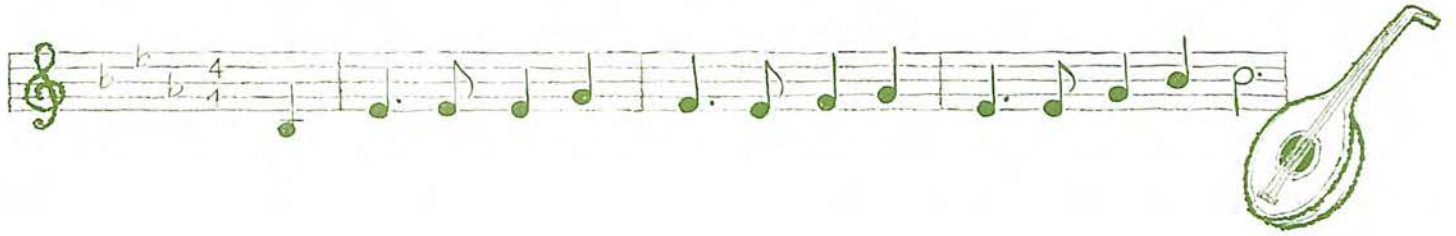

Each organization gives to us
Some gifts beyond price,
Leadership, responsibility,
And much helpful advice.

Our many clubs represent
The languages and arts,
The future leaders of our day
Are given early starts.

Represented, too, in clubs
Science, teaching, religion
Shop, athletics, homemaking,
These are just a few to mention.

For fun and frolic we attend
Picnics, dances, hops,
Assemblies, and conventions
For our clubs which we think are "tops."

Ruth
It has been fun
knowing you these
past year, and in high
school and in grade
To with you I want in
every thing you do.

Love ya!

BALLAD OF ANDREW LEWIS

The advertisers make the book
By their ads both large and small.
They welcome patronage from us,
And serve us one and all.

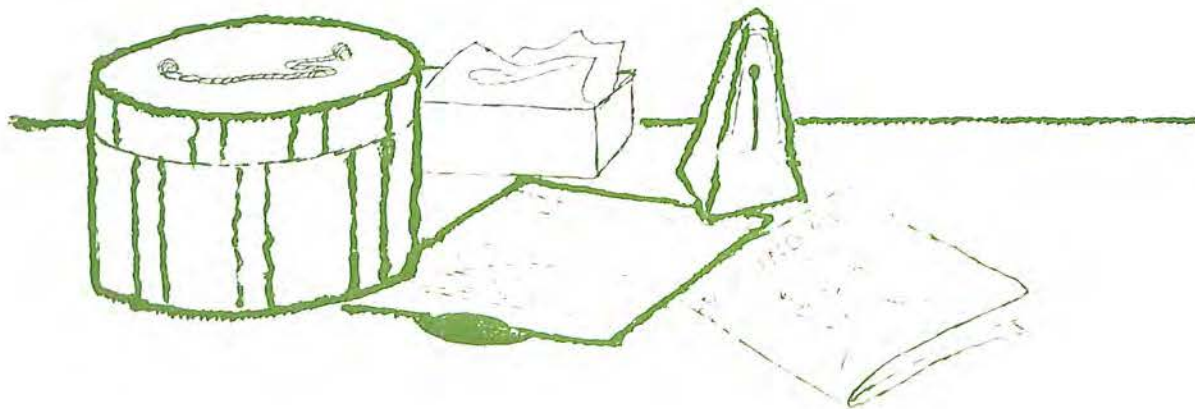

The new, the old, they give us ads
To help our yearbook grow.
To them a debt of gratitude
We evermore shall owe.

Dear Ruth,
It sure has
been fun knowing
you the past two years.
I hope to have some classes
with you next year
and then maybe I can get
good grades if set next to
you. See you around.
Love
Betty

Ruth
Lots of luck
to a nice and
cute girl
Tommy Wright

Our Ballad would not be complete
Without this warm salute.
For all our many business friends,
Our respect is absolute.

This section of THE PIONEER
Is a most important one.
"Our Advertisers are 'tops' with us,"
Sings the staff in unison.

Dear Ruth,

I've really enjoyed being in algebra class with you this past year. I never forget some of the things we had, but, boy!

Anywhere...

anytime...

I feel you are a senior that ever gets a first year algebra class with you because they'll be teased about it. I'm really sorry that it's all over and I'll be moving on. They wished many times that time would come and I'll never forget your and her crazy remarks.

hiding her books, etc. and then of course, I would blame them. And by all means, don't forget the lady in our class. Makes me feel as though I'll not be a business case, cause it was long ago that I was put in. Before I close, I'll have to remind you also not to forget the brilliant gina Ferguson, and Wayne's socks that used to create so much attention. Best of luck and happiness to you. I sure hope I see you again this summer.

A tip for
 a miss
 who's

 special

If you are an alert young woman, you'll find an "extra special" job at the telephone company.

You'll meet lots of young people your own age... work in pleasant surroundings... receive good pay while you're being trained... get regular raises. And you don't need any experience!

Best of all, you'll be helping almost everyone in your community. Why not find out more about the advantages of telephone work?

School Editors Demand Confidence

Editors of high school and college yearbooks insist upon doing business with a printer in whose integrity they can have confidence.

From the very beginning, in 1883, Stone Printing has been a quality leader in the specialized field of yearbook production. We are proud of the confidence demonstrated by the acceptance which "Yearbooks by Stone" have received among our many customers over a span of more than three-quarters of a century.

There are countless reasons why so many schools have complete confidence in Stone. You, too, can take advantage of our complete service to high school and college staffs. From the first layout to the completed job, printed by either offset or letterpress, your book will be produced to meet your most exacting requirements and your budget.

One of our representatives will be happy to meet with your staff and discuss your next yearbook. Please call on us.

OPPORTUNITIES UNLIMITED...

Today, more than ever before, there are great opportunities for engineers, scientists and researchers in industry. Indicative of these great opportunities for young people is the rapidly growing electric utility industry.

If you are a graduating senior, you will want to consider the opportunities in the electric utility industry. If you are an undergraduate, we suggest that you examine your course of studies to make sure it includes math, physics, chemistry and other scientific studies so that you'll be qualified to take advantage of the opportunities industry has to offer. To learn more about these opportunities, contact the personnel supervisor at Appalachian's nearest office. He will be glad to help you.

When you think about it, the family photographer falls somewhere in the family doctor-lawyer classification. The photographer, like the doctor and lawyer, is called upon when major events in your life occur.

With a fine studio portrait you can relive in later years the happiness of the engagement, the wedding, the arrival of children. A photograph is part of forever, and our studio takes this responsibility seriously.
