FORWARD

From beginning to end, we outline our school year.

Opened before you, the pages reveal hidden memories which might otherwise be forgotten.

Relived in silhouettes are the pleasant hours of '58-'59.

Work and pleasure are combined to paint a picture complete in outline.

Activities, experiences, and schoolwork are all summarized.

Recaptured in these pages is the spirit of each moment.

Designed with you, our school, in mind, we present the Pioneer of 1959.

DEDICATION

Because you . . .

Deserve a memorable token of our appreciation,
Encourage each of us when our problems become difficult,
Display warm friendliness and understanding at all times,
Inspire us to seek higher goals and to plan for the future with wisdom,
Counsel with us in your busiest moments in order that our problems might become
lighter,
Appreciate and praise the honors the students bring to our school,
Tie together the student body, faculty, and administration into one happy family,
Endeavor to put us first and to make our days at Andrew Lewis ones that will never
be forgotten . . .

We, the staff of 1958—59, devotedly dedicate our PIONEER to you, our principal,

Mr. DeWITT T. MILLER

"What's cooking?" Looks like Ruth Kyle might know the answer to that!

MEMORIES IN OUTLINE

II CLASSES

Cheerful seniors are joyous as they near the end of their journey, but realize there is still much to be learned.

Laughing juniors are happy in their life at Andrew Lewis.

Active sophomores are well into the swing of school life.

Sprightly freshmen are acquiring a greater sense of importance as they begin their journey upward.

Shy eighth graders are finding it fun to be a part of Andrew Lewis.

Enjoyment of being with friends from day to day will be a cherished memory through the years.

Seniors, juniors, sophomores, freshmen, and eighth graders are brought closer together by working in the classrooms.

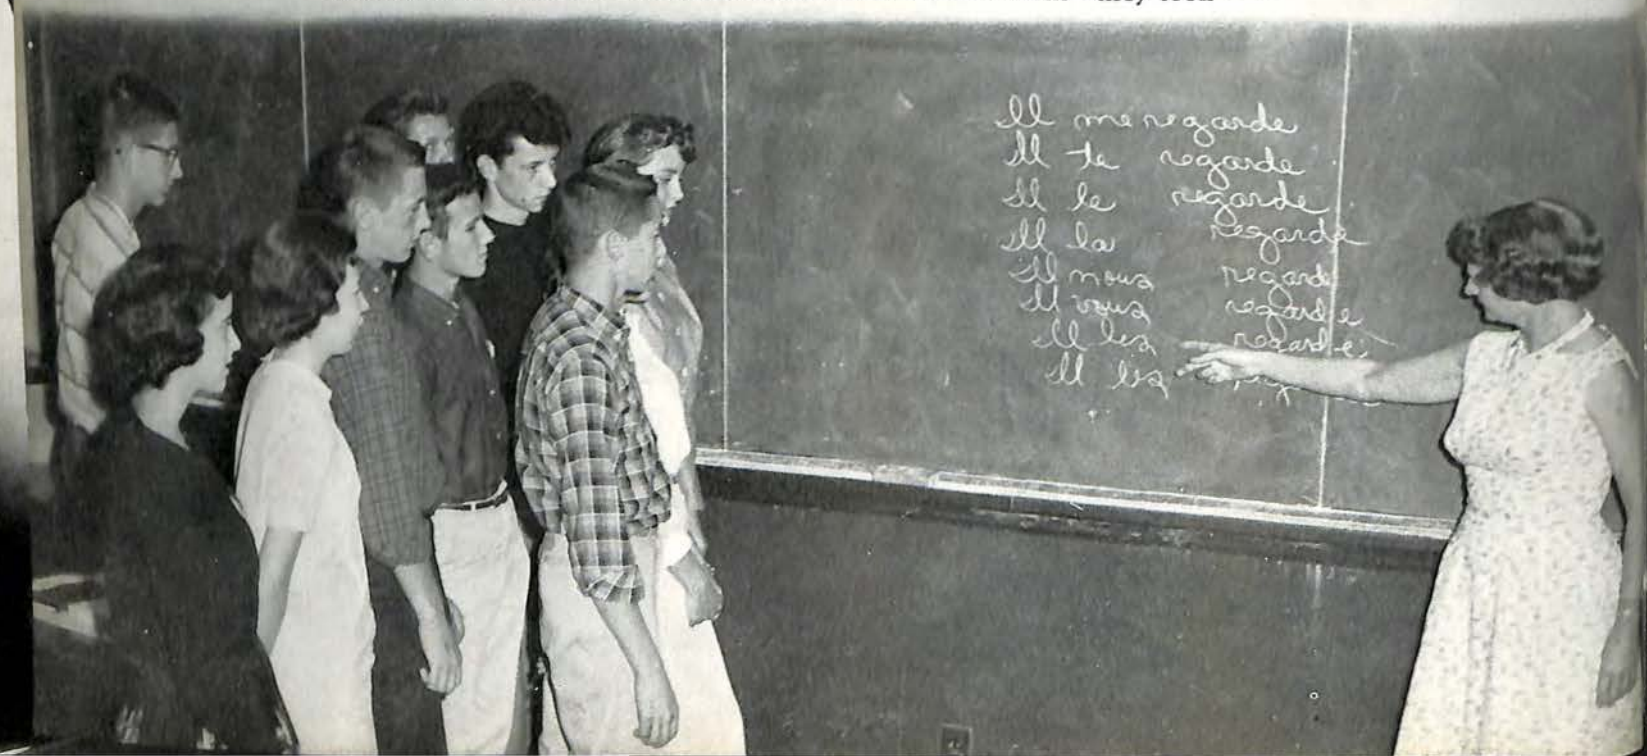

Home Economics students enjoy their class in "fancy table setting."

Mrs. Rash's second year French class looks on as she teaches them "they look —"

O those themes! Researching for the facts — Carol Jean Hurt and Alfred Barr use the dictionary, while Connie Yates finds help from one of Mrs. Fisher's books. Signe Young is helping Jimmy Holtman on the footnotes!

Il me regarde
Il te regarde
Il le regarde
Il la regarde
Il nous regarde
Il vous regarde
Il les regarde
Il les regarde

Miss Webb's sixth period chemistry class gingerly heats test tubes containing chemicals which they hope won't explode.

Gosh! These questions on the A.C.E. test really make us Sophomores think.

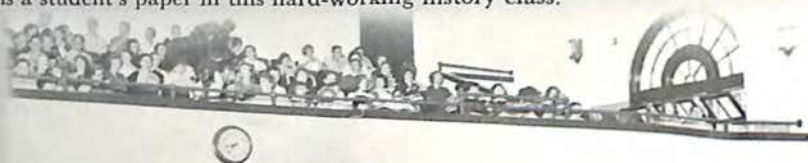

Miss Thomason's public speaking class grins in approval as Anne Garvin presents her humorous speech.

Miss Grider returns a student's paper in this hard-working history class.

A large portion of the student body listens attentively during Friday morning devotions.

Wonder what teacher has assigned research this time? The library is really a great help at these times, isn't it?

One of the interesting features of a biology class is peering into the world of little creatures.

Parents are very interested as they learn what their children do during the day at school. "Is my daughter very attentive in your English Class, Mrs. Banner?"

Mr. Patterson's biology class observes aquatic life in the aquarium to broaden its knowledge of the animal kingdom.

Marty Sherrard regales Mr. St. Clair's civics class with her weekly current events report.

Ronnie Conner has a session with Mrs. Gillespie, Senior academic advisor.

Mrs. Waters' second period geometry class concentrates on the problem in the book while Judy Griffith and Sharon Eller prove it at the board.

Miss Thomason's diligent drama class is making replicas of heraldic shields for one of its many productions.

Lewis fans look on as possible touchdown pass is blocked late in 4th period of Jefferson-A.L. game.

Trying to appear studious, Miss Cook's Virgil class struggles through the first chapter of the Aeneid.

Surroundings have become dear to us.

On our third floor we assemble.

Prestige has been gained as sophomores.

Halfway mark has finally been reached; though

Only at the beginning of life's work.

More privileges are ours as we journey upward.

Old friendships are treasured as new ones are formed.

Routine of classes has become more familiar.

Excitement grows as we near our goal.

Smiling we push ever onward.

Hard work awaits us, for we are now in high school.

Temptations to play and waste time in class.

III ATHLETICS

Active participation in athletic program creates better sportsmanship.

Tolerant feeling toward each participant we gain through athletics.

Helpful encouragement and wanted praise come from our coaches.

Loyal living up to athletic standards we find as important as winning the game.

Eager giving of each individual's best makes for a good record.

Tactful display of sportsmanship we show on field, in school, in community.

Interested support given by fans, backing us all the way.

Conscientious effort learned in sports remains throughout life.

Staunch endeavor to meet expectations of those who support us.

Ruth,
you are a real
nice, and sweet
girl. I wish you
all the luck in the
world.
Been nice been

GIRLS' PHYSICAL EDUCATION

Miss Torrance seems baffled as to which rule should be applied to this mix up in the girls' gym class.

What event on the basketball court drew the applause and cheers of this gym class?

The students participating in this vigorous game of volleyball wait anxiously to see if the ball goes over the net.

Miss Carol Torrance, one of our "gym" instructors, seems to be enjoying herself as much as the students in one of her health classes.

This gym class is having a grand time as the girls circle left to "Red River Valley."

Miss Torrance gives instructions to her gym class before it begins a new dance.

BOYS' PHYSICAL EDUCATION

Coach Barnett instructs his first period physical education class in calisthenics.

This eighth grade boy is shooting a basketball in the Physical Education program for developing a well-rounded youth.

Mr. Ellis, a student gym teacher, seems to have found something amusing in the health book as he teaches a class of boys.

Gaining strength through chin-ups is one phase of the Physical Education Program.

Learning agility in Physical Education, a boy practices on the rope in the gym.

"Shirts" vs. "Skins" in a football game during Mr. Bussard's first period physical education class.

DRIVER EDUCATION

"What are all those things for?" This is the question that puzzles the driver education students.

Gaye Hurt watches cautiously while she is taking her reaction test in Driving Class.

Mr. Copenhaver shows driving student, Mat Merker, how to operate "push-button" driving.

The driving class's showcase is an added attraction this year in the Andrew Lewis hall. This one states good advice to all — "When in doubt, yield."

Both, I want to wish the Best of Luck to one of the cutest, sweetest, and neatest and coolest and gingest (meaning you will not) girls around. May God's blessings be with you forever in whatever you do.

Alwood Williams and Wayne Talieferro struggle hard to beat Stokes of Woodberry Forest.

STATE CHAMPIONS 1959

The students shout enthusiastically in the "Good Luck" pep assembly before the Indoor Track team left for the Indoor State Track Meet.

Pai Powers sets a new school record in the pole vault as he wins the State Meet with a jump of 12'11".

No words can express the jubilation reflected in this picture, as the director of the State Meet presents the trophy to Wayne Taliferro, Captain of the Track Team. This is the second year A. L. has won the State Indoor Track Championship!

Neil Churchill wins the Shot Put in the State Meet with a throw of 52'2".

Everyone happily shouts as the trophy is held aloft by Capt. Wayne Taliaferro at the State Indoor Track Meet.

IV ACTIVITIES

Anxious to do all we can for our school, we work together.

Co-operating with each other, we are achieving our goals.

Taking time on the things we do helps us in efficiently presenting our projects.

Interest we show by helping others at special seasons.

Various things we present — such as hops, dances, and assemblies.

Invaluable are our clubs, for through them we learn to work together.

Tasks we undertake because we realize what will be expected of us.

In learning the value of friendships we prosper in many ways.

Encouragement we are given by our loyal faculty and friends.

Sharing our activities, we learn to co-operate

MEMORIES IN OUTLINE

V FEATURES

Formals and hops give us “memories of music” to seal in our hearts.

Everyone is proud of achievements of students in athletic, literary, and scholastic fields.

Assemblies in great variety, which we look forward to, end our week.

These features add sparkle, variety, and interest to our leisure time and social events.

Uniting our efforts to fill Christmas baskets, the Christmas spirit is felt.

Remembering each who meant so much, we place a memorial in the year’s silhouette.

Each year, Andrew Lewis beauties we choose to reign over courts of pageantry.

Summaries of Andrew Lewis years are outlined for seniors in their directory.

ASSEMBLIES

We all wait in silent anticipation for the beginning of the Pep Assembly at Municipal Field.

Elton Birch, captain of the football team, presents the football used in the Jefferson game (13—13 was the score) to Bob Hunt, Student Body President.

A number of students gather in the hall before going to devotions on Friday morning.

George Lewis looks startled as he completes one of his experiments in a Science Assembly.

The recitation, "Mary had a little lamb," was magically changed by Bob Brown at his science assembly. Jerry Johnston smiles amused at Betty McDonald's antics.

CHRISTMAS ACTIVITIES

The Christmas spirit is brought to the student body by the songs of the A Cappella Choir and the giving of Christmas baskets.

In the annual Christmas assembly, Charlie Turner of the Salem Recreation Center accepts the baskets for needy families from Mr. Miller.

These Sr. Y-Teens are spreading the Christmas Spirit to others as they sing well-known carols in the halls.

Each Sports Club girl will always remember the happiness in the welfare children's eyes at this year's Christmas Party.

HOMECOMING QUEEN AND COURT

WINNING FLOATS

The F.H.A.'s dragon, "The Red Glass-Eater," made a sweeping first-place float in the Homecoming Parade.

Ferman Wertz, Dwin Banner, Glenn Thornhill, and Jimmy Myers try to "Shatter Glass" to win the "Goddess of Victory," Carolyn Chapman. The Latin Club won second place for this entry in the Homecoming Parade.

HOMECOMING ACTIVITIES

The Pioneer float lends color to the Homecoming Parade with its eye-catching decorations.

The Junior Class really beamed because of the wonderful job the members did on their float in the Homecoming Parade.

Everyone anxiously awaits the rest of the Homecoming Parade as the A.L. Band struts by.

The F.F.A. captures everyone's attention as its catchy float rolls by in the homecoming Parade.

Lynchburg cheerleaders enjoy cokes with our cheerleaders during the Homecoming Game halftime.

HOLLY QUEEN AND COURT

The Holly Queen, Janie Saunders, and her Court, Carolyn Chapman, Betty McDonald, Joyce Eversole, and Muriel Ferguson, smile happily as they ride in the Salem Christmas Parade.

Janie Saunders makes a beautiful Snow Queen as she reigns over all the Christmas festivities in Salem.

Benny Garst looks on as his band teacher, Mr. Williams (on the saxophone), plays for the Christmas Dance.

Don Gates' band stirs up some swinging sounds for the couples at the Christmas Dance.

Couples dance under the snowflakes to soft, dreamy music at the Christmas Dance.

VI ADVERTISERS

Ads are the foundation of our annual.

Debt of gratitude we owe to advertisers
large and small.

Various businesses who sponsor us
are featured in the back.

Everyone should read the following pages.

Remember, without them, the annual wouldn't
be possible.

This is one of the most important
parts of the yearbook.

Invitations they have given you, to

Shop in their stores,

Excellent goods are sold by these
firms;

Roughly, they're the nicest people
we know,

So give them the benefit of your

SHOOTING FOR THE MOON

The thunder of gleaming rockets as they zoom into outer space foretells a new era in man's quest for knowledge: the space age.

Shooting for the moon used to mean attempting the impossible... but now, with the space age at hand, interplanetary flight is just around the corner. Brand new horizons are opening to man...and with them comes new challenges for all of us. Where shall we set our goals?

The rocket in its flight through space toward the moon is guided by men. It sets no goals for itself...nor does it recognize a challenge. Man is the controlling factor...man is the challenger. No matter what our calling in life, each of us can, in effect, "shoot for the moon" in establishing our goals... and then, set about accomplishing them with the solid "fuel" of determination.

The rockets conquering outer space are big and powerful... but only as long as they are directed and cared for by men. In our personal quest for new horizons, our "thrust" must come from within...from a willingness to accept challenges... and a determination to win no matter what the odds.

In the space age...as in Ages past, there will be no "formula" more potent than the power of the individual.

We hope so. Because we have interesting jobs for "special" gals here at the telephone company.

If you're alert and like people, you'll like it here. The surroundings are pleasant, the pay is good right from the start — and you'll have lots of opportunity for advancement and raises.

There's a "special" extra, too. You'll have that wonderful feeling of making an important contribution to your community. Come talk to us about telephone work. We'd love to meet you!

Perhaps you have been thinking of this occasion for some time. Graduation is only the beginning of a brighter future. We hope that it is a "commencement" of greater things to come.

In America we enjoy the world's highest standard of living. If we are to continue to enjoy these benefits, we must have better trained men and women. We need more scientists; more trained engineers; and better qualified people in all walks of life. It's your future — use it wisely.

The students and administration of Andrew Lewis deserve our thanks and appreciation.

Having reached the end of "Our Year in Outline" we wish to express sincerely our gratitude to the following people and companies:

American Yearbook Company and Mr. Fields for their encouragement and help to us throughout the year;

Next, the photographer of Pugh's and Gentry's Studios who took so many of our individual and group pictures.

Kindness of our advertisers with their ads that greatly aided our need of funds — and, so we wish to express our

Sincere appreciation to all who made this year's "Pioneer" possible.

Ruth,

I sure did miss not being in your homeroom or classes this year. I have really enjoyed knowing you for the past two years. You're a real sweet and nice girl with a wonderful personality & you deserve the best. My best wishes go with you always. Hope to see you next year.

Ruch,

Here goes another school year. You know one more ball? Remember when we used to be funny? I'd like to practice that square dance? How silly! I was sorry that you couldn't be in my home room this year, but we still had fun in gym class. I sure hope I pass the sit tests. I'm probably gonna be on D-'s. How did you like the Y-Teen picnic. I felt out of place with all of those A's + Alphas. And the fashion show! Such cheap clothes. Oh! Well, that's life. I sure hope we have some class time together next year. (That is, if I don't have to go to de Cave Springs). If I do have to go there I'll always remember you as one of my best friends and one of my dearest.

Love always,
Greta
Webb

P.S. Remember the beauty Contest when you were almost sent into the wrong rest room?

Lots of luck
Greta

Dear Auntie,

I am very sad about leaving that dear wonderful school. It just breaks my little ole heart and I know you are very happy about having two more glorious years over there.

Remember all the good all times we have had I hope you never forget that wonderful nature or wildlife club we had and that little incident with bird eggs. Everytime I think of that I start laughing. Remember how we teased Judy and Helen about Clyde Fisher! And of course all those good times we had chasing the cows and pumping in the hay in the barn. We have really had some crazy times together. I hope we can have lots more this summer.

I had better do what everybody does and that is of course "to wish you the very best of luck and happiness in future. I think I write that every year. Well anyway I meant it.
