Ruth,  
Hav'n't we had a blast this year? Especially  
in typing class. Poor ole Miss Proffitt. She  
would give you an A in typing even if you  
didn't hand in anything for a whole year!  
Seriously, you really deserved the 'A'.

Remember when we went ice skating?  
We had a ball! Hav'n't we had fun  
in home room this year? We have  
discussed everyone and everything from  
Kusken to Miss Proffitt. How about  
those crazy elections! We nominated  
"nothing". No one was voted for ~~our~~ even  
the election.

When I look back over all the fun  
we've had, I realize that this has been  
the best of my high school years. And I owe  
most of it to you. You are a true friend  
indeed. You offer sympathy when I need it  
it, and cheer me up when I had the "blues".  
And as I told you the other day, I have never  
had our "hops" together, even you on my. That's  
really a record.

I hope we can continue our friendships  
next year and I know that our SENIOR year  
will be the best ever.

I hope we can get together this summer  
and go swimming or something. Until then,  
be good.

Rivita  
Webb

# Prologue

*Ruth.  
Lots of fun to a  
very cute and sweet  
girl. I have enjoyed  
being in your fifth  
period B.C. class. Have  
lots of fun this  
summer. I hope  
to see you next  
year.

Ray adds*

Many things are required in order to have a really good play. Excellent actors, good backstage work, the proper equipment, and, of course, expert directors are all among them.

But it takes something else, something that cannot be found in an ordinary list of dramatic requirements. That something is called purpose. Purpose gives a play meaning, making it into much more than just a name on a playbill. And, above all, purpose gives spirit to the play.

The drama of our alma mater has a purpose and a spirit, beginning with the opening scene in the fall and ending with the final curtain the following spring. These, coupled with the tremendous performance by our actors, and the wonderful guidance of our directors, make us very proud to present the 1960 version of a twenty-eight year old play.

# Academy Award

This, our Academy Award, we present to you because of your service to us. If we are in need of help, you are always there ready to give aid in any way. Working for the benefit of all students by giving advice, by counseling in personal problems, and by devoting hours to club projects, is only a minor reason for our choice.

Friendliness, co-operation, student praise, and loyal support for school activities are the qualities which make you truly a friend of the student. Long will you be remembered by all who have attended Andrew Lewis. Therefore, we, the Annual Staff of 1959-1960 dedicate to you, Mr. Richard Thomas, the 1960 "Pioneer."

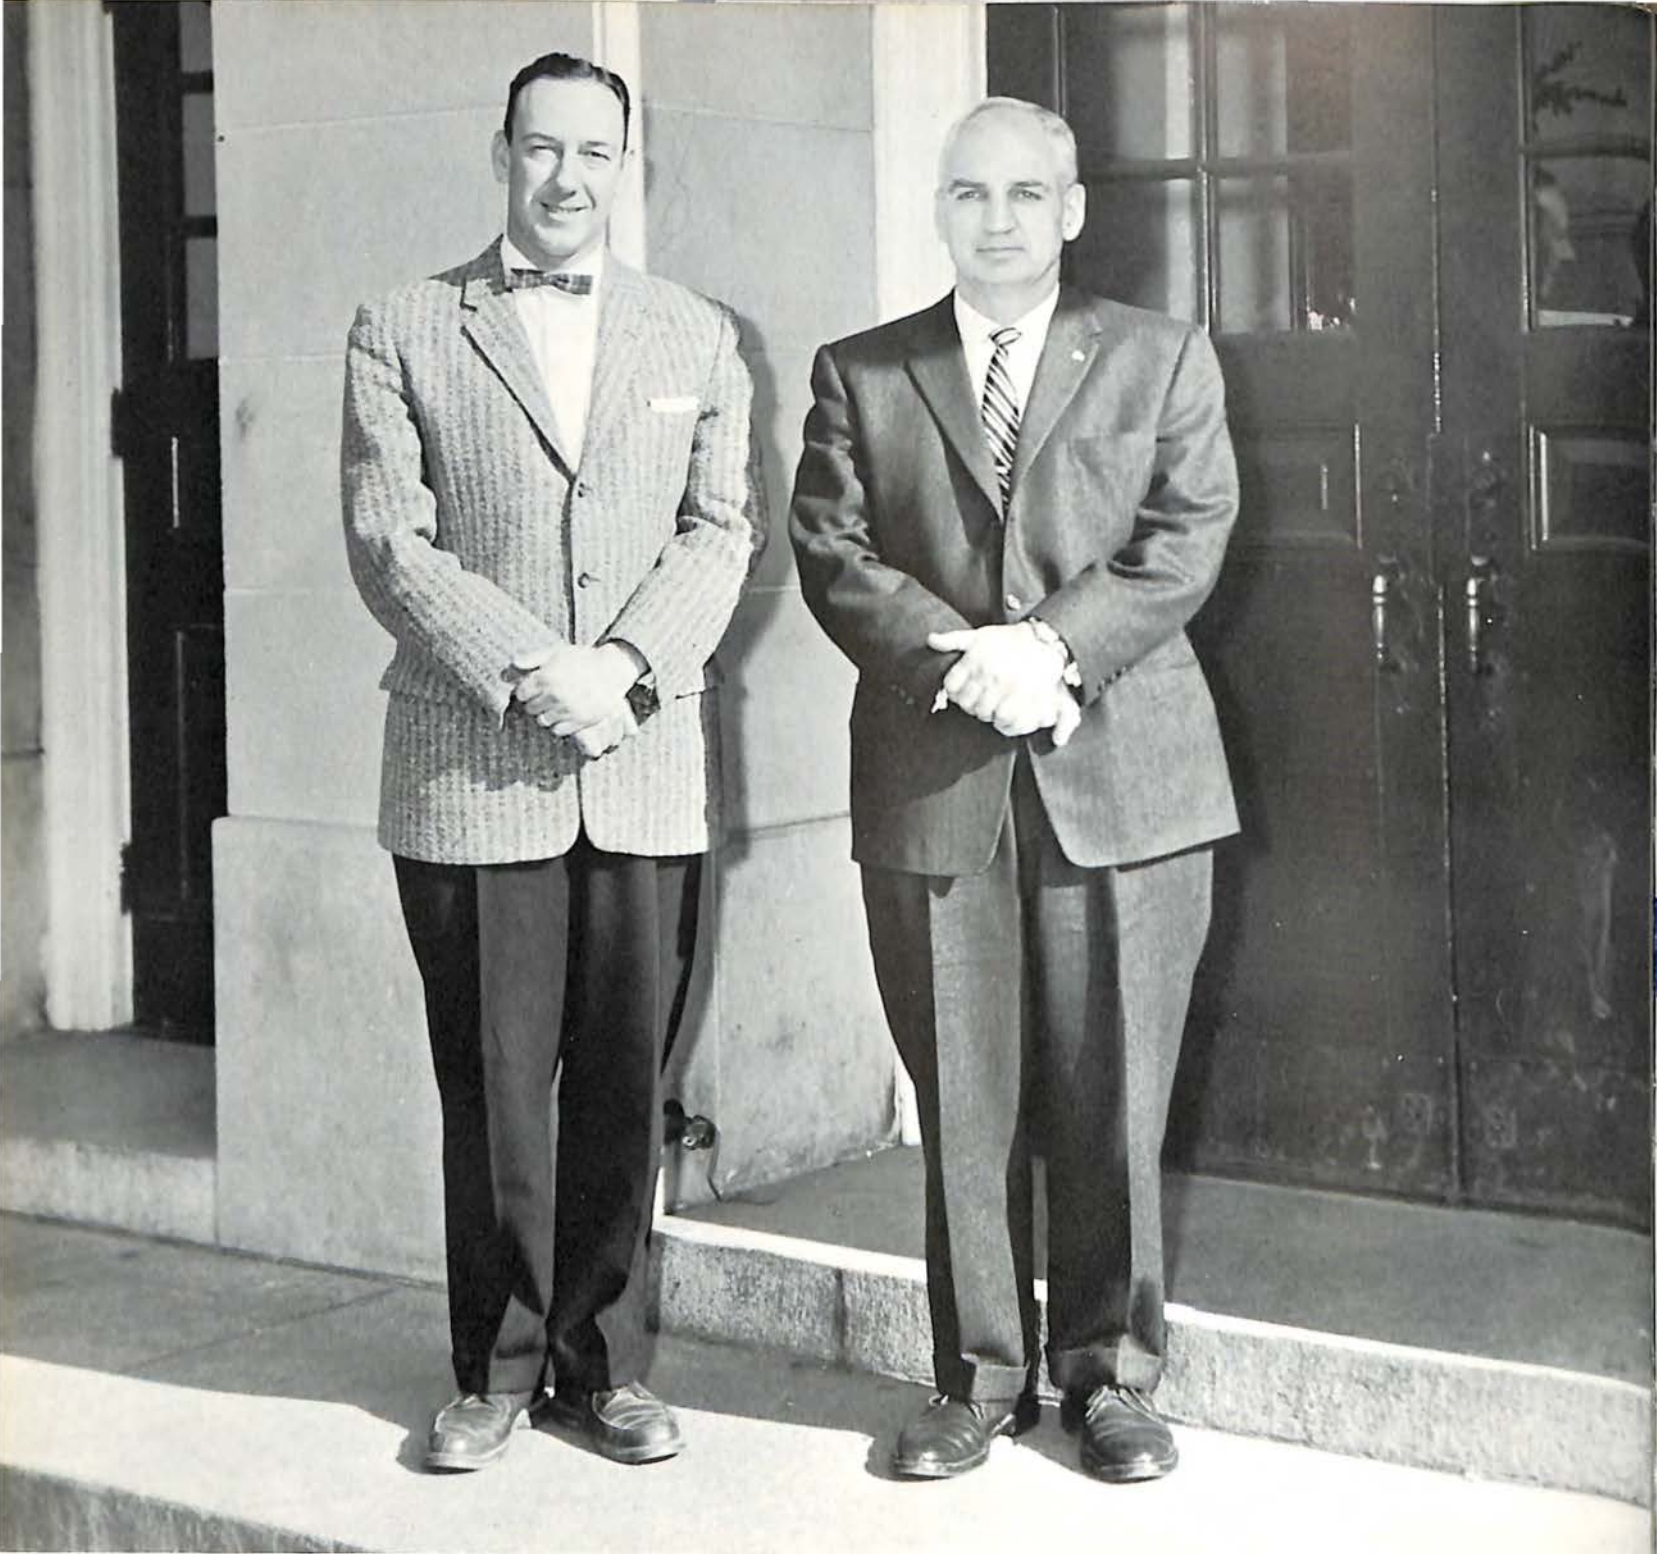

Behind the scenes of a drama, the stage managers busily organize the cast and see that the equipment is in its proper place. In our play, it is the teachers who fulfill this capacity, as they skillfully manage their individual scenes at Andrew Lewis.

The stage managers are responsible to the producers, whose duty it is to keep the various parts of the play together. Our producers, the Principal, and Assistant Principal, manage the problems of running a large school with expert care.

The people who take care of the mood of the play, and who help the actors solve their various problems, are the play's directors, or, in our case, the Andrew Lewis guidance staff.

The excellent work of these groups makes us proud to present this year's

Mrs. Richardson, Mrs. Hale, Mrs. Gibson, and Mrs. Francisco prepare for lunch.

Mrs. Edwards, Mrs. Bowling, and Mrs. Gibson finish the last minute touches before the rush begins.

This year's cast has shown superb ability, both in scholastic attainment and extra-curricular activities, and because of this our play is a success.

The stars were the foremost actors, but now must bow out as the curtain closes for the last time in front of them.

The co-stars eagerly look forward to next year's performance.

The supporting cast, while in the background of our drama, has shown outstanding talent.

The understudies look forward to a greater participation in our play.

The ingénues can hardly wait to learn the script and to take a few bows.

The offstage chorus anticipates being a part of the main production.

Thus it is with pride that we spotlight this year's

## Seniors

We, the Seniors, feel that we can be proud of our accomplishments as we near the finale of our last performance. We started as ingénues and have performed scene after scene on our climb to stardom. We feel a sense of gratitude to our directors, producers, and parents who have so patiently guided us throughout our dramatic careers.

We have thoroughly enjoyed our many performances at Andrew Lewis, and it is with a mixture of sadness and gladness that we must bow out. We leave, knowing that we have obtained an excellent basic education, and, at the same time, we look forward with anticipation to beginning our roles in the drama of life.

# Co-Stars

## Juniors

We, the Juniors, are proud of our part as co-stars in this year's drama. We have worked hard on our roles so that they will be the best. Our achievements include sponsoring the Junior-Senior Prom, presenting a talent show, helping with the Christmas Dance, and fixing a float for the Homecoming Parade, which won third prize this year.

As spring arrives, and the spotlight comes closer to us, we realize that the day we have long awaited is almost upon us. We are much too quickly becoming the stars. We remember all the many lessons we have learned and how we have so greatly changed since we stumbled up the front steps of Andrew Lewis as eighth graders.

The curtain is slowly closing in front of us as co-stars, so we shall take our bow, hoping that our part has helped make this year's drama a success.

## *Sophomores*

We, the supporting cast, assemble on third floor every morning to begin our daily performance. We are now half-way through our dramatic training and eagerly look forward to stardom. Although our roles are minor, without us the play could not go on.

Now that we are actually on the stage, we realize that these last three years of our play will be the most memorable. Anxiously we look ahead to next year when we will have better billing.

# *Understudies*

## *Freshmen*

We, the Freshmen, are proud of our part as understudies. We have worked hard and will continue to do so in order to obtain our goal of being the stars. Some of our accomplishments include giving our class talent show, having an entry in the Homecoming Parade, having a Freshman football team, and holding many offices in our junior clubs.

We have learned much from the great drama of Andrew Lewis and hope next year to be able to move up confidently to the part of supporting cast.

Our part in the drama is just beginning and with roles well learned, we will go forth ably to take our part in next year's play.

## *Eighth Grade*

This was our first year as a part of the drama, and already we are looking forward to having a more active part in it.

As we have much to learn, we will carefully watch and listen in order that someday we too may be stars.

This past year has been exciting and becomes even more so when we remember that we have four more to go.

The action has begun and our dramatic careers are rolling.

### *Backdrops*

Lucky Wroniewicz and Jimmy Goode converse as Sonny Tarpley, with Pete Conner helping, tries to sell Judy Young a ticket.

Steve Green seems left out as Donna Byrd and Cheryl Carroll discuss their similar necklaces.

These students enjoy taking a stroll around the halls before homeroom period.

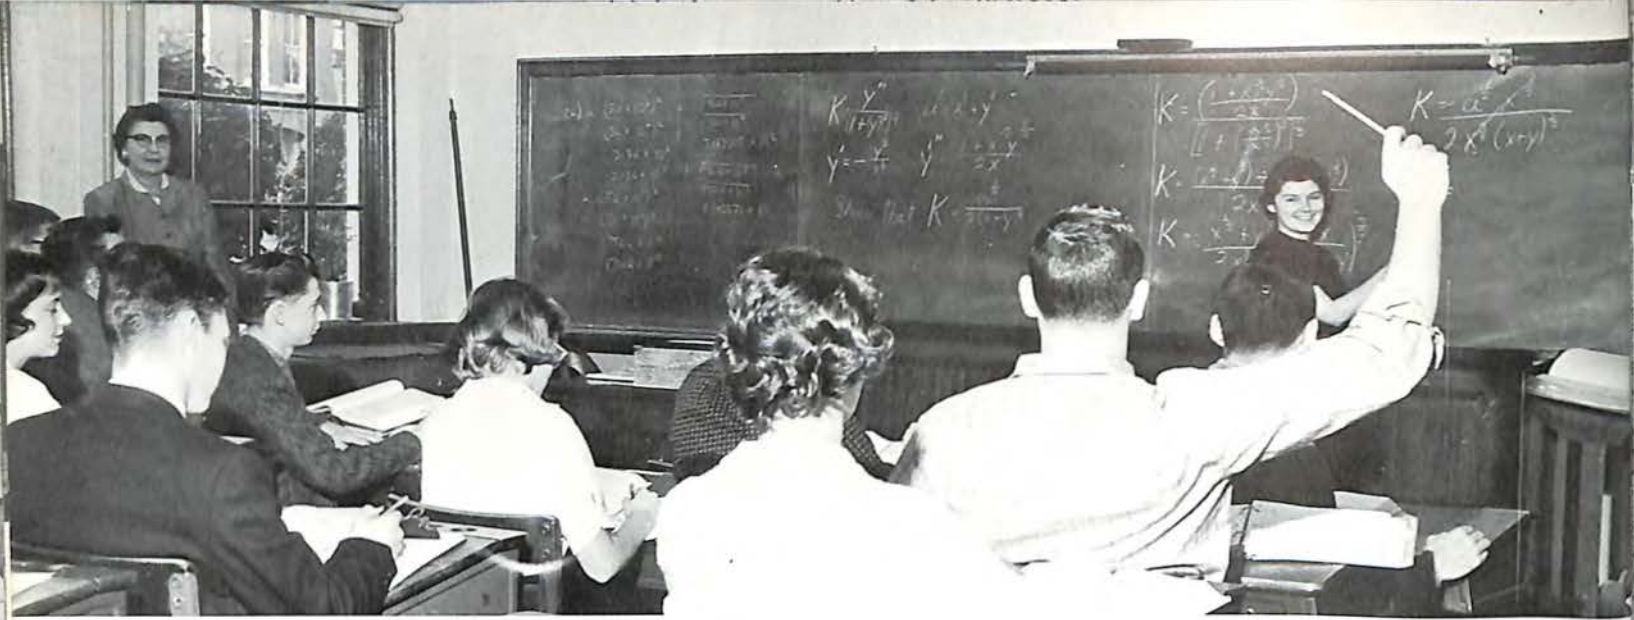

As we scurry from classroom to classroom in our daily routine here at Andrew Lewis, seldom do we realize that we are participating in what is the main purpose of our play.

Little do we notice the wide range of subjects that we take during our high school career. Right before our very eyes we have everything from algebra to physics, English to physical education — yes, and even study hall.

Since the real reason that we have a high school at all is to obtain an education, it is only fitting that we present this very important aspect of our drama.

Therefore, we now spotlight

# *Classes—Act 1*

Lynn Rowland explains a difficult problem to Mrs. Keffer's algebra class.

Members of Mrs. Barbara Smith's art class proudly display their works on the bulletin board.

Ann Shealey, Betty Adams, Doris Gearheart, and Gail Coleman are learning how to cut out a dress pattern in Mrs. Blake's homemaking class.

Macbeth comes to Mrs. Fisher's class as the three witches (Betty Coffman, Carolyn Watkins, and Linda Pernell) tell Macbeth (Bill Wade) that he will be king of Scotland. To Banquo (Richard Browder) they predict, "Your children shall be king."

It figures! Members of Mrs. Coulter's second period physics class look very grim as they try to finish their test before the bell.

Looks as if these girls in Miss Lawrence's seventh period typing class are really interested in their lesson.

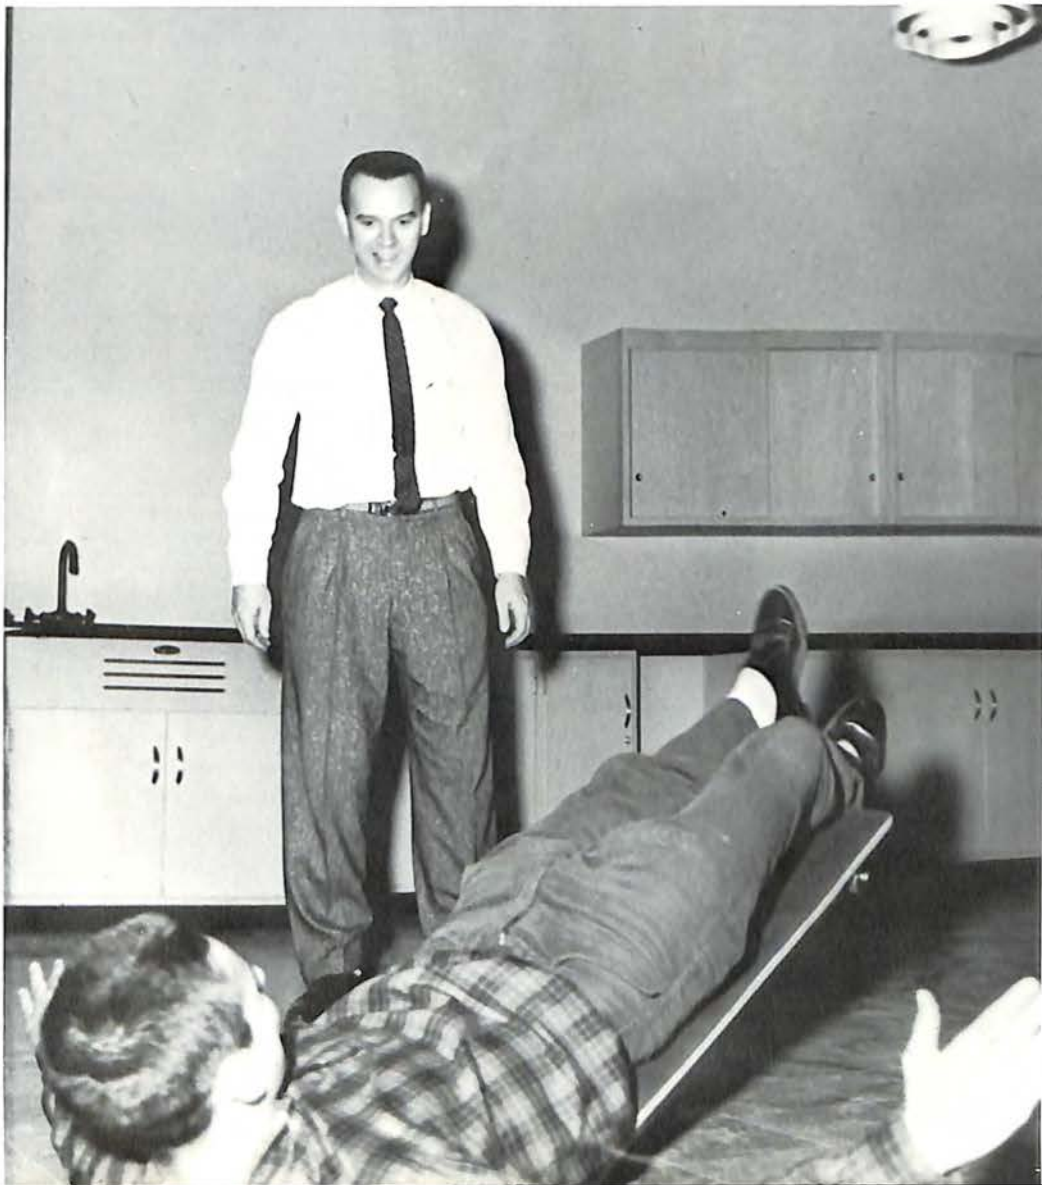

There are some unusual expressions on the faces of Mrs. Rash's French 3 students as they sing the French National Anthem, "La Marseillaise."

Some students enjoy chemistry so much that they go back seventh period for more, as shown by this volunteer group of experimenters.

While Sherry Banner reads about different countries in Mrs. Hackman's seventh period world history class, Jimmy Kropff points them out and Sandy Maxwell looks on.

"I'm willing to try anything once," David Kennamer tells Mr. Foster in physics class.

The serious-minded drama class doesn't seem so serious as it rehearses for "Simon Big Ears." From left to right are: Theresa Van Dyke, Jane Ayers, Caroline Wright, Sandee Keeney, Carole Jean Wirt, Brenda Wright, Bob Keeney, Joyce Guthrie, Linda Stearnes and Lloyd Shockley.

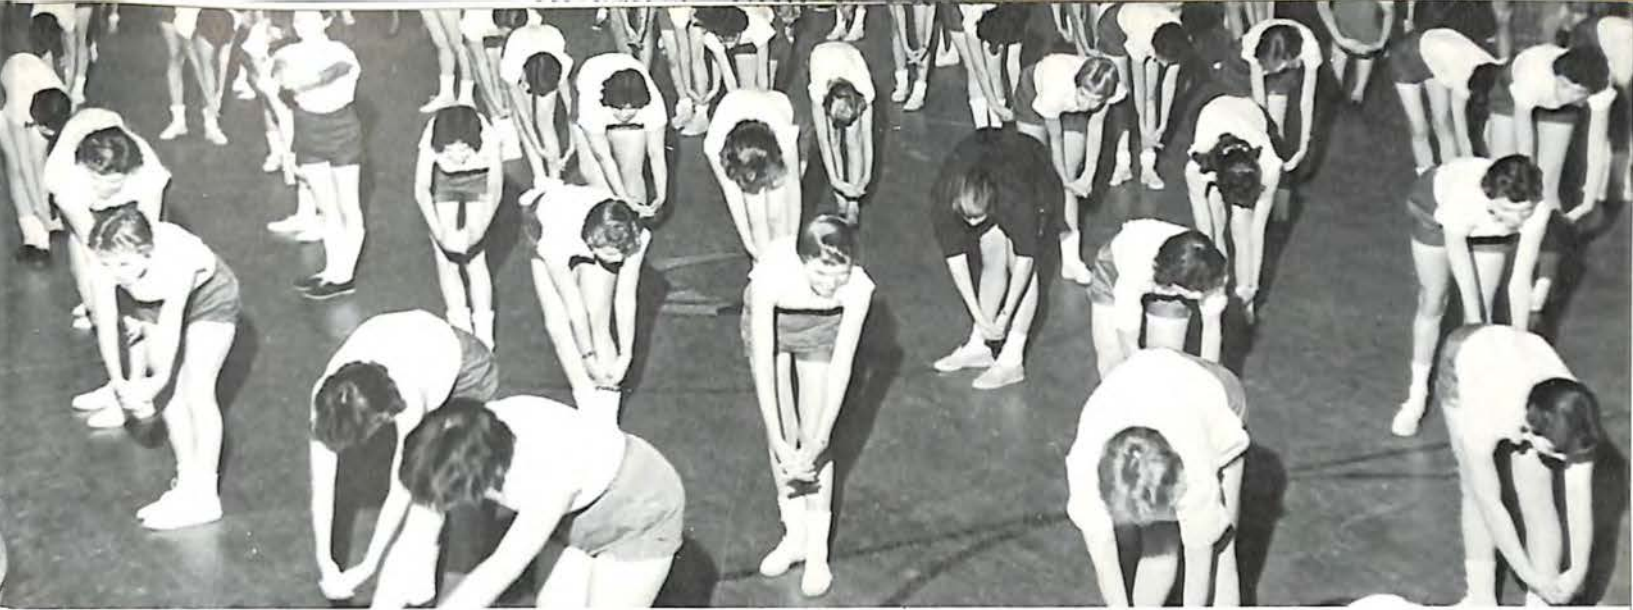

Anything and everything goes on in seventh period study hall.

Mr. St. Clair's civics class is concentrating very hard on the assignment.

Isn't taking exercises fun? These girls in seventh period gym class seem to think so.

Mrs. Gillespie helps George Yopp plan his schedule.

Industrial arts projects are time consuming, as these hard-working boys are discovering in their rush to finish on time.

Pupils in Mrs. Bowman's fourth period English class separate into groups to study American literature.

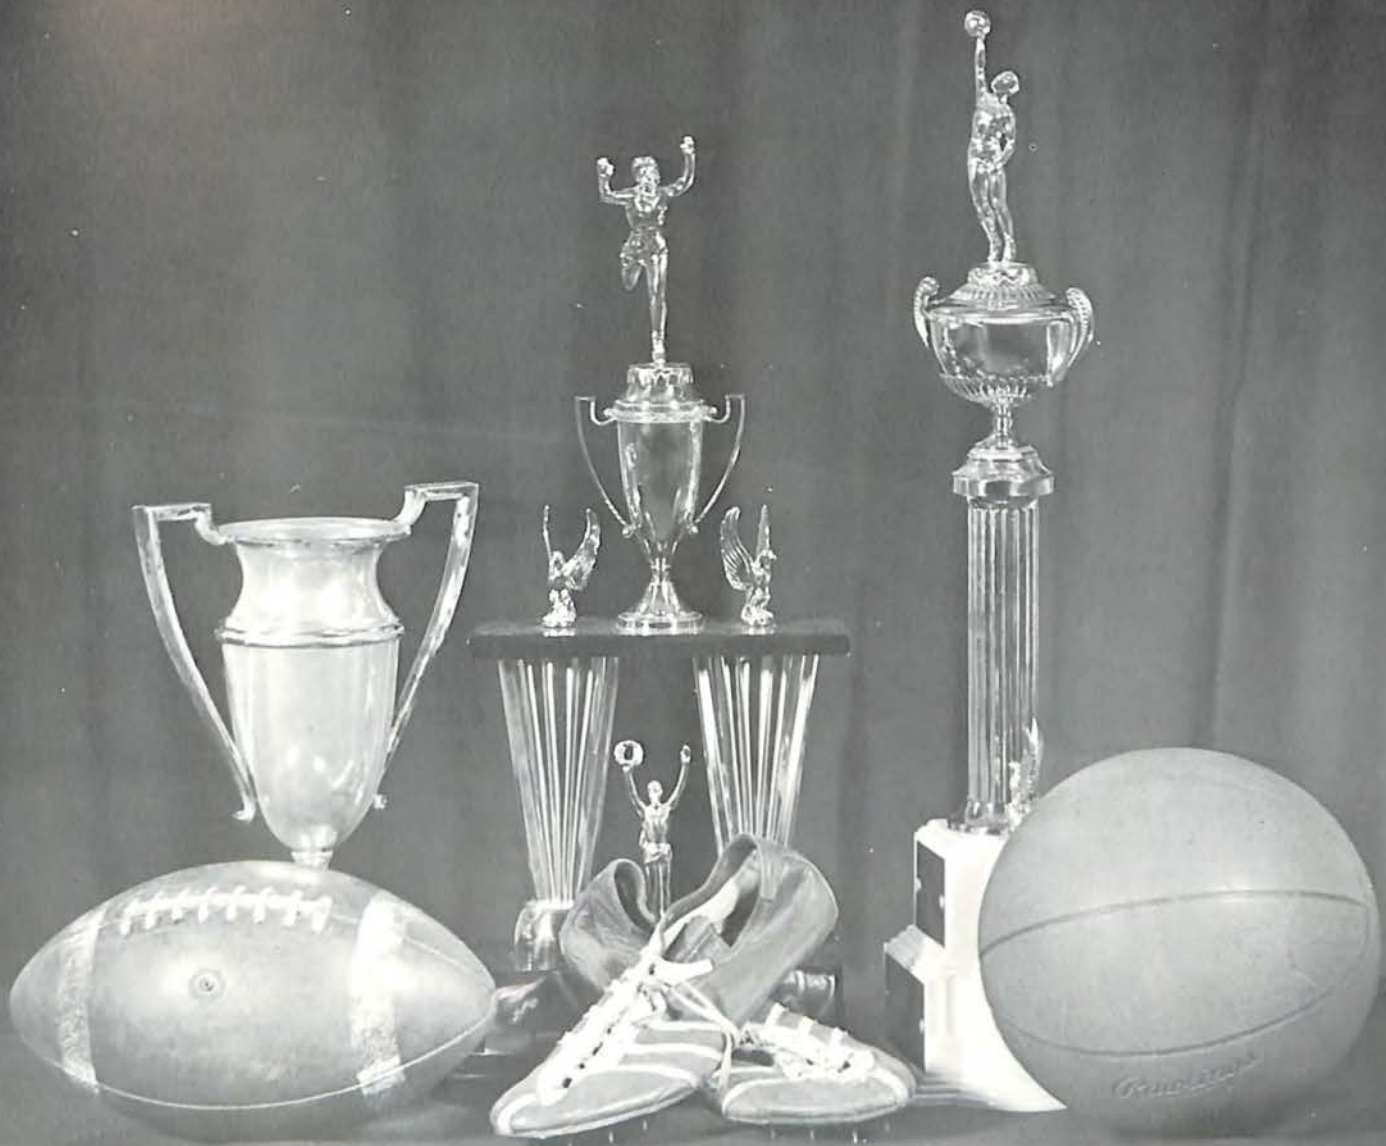

Even girls can change a flat tire as shown by Mr. Copenhaver's driving class.

A student demonstrates push-button transmission in the driving class's new car.

These Eighth Graders seem very absorbed in their advanced English course taught by Mrs. Schillman. This is the first year that advanced courses have been offered to Eighth Graders.

The second act of our play is one of action. In the fall our football team makes this season's debut. Proudly, win or lose, we cheer the players on.

In the next scene, the walls of our new gym resound to the basketball team's fast action and our cries for victory.

Last, but certainly not least, our track teams put in their appearance with us, the students, backing them all the way.

The spirit, stamina, and will to win shown in this act make us proud to spotlight

## *Athletics—Act 2*

Diana Crotts, *Head Cheerleader*. Left to Right, Martha Mattern, Carol Blount, Donna Brugh, Carolyn Elmore, Judy Cundiff, Rita Leonhardt, Bobi Ferguson, Lula Downey, Sandra Jones, Mona Thornhill, Judy Young.

Rip Van Winkle. Ray, rah team! We did it! Make that score!

We're with you, team.

Go!

Make that point!

Dear "Ruthie,"

Well, another year is coming to an end and next year we will be seniors, believe it or not (I hope). It doesn't seem possible, does it? Just think, last year we were only little Sophomores and we suffered through Gen. Bus. class together.

The Wolverines opened their '59 season with an 18—12 victory over Covington. The first touchdown of the season was made by Sonny Tarpley. Charley Suiter followed suit with two more touchdowns.

In the second game, Blacksburg High School defeated the Wolverines by a 26—0 margin.

The first annual Sandlot Benefit Game was played against the favored George Washington High School on the opening game of their season. Charley Suiter powered over for the only touchdown from the 2 yard line. The conversion by James Brown made the score 7—0.

The Greenbrier J.V.'s received a shellacking at the hands of the Wolverines as our team rolled up a 26—0 score. Two touchdowns were made by Harold Cogdill. Jerry Light and George Bower also scored a touchdown each and Brown booted two points-after-touchdowns.

William Byrd won a close victory over the Wolverines, 13—6. Sonny Tarpley made the only Lewis score in the fourth quarter on a two yard plunge.

E. B. Broadwater night in Salem resulted in a

20—6 victory over the favored Pulaski eleven. Cogdill made two touchdowns, one of which was a flashy 85 yard kickoff return. Wayne Hall plowed through the line for the other touchdown and Brown added the remaining two points.

The Wolverines were edged 43—6 in the Jefferson game. The big highlight in this game was Kenny Etter's 74 yard run in the third quarter on one of Jefferson's fumbles.

Our Homecoming game was spoiled by Halifax County's 31—6 victory over the Wolverines. Hall on a "keep" ran 6 yards in the third quarter for the only touchdown.

Glass's offense proved to be too strong for the Wolverines. The Salemites were again defeated, this time 54—0.

In our game with Fleming, Lewis made a T.D. in the first quarter only to have it called back for a five yard offside penalty. This seemed to break the morale of the team as the game ended 34—0 in Fleming's favor.

Pulaski is stopped short of an extra point.

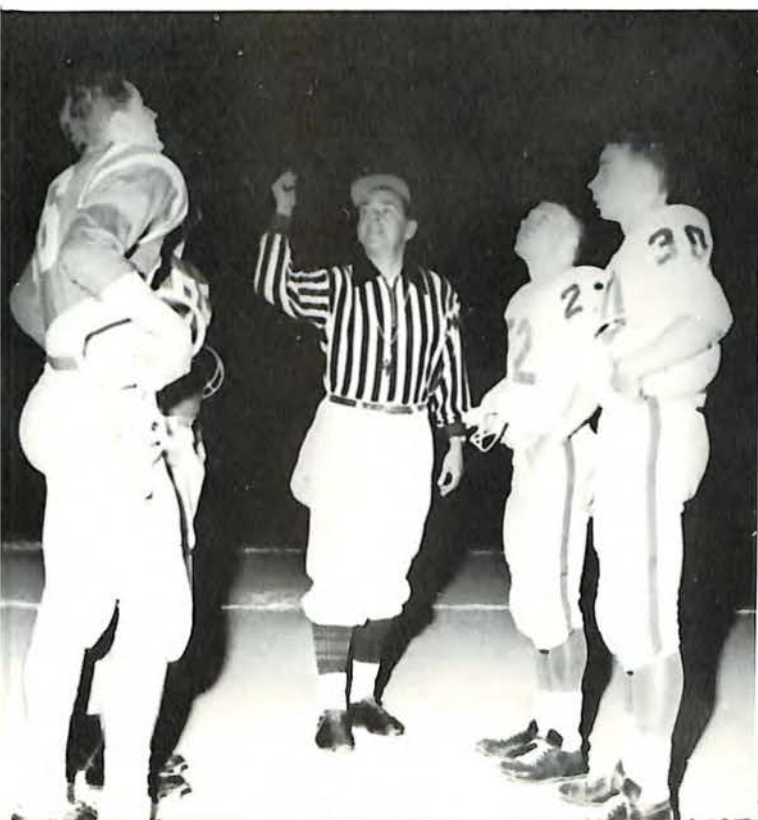

Suiter (30) sets up a T.D. situation with the help of Lee (80), Crosswhite (52), and Wade (74).

Suiter scores in the Covington game assisted by Hall (11), McCown (71), and Lee (80).

The Cheerleaders congratulate the boys after their win over Pulaski.

Tarpley (22) and Suiter (30) watch as the coin is flipped before the game with George Washington of Danville.

Fry is brought down after intercepting a Byrd pass as Rumley (73), and Tayloe (84) help.

### *Outdoor State Track Champions of 1959*

Almost all of the boys pictured above scored points in winning the "grand-daddy" of all track meets for Andrew Lewis. Lewis scored thirty-two and one-third points and its nearest opponent scored twenty-six points.

Neil Churchill and Bill Wade took second and fifth places respectively in the shot put. Pat Powers vaulted to a tie for first place in the pole vault event. Alwood Williams captured two first places, one in the high hurdles, the other in the low hurdles, good for twelve points. Wayne Taliaferro, the team captain, racked up a second in the high hurdles, a third in the low hurdles, and a tie for fifth in the high jump. Sonny Tarpley set a new school record in taking fifth place in the mile run. Our mile relay team composed of Nelson Powell, Wayland Overstreet, Dewey Nester, and Larry Early iced the victory with a 'bird place in that event.

Pictured in the inserts are the following: Pat Powers, *school record holder in the pole vault*; Wayne

Taliaferro, *team captain*; and Alwood Williams, *who won two first places in the state meet.*

There is an interesting anecdote which came out of the track meet. When the team reached Williamsburg for the meet, Coach Bussard bought an issue of the local newspaper. The sports page quoted, "It's all over but the cheering." It went on to relate that Wakefield, led by a couple of speedy sprinters, was a sure cinch to carry back the winning team's trophy. On several occasions on the way home, Coach Bussard would stop in a town. When the cars had stopped and everybody had piled out, he would pull out the newspaper and proceed to read, "It's all over but the cheering." And everytime that he read this, a loud victory cry arose from the boys.

This group of boys composed one of the finest athletic teams ever assembled at Andrew Lewis and commanded the respect of the school, the town, and the community.

High school life wasn't meant to be all work and no play and our drama is certainly no exception.

In the first part of this act the team is cheered and the morale of all is lifted at rousing pep assemblies. Homecoming rolls around and the alumni are honored with festivities and a diligently prepared parade. Also at this time we are entertained by a rollicking faculty talent show.

Winter enters the scene with the gaiety and color of the Christmas dance and the collection of Christmas baskets.

Next on our extracurricular agenda are the class talent shows and numerous special assemblies to which both the students and faculty look forward.

The year is rounded out with the swirl of evening dresses and boys wearing ties and jackets at the spring dances.

Although this completes the social curriculum of our drama, the many achievements of Andrew Lewis students are certainly not to be overlooked.

This is an act of our play that is full of fond memories and laughter, color and excitement, one which we will always hold dear.

Proudly then we spotlight

The purpose of the National Beta Club is to promote scholarship, leadership, and personality in its members. Students are chosen to participate in the club on the basis of high grades, and the recommendation and approval of the faculty.

This year the Andrew Lewis chapter has attended the State Beta Club Convention in Roanoke, sold Easter lilies for the benefit of crippled children, sold programs at football games, and sponsored a hop. Also, the Senior members were honored at a dinner given by the Rotary Club.

### *Sodalitas Latina*

The Latin Club was instituted with the belief that students of the Latin department should be organized into a social unit in order to devote themselves to the classics and to become better acquainted with each other.

In the fall of the year, the club presented its annual Thanksgiving assembly and later on, a Christmas Tableau, in co-operation with two other organizations. The club's spring activities included presenting the Easter Pageant "Living Pictures from the Life of Christ," staging a banquet for faculty members and friends, and sponsoring the May Dance.

J. C. Poindexter, Susan Rikard, Wayne Pillow, Bobi Ferguson, and Diana Crotts practice the skit, "Ruba Cucula," to be presented before the J.C.L. Convention.

The purpose of the Pep Club is to promote good school spirit and sportsmanship among the students of Andrew Lewis High School and to support the team at all games.

The main activity of the Pep Club is the sponsorship of the Homecoming Parade. This year was the greatest yet, with prizes going to the FFA, Beta Club, and Junior class for the winning floats.

Another activity of the club could be witnessed almost any Friday afternoon during the fall season at the football stadium — that of decorating the goal posts. And, of course, the promotion of good will is most important to this organization.

Some of our activities during the year were giving radio and television programs throughout the year, and sending a delegate to the National Con-

vention and the F.F.A. State Convention in October. The federation and the dairy and poultry judging contests were held in the spring, while during the summer months the annual F.F.A.-F.H.A. picnic, degree team and public speaking contests took place. Also of note was the annual parent-son banquet.

This year the club has had programs with speakers from industries and laboratories, sponsored a field trip to Moorehead Planetarium at Chapel Hill, and gone on a field trip to local industries. We have also sponsored a hop, entered a float in the Homecoming Parade, and sold programs at a football game, and encouraged participation in local, regional, and state science fairs, and supported the polio drive in Salem.

The members aid teachers by keeping classes in emergencies and by grading papers.

These activities give us a practical point of view on teaching as a profession.

## *Future Business Leaders of America*

The Future Business Leaders of America has many purposes. This organization seeks to develop its members into qualified business leaders and to help make a wiser choice for a business occupation. The members are also encouraged to improve the home and community and to participate in worthy undertakings to improve both business and the community. The FBLA, along with its educational purposes, participates in and sponsors some of the social functions of our school.

Among the many honors that our chapter received this year, there are three of which we are especially proud. An award of \$100 was given to our chapter for outstanding work in FBLA in the Roanoke County and Roanoke City area. Also, we were a Gold Seal Chapter last year as a result of notable achievements; only a small number of schools in Virginia received this honor. Finally, a member of our club was on the Virginia spelling team which won first prize at the national convention.

The purpose of the Vocational Office Training Program is to train students for occupational competence. It is often spoken of as a part-time co-operative work program because the business men co-operate with the school in training students for office jobs. These students, who are majoring in business, attend morning classes at school and work on a part-time basis in the afternoon in a business office.

The teacher and co-ordinator of this program finds work stations for the students and often visits the trainees on their jobs. She also discusses with the employer the job performance and office conduct of the trainee. Through this training program, students graduate from high school better prepared to take their places in the business world.

First period Vocational Office Training class is hard at work.

Second period Vocational Office Training class is also diligently learning.

## *Student Christian Association*

The purpose of the Student Christian Association is to give students the opportunity to meet together in Christian fellowship and to set up Christian standards for our school.

This year we have presented devotions over the intercom each morning and asked grace in the cafeteria. We also conducted the World Day of Prayer Assembly and concluded the year with our annual club picnic.

Ruth,  
 I have really enjoyed knowing you  
 these past years and I want to  
 wish you much happiness in  
 the years ahead.

## *A Cappella Choir*

Harry L. Simmers, Director

The Andrew Lewis High School A Cappella Choir was organized in the fall of 1957 by its present director, Harry L. Simmers. Since that time it has continued to increase in popularity, not only with the student body, but with the general public as well. In the first year of its existence, the choir consisted of thirty-seven members. The next year the membership increased to forty-one members, and for the season of 1959-1960 there were sixty-three members which were selected by audition from the student body.

The choral literature consists of unaccompanied masterpieces of both ancient and modern composers. Deep satisfaction is gained by the choir members in their singing of this great choral literature, and they seek to share appreciation with the listeners.

Each school year demands a versatile group of singers. In addition to the various concerts given at the school, the choir has appeared in numerous concerts in churches and other schools, and this year ten members of the choir were chosen to sing in the All-State West Choir.

One of our most exciting Pep rallies was held before the game with our arch rival — Jefferson High School.

## Freedom Isn't "Free"

Our graduates have an opportunity to enjoy a life of freedom, plenty and individual choice — privileges earned by our forefathers.

However, we have a responsibility to perpetuate these privileges. They are not given us "for free". We must earn them ourselves. Individual devotion to The American Way is as important today as it was in 1776.

Today's graduates must shoulder this responsibility, or there will be no freedoms to bequeath tomorrow's students.

As Goethe, the poet, said, "What you have inherited from your fathers, earn over again for yourselves or it will not be yours."

## SHOOTING FOR THE MOON

The thunder of gleaming rockets as they zoom into outer space foretells a new era in man's quest for knowledge: the space age.

Shooting for the moon used to mean attempting the impossible . . . but now, with the space age at hand, interplanetary flight is just around the corner. Brand new horizons are opening to man . . . and with them comes new challenges for all of us. Where shall we set our goals?

The rocket in its flight through space toward the moon is guided by men. It sets no goals for itself . . . nor does it recognize a challenge. Man is the controlling factor . . . man is the challenger. No matter what our calling in life, each of us can, in effect, "shoot for the moon" in establishing our goals . . . and then, set about accomplishing them with the solid "fuel" of determination.

The rockets conquering outer space are big and powerful . . . but only as long as they are directed and cared for by men. In our personal quest for new horizons, our "thrust" must come from within . . . from a willingness to accept challenges . . . and a determination to win no matter what the odds.

In the space age . . . as in Ages past, there will be no "formula" more potent than the power of the individual.

## Bouquets

Now that we have reached the end of our drama and this year's final curtain is slowly closing, there are several people to whom we owe a great deal of thanks.

Our actors deserve several orchids for a fine performance given and for the effort put forth in learning lines. Our directors and producers have proved very skillful in managing this play. The stage managers have done a professional job in organizing the entire set.

We gratefully acknowledge the assistance given to us by the American Yearbook Company and Mr. Fields, without which this year's *Pioneer* could not have been produced.

We would like to offer our congratulations for a job well done to Pugh's and Gentry's studio, and our advertisers certainly deserve applause for the backing given to us.

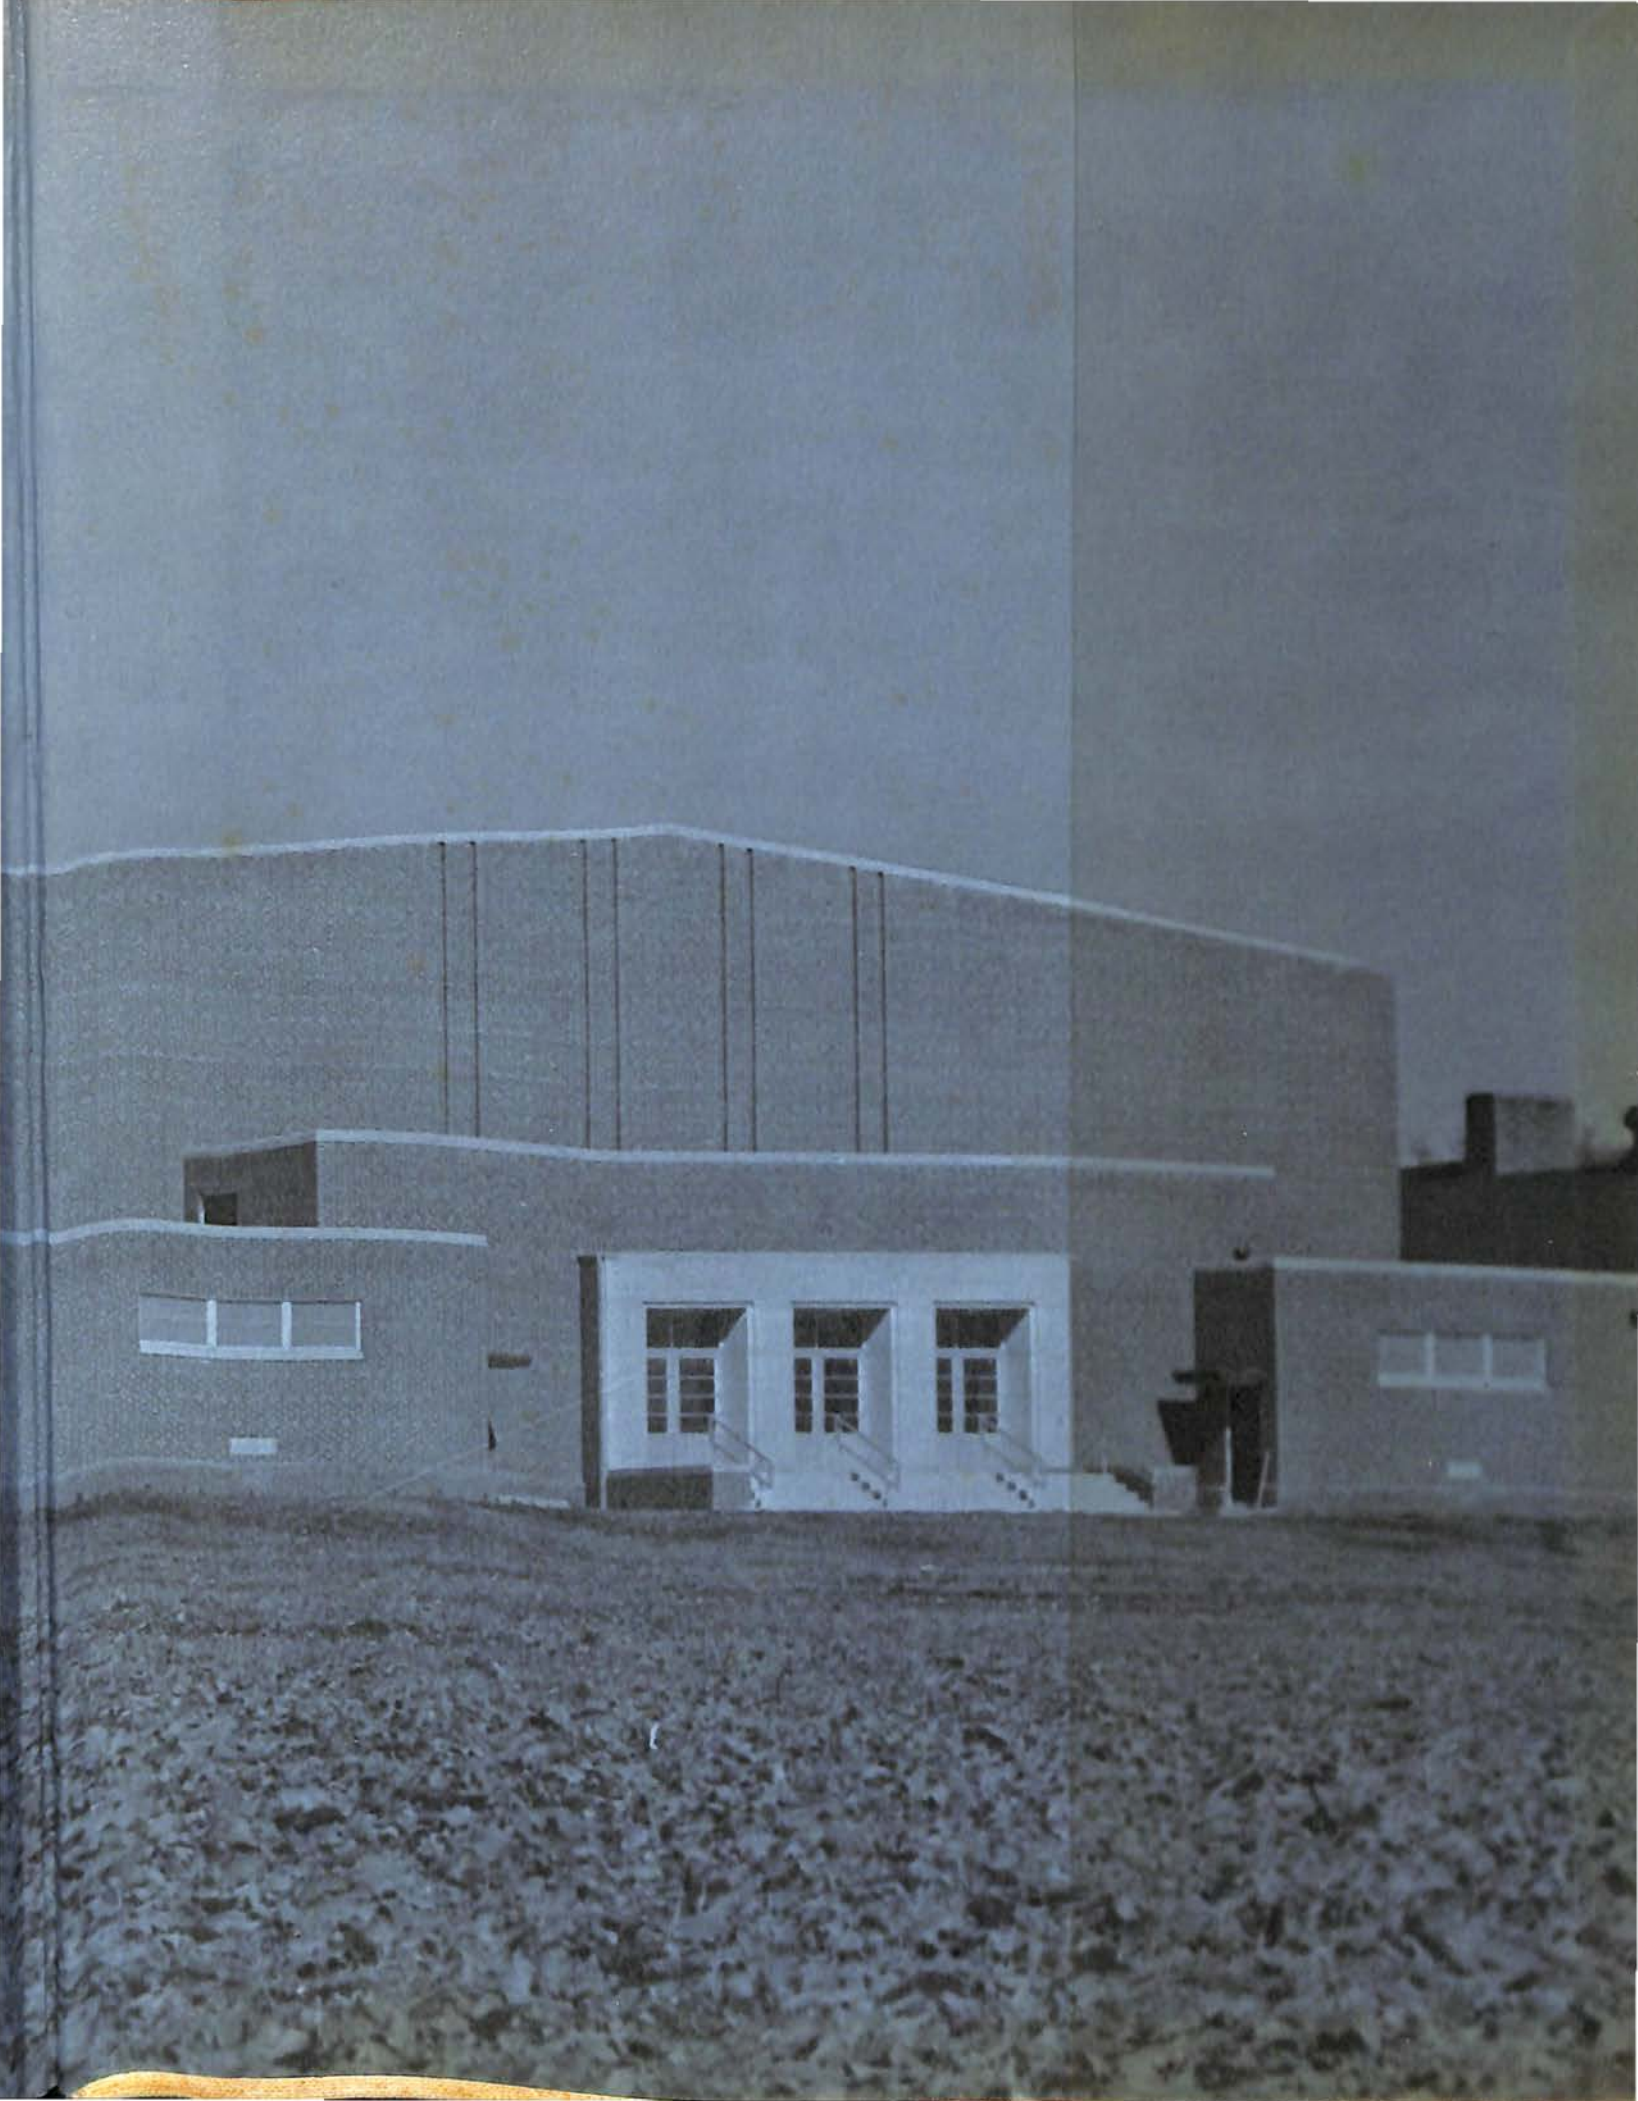

We would like to offer a very special thank-you to our parents for seeing to it that the show went on as scheduled.

As the house lights go out and the audience leaves, may we offer a final tribute to all who have helped us in the production of this yearbook.

Love,  
It has been real  
nice being in your classes  
these past two years. Hope  
you're in some of my classes  
next year. Best of luck.

Love ya
