There are many special faculty members here at Ruffner, thus making it difficult to choose only one person to whom to dedicate this yearbook. We have chosen a dedicated teacher who really cares about the students' education. This teacher is a clear-thinker, a clear-speaker, and an interesting lecturer. He has patience, a cheerful personality, a good sense of humor, and most important of all he is sincere.

He has earned the respect of teachers as well as of students. He is always working. Frequently he is at school hard at work long after every one else has gone.

We feel we have made "the" right decision in dedicating the 1972 RUFFNER ROCK to Mr. Charles E. Kennedy.
