How little you've changed, but our feelings for you have grown and grown.

## To Miss Kirkwood goes our love and admiration

Over the years students and faculty have come and gone, leaving their contributions to the betterment of Cave Spring High School; but one has served us enthusiastically since the doors of Cave Spring opened ten years ago.

Her enthusiasm for every task, her sincere interest in each of us, and her devotion to learning have won for her our respect and our admiration. She has been both an outstanding teacher and an outstanding counselor. As a teacher, she has shared with us her vast knowledge and stirred us to carry our educational pursuits beyond the classroom. When we have voiced our problems in her office, she has consoled us and challenged us to be true to our ideals. Serving as either, she has inspired us with the vitality of her efforts.

It is with heart-felt gratitude and thanks that we dedicate this the 1966 ACCOLADE to MISS PEARL KIRKWOOD.

Here, you and your cohorts pose in your garb for a Senior Faculty game many years ago.

And now, today, you're still striving to open doors for future generations.

*Cave Spring 6—Northside 0.* In the pre-season Coaches' poll, conducted by the local paper, Northside rated first, Covington second, and Cave Spring third for the Blue Ridge District. Being the underdogs, the Knights started hard and knocked the ball loose from the Vikings on the opening kickoff. Scoring on their first offensive drive, Cave Spring controlled the ball all night, piling up 15 first downs to Northside's 1. *Cave Spring 7—Liberty—0.* Against the Minutemen, the Knight defense remained unscored upon and gave up only 4 first downs. More than twice as many yards were gained passing as rushing, and it was aerials that set up the Knights lone score late in the 4th quarter. *Cave Spring 0—Covington 13.* C. S.'s second successive home game brought bitter disappointment. The Cougars scored both T.D.s in the first half and generally controlled the ball. This contest dropped the Knights to second place in the Blue Ridge district race. *Cave Spring 0—Andrew Lewis 25.* Having suffered their worst drubbing in history from 1964's state champs, the Knights were out for revenge. Capitalizing on Cave Spring mistakes, the Wolverines scored twice in the 2nd and 4th quarters. *Cave Spring 13—Lord Boutetourt 0.* The Knights went to Boutetourt looking for a win to make a 3-2-0 season. C. S. scored twice and controlled the ball all evening spoiling Boutetourt's homecoming. *Cave Spring 7—Jefferson 18.* The Magicians re-

vengeed C.S.'s season with a hard fight and more than a few breaks. Coming out the second half fully expecting to be able to score at least twice, the Knights were badly pained by this loss. *Cave Spring 20—William Byrd 0.* For their own homecoming, the big Knight offense found itself quickly and racked up 3 T.D.s. This margin allowed Coach Edmunds to substitute freely and the "bench warmers" showed promise of a good season next year. *Cave Spring 14—Martinsville 13.* The few fans who journeyed to Martinsville to freeze through Martinsville's homecoming were well rewarded. In the second quarter, the Bulldogs racked up 1 quick score to send the Knights in for halftime behind by 6 points. The third quarter had Martinsville scoring again and making the extra point. With 10 minutes left in the game, C.S. marched 80 yards down the field for score and extra point. The Knights kickoff was returned to about the Bulldog 45 where the ball was knocked loose and recovered by Cave Spring. Again the Knights scored and again Flora toes the point. The win was assured by an interception of a Bulldog pass with less than minute left. *Cave Spring 0 Catholic 12.* Unable to grab a 3 game streak, the Knights lost in a home game to a fired-up Celtic team. This left the C.S. record standing at 5-4-0 with the next game to decide the season.

Backs

Ends

*Cave Spring 35—Franklin County 6.* The Eagles scored first but after that, it was all Cave Spring. Led by Worrell, the Knights scored twice in the second period, once in the third and twice in the fourth. The defeat of the Piedmont Champs ended the season with a 6-4-0 overall record, and second place in the Blue Ridge District.

We can tell you just "love" our American lockers!!

A conference with Miss Draper helps to familiarize you with our school system.

## Our Dannie— "tis me!"

This is the way you pay attention (?) in Government class.

Dean Dannie,

As Graduation Day draws near, so too the time for you to leave is getting closer and closer. One thing you can't take with you, though, is our memories of the wonderful person you are. The wit, your friendly smile and pleasing personality make up just a part of that cute little Brazilian everyone adores.

Through the year your many accomplishments have aroused in us a deep admiration for you—the many speeches you've made, your victory in the Miss United Fund Contest, and remaining as sweet now as you were when you came to us in September.

We'll never forget your excitement at seeing your first football and basketball games, nor your perplexed looks at our American slang. And how could we forget your thrill at seeing our record 42 inch snowfall? In fact Dannie, we'll just never forget YOU.

Through you we've gained much understanding of Brazil and her people. We sincerely hope that your stay here has been as rewarding to you as it has been to us.

Students of Cave Spring High School

"Walk together, talk together O ye peoples of the earth; Then and only then shall ye have peace ..."

How can I tell each one of you, how much you helped me to understand the beauty of this path that all man shall share someday?

Cultures vary from nation to nation, in little things we think are "right" and "good" and "proper."

At Cave Spring I learned to see those things from your point of view. As Cave Spring grew in me, a greater feeling of responsibility, not only as a Brazilian citizen, but also as a world citizen, began to grow. At Cave Spring I learned to understand, to love, and to live as you Knights do.

Having fun in noisy pep-rallies and assemblies, or studying hard in English class, sociology's discussions, Mr. Quillen's government class, Knight Letter, speeches and school plays, lunch time, crowded halls, cheers in games, noisy lockers are memories that I shall never forget.

For you, Cave Spring students and friends, advisors and teachers, and for my dear family, I owe my enlightened blue sky! Words ... they are really too cold to express how much I want to thank each one of you. You have all been so wonderful, warm, and friendly.

On my return to Brazil, I'll take back new experiences and ideals and mainly a heart full of hope and faith. Be sure, however, that the smile that you gave me one morning in the hall, the understanding look that I found in your eyes will give me the force to face life with hope, convicted that my faith in life and man is not an utopian ideal, but a true reality.

Love  
Dannie

Dannie and Hank Davis dance to the music of the Chordinators at her first Dance in the U. S. A., Christmas, 1965.

Our pride and admiration goes to you, Dannie, for being so helpful and diligent in our magazine drive.

Just You—just the Dannie we've all come to love so much.

The whole idea of investor-ownership of electric light and power companies began when Thomas A. Edison and a group of investors financed his first power plant more than 80 years ago.

Since then, investor-owned companies like ours have become an integral part of America's Free Enterprise system. That explains why today we have at our fingertips more electric power than any other country in the world.

And it's this same Free Enterprise system that puts at *your* fingertips greater opportunity, greater expectation for success than can be hoped for by any other young people in the world.
