Happy Holidays
THE PRESIDENT'S MESSAGE

It has been a real privilege to have served as your president for the past two years. I have enjoyed hearing from you, and getting to know many of you. The success of the SWVG has come from all of you. Local members have been responsible for business, committee meetings, workshops and programs, as well as duties and honors of office. Distant members have made contribution by sharing your records, research and financial support.

Visit the Virginia Room of the Roanoke City Public Library. You will find an excellent Virginia genealogy collection and collections from other states. You have contributed to this collection with your books given the society for review in VAN. Each year a contribution of money is made to the Virginia Room for purchase of books, microfilm etc. from our treasury. Use your membership directory when you arrive, and call local members. Someone could have a spare bedroom! Our membership is the highest in history, about 675 members including 40 exchange quarterlies. Watch for your 1983 renewal form. Renew early and receive your issues on time. Each issue contains a variety of records, thanks to our hard working editor, Mrs. Claude Fowler (Babe). November 20, 1982 is the election of officers for 1983. A nominating committee was appointed at the October 16, 1982 meeting, with Mary Jane Vaden, Chairman, Mrs. A.B. Brown (Dorothy), and Norwood Middleton as members. Look forward to a new year with a new president. Don’t miss the January 15, 1983, Saturday meeting at the Jefferson Street Baptist Church, Roanoke, 1:30 pm. The speaker will be Mrs. A.W. (Deedie) Kagey, author of Community At The Crossroads. A Study Of The Village Of Bonsack Of The Roanoke Valley. Many thanks to all of you and best wishes for Happy Holidays.

Belva M. Counts, president.

VIRGINIAN'S IDEA of The United States of America was distributed at the time of the 75th 'birthday' of Roanoke City and having a copy of the postcard, I thought that this would be a good time to reproduce it. Under the 'Caution' on the map I would also add genealogy -- altho at one time Virginia did go to the Mississippi River -- so please remember that when you find that your ancestor was born in Virginia. Altho' there will be few ancestors from that period of time -- what most people forget is that until 1863 Virginia included West Virginia and that is still a large territory to cover.

(Note: The additional notes were added by Mrs. Hagan -- some have a question mark beside them. She also found that only 2 members of the present congregation were descendants of members of the congregation 100 years ago. They are Jean Showalter, descended from the Watts' family, and Mary Kuera, descended from the Berkley family. Other descendants of the 100 year ago congregation are in the city - but as members of other churches.

The Episcopalians of this area shared a little brick church with the Presbyterians in 1831. In 1840, the Episcopal group moved to a vacant building in Big Lick for its services and in 1850, built its own "House of Worship" called St. John's - the first use of that name by this congregation. Consequently, I feel that St. John's congregation is certainly one of the oldest, if not the oldest, in the area.

Should the publication of this list evoke any inquiries, or new pieces of knowledge, I should be very happy to receive them. Our early records are scant and any information about our church in that era would be most welcome.)

GAZETTEER

Classified Business Directory,

1884-'5.

Compiled and Published by J. H. CHATAIGNE, Richmond, Va.

PRICE, -- $5.00.

Entered according to Act of Congress in the year 1884, by J. H. CHATAIGNE, in the office of the Librarian of Congress at Washington, D. C.
to the large markets of the North. The mineral deposits, the chief of which is iron, are very valuable, and extensive machine and iron and steel works have recently been established at Roanoke, the former, in the construction of passenger and freight cars, giving employment to 1,200 hands, and the latter working to its full capacity of 100 tons of iron per day. The mineral springs, of which there are several, enjoy a high reputation for the medicinal properties of their waters. Of these the Roanoke Red Sulphur and Botetourt take precedence.

Salem, the county seat, is a beautiful and prosperous village on the north bank of the Roanoke river and on the line of the Norfolk and Western R.R., 178 miles southwest from Richmond. The place is steadily growing in importance as a business centre, and with its fine natural advantages and the railroad connections soon to be consummated at this point by the extension of the Valley railroad, is destined to become a populous and highly prosperous city.

Owing to its delightful location, Salem has become very popular as a summer resort, and its society during the summer months is greatly augmented by visitors from the more southern localities.

Roanoke College, one of the younger, though one of the most flourishing institutions of learning in the State, is located at Salem. It is a Lutheran institution, and its system is the regular college curriculum. It has also a normal course of teachers of public schools, a select one for a mere business education, and a preparatory department for training boys for the college classes.

Roanoke, formerly Big Lick, on the Norfolk & Western railroad at the southern terminus of the Shenandoah Valley road, is the principal town of Roanoke county. Its growth from a village of a few hundred three years ago to a city of 10,000 inhabitants is unparalleled in the history of Virginia towns. There are extensive work shops here, where the connecting Norfolk & Western and Shenandoah Valley roads have their great engines and handsome coaches built. The streets, stores and dwellings are lighted with gas, and there are large water-works, which furnish an abundant supply for the various purposes. The area of the county is 400 square miles, 191,18 acres and the average assessed value of the land is $8.60 per acre.

On James river, two miles above the mouth of North river, a limestone furnish-
ment of a first-class hydraulic cement is found. At the mouth of North river, sand of the finest quality for making glass has been discovered.

Tim mines are being opened on Irish creek, in the South Mountain, about 8
or to mines from Vesuvius and Rivendell stations on the Shenandoah Valley rail-
road.

The railroad facilities in this county for travel and transportation are extra-
ordinarily good. The Chesapeake and Ohio Railroad passes through the western-
part of the county, with a branch from Goshen Depot to Victoria Furnace mines, near the Rockbridge Alum Springs.

The Valley branch of the Baltimore and Ohio runs from Staunton through the entire length of the county to Lexington where it connects with a branch of the Richmond and Alleghany Railroad leading from Lexington along North River to Balcony Falls, where it intersects with the trunk line of the Richmond and Alleghany, which runs through the southern part of the county along James River. The Shenandoah Valley Railroad extends entirely through the county from northeast to southwest, along the western base of the Blue Ridge Mountains.

The scenery in many portions of Rockbridge is very grand and picturesque, and the county contains many points of great interest to the traveler and pleasure-seeker, among which may be mentioned the Natural Bridge, so famous as being one of the greatest natural curiosities in the world, and from which the county takes its name. Handsome hotels have recently been built at this place and first-class accommodation can now be had for 400 guests. The mineral springs of the Jordan Alum, Rockbridge Alum, Cold Sulphur, White Sulphur and Rockbridge Baths, all popular places of resort, are in this county. Superior bathing is found in the James River from the mouth of North river up to Clifton Forge.

But the county seat, is on North river in the center of the county, surrounded by wild and beautiful scenery and fertile country. It is the seat of the Virginia Military Institute and of the Washington & Lee University, two of the most eminent institutions of learning not only of the State but of the country. The remains of Generals Lee and Stonewall Jackson lie buried here.

A branch of the Richmond & Alleghany Railroad extends from Balcony Fallss, up North river to Lexington, a distance of twenty miles. Lexington is also the present terminus of the Valley Branch of the Baltimore & Ohio Railroad. Rivers situated, the nearest depot on the Shenandoah Valley Railroad, is within seven miles of Lex-
ington to which point there is a daily line of hacks.

The area of the county is 695 square miles, or 430,865 acres, and the land has an average assessed value of $89 per acre.

THE LAST WORD

May be -- the way my typewriter is acting up. I will have to get it fixed. Doesn't anyone out there have a real nice typewriter to give away, such as an IBM -- the one with the screen, memory bank, etc, etc. -- if you do, let me know and I will accept with open arms.

Someone wrote and said that one of the marriages in the "Botetourt Co. marriages" was not found by the researcher at the courthouse. These bonds are the original ones that are still in the courthouse and have not been checked against the marriage register and then the 'translation' that we made may not agree with the names in the register. And then our translation may be wrong.

Again I must apologize for the lateness of VAN. Due to the illness of my oldest sister, Virginia, and her unexpected death in September -- I am very much behind in everything. The material on Roanoke is incomplete but have not had the time to collect and type all that I have or wanted to get. The stories on early years of Roanoke ---- oh well, another time. This issue has not had the care and planning that is usually given to VAN, so please forgive ----- 

Babe Fowler, editor.
GUIDELINES FOR VIRGINIA APPALACHIAN NOTES

Material for publication:
1. Please type, if possible, on 8½ x 11" paper, single space, with minimum margins of 1" on all sides and headings patterned on those in this issue. PLEASE use a dark ribbon and CLEAN keys, mail in large manila envelope if feel you cannot type well, please type the material with double space. Please read the material over before sending it and check all dates.
2. Give source of material. Original documents - where found, type, number of page, etc. We cannot print material from printed source unless we have permission from the author.
3. Deadline for submitting material is the first of the month previous to the month of publication.
4. Material contributed will not be returned unless accompanied by a stamped self-addressed envelope.
5. We welcome all family histories (may have to be edited due to space) copies of court records, Bible records, etc. That little bit of information may be of help to someone. Of course, we cannot promise next issue publication.
6. On family histories, our policy is to print prior 1900 -- much as we would like to carry forward the modern day generations -- it uses too much space.

NOTE: We cannot vouch for the accuracy of the material submitted to us or that the "translation" of the original document is true. If you have read such material, you can understand.

QUERIES:
1. Unless queries are to be used as fillers, submit one at a time. Since this is a quarterly, queries not used when originally submitted may become dated and of no value to the writer.
2. All material should be sent to Mrs. Minnie Hall, 2617 Lynhurst Ave. NW, Roanoke, Va. 24012.
3. Be sure your query makes sense. Don't abbreviate (we will) or over simplify. If longer than 50 words, we will edit.
4. Queries are free to members. To nonmembers the cost is 5¢ a word -- does not include your name and address. Limit of 50 words. We will try to get all queries in as space permits.
5. Please put queries on a separate sheet with your NAME and ADDRESS when enclosing with other material. Some queries have been lost along the way because of being included in the body of a letter. (NOTE: this applies to other requests as well.)

REQUESTS FOR RESEARCH: Our research is made in our library. NO One should ask for material on John Henderson of Virginia -- we need dates, county (area) --give us something to go on. Remember early Virginia went to the Mississippi River -- later included Kentucky, West Virginia, part of North Carolina, Tenness, Maryland, and Pennsylvania (disputes over the boundaries). So when you say John Henderson was born in Virginia ----designate parents, children and who married who. Please remember that the research is done by volunteers and therefore is limited, it cannot be a comprehensive research. Also -- please enclose a self addressed stamped envelope (SASE).
