The Southwestern Virginia Genealogical Society meets the third Saturday of each month except June, July, August and December at the Roanoke City Central Library, Elmwood Park, Jefferson St (across from Community Hospital), Roanoke, Va at 1:30pm. Come early and research in the Virginia Room. The May meeting is a field trip to the Pioneer Village at Staunton, Va. The plan is to meet about 8:00am at the Oakland Baptist Church (off Williamson Road) to car pool. We hope to be in Staunton by 10:00am.

Dear fellow genealogists:

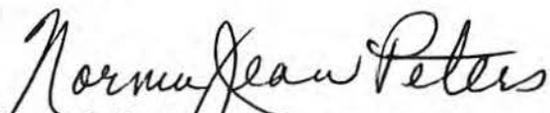

The Southwestern Virginia Genealogical Society values your membership and your participation in the activities of the society. Your executive board works hard to try to provide services which will assist our members in their genealogical work.

I would like to appeal to our members who live in the Roanoke area to become more involved in the society. We need volunteers to serve in a variety of capacities in the society. We need your attendance at our meetings and your suggestions for programs.

The society meets on the third Saturday each month except June, July, August, and December in the Brody Room at the Roanoke City Library.

Please let us know if we can be of assistance to you.

Sincerely,

Norma Jean Peters, President

She should have waited till it effervesced.

ABRAHAM & ELIZABETH NAFF BARNHART

Abraham was the third son and third child of Daniel and Elizabeth Naff Barnhart. Both his mother and wife were named Elizabeth Naff. His birth date is given as 16 Oct 1795, in "Barnhart Family Record" by Josephus Barnhart. (1) The same book gives his date of death as 12 May, 1872. Census records and the date his estate was inventoried after his death would appear to validate this date. I have found no official records of either his birth or death.

In the "Barnhart Family Record" Elizabeth Naff was born 17 March 1798 and died 23 May 1882. (2) This books says her parents were Jacob and Elizabeth Naff. John Boitnott in "Naff and Related Families" (3) Agrees that she was born in 1798, but indicates that her parents were Isaac and Barbara Naff. The birth dates coincide and are in agreement with the age given in later census records. It is interesting to note that both Jacob and Isaac are brothers, and children of Jacob and Eva Naff, Their sister is the mother of Abraham. This makes Abraham and Elizabeth first cousins. This was not an unusual occurrence at that time. I would believe that due to the sparse population the pool of available spouses was limited. They also were members of the Brethern Church, who members tended to marry within that church.

Their marriage took place in Franklin County Virginia on 21 October 1818. (4) The name of the minister is not shown. George Knave was listed as surrogate. They were the parents of nine children. Daniel born 8 Feb. 1819, Hannah born 12 August 1821, Jacob born 25 Sept. 1823, Rebecca born 1827, John born 13 Feb. 1829, Abraham born 11 Nov. 1831, Elizabeth born 26 Sept. 1834, George born 8 Aug. 1837 and an unnamed son who died as an infant. There are several sources for the birth dates of the children. They are shown in both "Naff and Related Families" and "Barnhart Family Record" and there is general agreement. These children are also listed by name in Abraham's will and in the settlement of the estates of both Abraham and Elizabeth. All the children were born in Franklin County.

Abraham and Elizabeth, and their children were members of the Brethern Church. Abraham was an Elder in the church. (5) It is interesting to note that four of Abraham's sons also served as Elders in the church. Abraham's brother Daniel was also an Elder in the church.

Census records have been found for the years 1820 through 1870 in Franklin County, Virginia. Prior to 1850 the census listed only the head of household by name, other members of the family were listed by sex in certain age groups. In 1820 (6), 1830 (7), and 1840 (8) Abraham was listed as head of household in Franklin Co. Va.. No township was listed for these years. In the 1850 census (9) Abraham

was counted with Elizabeth and three children Abraham, Elizabeth and George. His occupation was listed as farmer, no township was listed. The 1860 census (10) has Abraham and Elizabeth in the Googinsville P.O. district of Franklin Co.. His occupation is given as "Dunkard Clergyman". He had real estate valued at \$1,700 and personal property of \$250.00. His last census record, 1870 (11), has him enumerated in Bonbrook Township of Franklin Co. living with Elizabeth. His occupation was farmer and real estate value was \$1,500.

When Abraham's father died he owned three parcels of land. Among them was a parcel of 208 acres he had purchased from James Calloway for 100 pounds CVM (current money of Virginia). On 1 Feb. 1813 Abraham's brothers John and Daniel sold their interest in this property to Joseph Flora for 100 pounds. At that time Abraham and his sister Susannah were still minors. On 5 May 1817 he and his sister sold their remaining interest to the same Joseph Flora for 100 pounds. (12) As the deed makes no mention of this sum being paid to each, I assume it was divided between them.

On 6 April 1819 Abraham bought 140 acres from his brother John for \$500.00.(13) That is the equivalent of about \$5,325.00 in todays dollars according to "How Much is that in Real Money" by McCusker.(14) The 50 pounds he received as his share from the sale of his fathers property would have equaled about \$2,500.00 in todays money.(15) The fact that a man in his early twenties had that much money would seem to indicate that his inheritance was substantial.

George Nafe, on 13 June, 1840, sold 18 acres to Abraham for \$18.00. This amounts to \$4.50 per acre.(16) There are two deeds involving Abraham written on 3 June, 1861. He sold 2 1/4 acres to his nephew, John Barnhart, for \$20.00.(17) and John sold him 2 1/2 acres for \$30.00.(18) Both of these parcels are along Gill's Creek.

I could find no other record of land owned by Abraham, however I believe he owned other properties. In a deed dated 31 Aug., 1912 his son, Abraham Jr., sold 205 acres to his son George, for \$500.00.(20) There is no metes and bounds description of the property, only the names of the adjoining property owners. The land is further described as "being the same lands formerly owned by Abraham Barnhart Sr. and willed by him to Abraham Barnhart." Daniel, the father of Abraham Sr., owned 508 acres in Franklin County at the time of his death. I can find records of only 308 acres being transferred. Could this 205 acres been part of Daniel's estate, and thus been acquired by Abraham Sr? This is only speculation as I have no evidence.

Abraham died 12 May, 1872, near Wirtz in Franklin County, where he had lived his whole life. I have no record of his death or burial. I would believe that he is buried in

the cemetery of the Germantown Brick Church of the Brethern, the church that he had served as an Elder. I have found no stone marking his grave, but there are some older graves with missing stones, and some illegible ones. His wife, Elizabeth, died 23 May 1882. Again, I would believe that she is buried next to him, but have no documentation.

Abraham made a will dated 3 July, 1869 and admitted to record 2 June, 1873. The will named his wife Elizabeth, his seven surviving children, and the two children of his daughter Elizabeth who had died in 1859, as heirs. His son Abraham Jr. was named as executor.(19) The will provided that after the death of his wife, the property was to be divided equally. Abraham Jr. was to "have possession of all my land at the price of \$3.50 per acre." His wife was to take such household and kitchen furnishings as she may deem necessary.

An appraisal of the personal property of Abraham showed a total of \$299.32.(21) This included \$79.05 of personal property, \$178.12 in bonds and notes and \$42.15 worth of property his widow kept. At a sale held 15 Aug., 1873 a settlement of the personal estate was filed and recorded showing a total sale of \$184.25, which was distributed to the heirs.(22)

The sale of the personal property of Elizabeth, widow of Abraham, after her death netted \$31.28.(23)

A paper filed with the Franklin Co. Court and recorded 3 June, 1844 shows a disbursement of \$11.18 to each of the distributees.(24) Another paper filed with the Court 7 March, 1888 shows the same disbursement as the previous document, and a balance of the estate of \$6.72.(25)

None of these papers concerning the disbursement of the estate make any mention of the \$3.50 per acre that Abraham Jr. was to have to have paid the estate for his father's lands. I have not found any record of this disbursement, but I will search for it the next time I am in Franklin County.

KEEPING THE ONCE LOST FROM GETTING LOST AGAIN, by Richard Andre

One of the most rewarding sidelights of the genealogical hobby is the discovery of the last resting place of our long departed ancestors.

It is somehow sad to consider that many old graves are unmarked and often times it is only through our research that their location becomes known.

The writer has discovered at least five in his own family line that were either unmarked or the original stones have eroded away.

What can we do to assure that future researchers will be able to find and identify these graves?

Any individual can usually see that a modest stone is cut and placed on an unmarked grave once the person is sure of his fact.

Most monument companies, especially small struggling ones, will sell a simple flat granite headstone for less than \$50. Note I specify granite because it is timeless, and scoundrels will steal bronze markers. You must consider that the well-cared-for cemetery you see today may be left to fend for itself in a hundred years or so. Do not choose an upright stone because it will eventually fall or be pushed over.

Now here is a simple tip. The installation of a small headstone, say 50 or 60 lbs., is very easy! Just buy a 90 lb. bag of sakrete- dig a hole about 6 inches deep exactly the size of the sakrete bag-place the bag in the hole and cut out the top of the bag. Lay the headstone exactly on top of the exposed sakrete and I guarantee mother nature will do the rest. The rain and natural dampness will solidify the sakrete and the new headstone will have a good solid foundation.

Dear Mrs. Fowler:

The last issue of VAN, February 1994, published The Duncan Family, prepared by Mary Frances Duncan Bridges. I believe a clarification as to source is in order.

The section on George and Elizabeth (Morricle) Duncan (I-2) and the section on Blanch Duncan Jr., and Mary (Morricle) Duncan (I-5) were taken with minor changes from my book, The Morricle Family (1983). The personal information on Malachi Duncan, Rhoda Duncan, Mary Morricle Duncan, as well as that on other family members, was copied verbatim from my book.

I would appreciate your publishing this clarification in the next issue of VAN. Many thanks.

Sincerely yours,

Marguerite Tise

GENEALOGICAL QUERIES: Each member is entitled to 1 to 3 free 60 word query (does not include your name and address) per issue as space permits. The typist will not compose queries for you, so please make your query as clear and specific as possible so that others can understand them and have a chance to help you. Each query should include name, dates, and location to identify the problem. Please capitalize surnames - is it Mary Smith JONES (single) or Mary SMITH JONES (maiden & married name). Do not abbreviate, we will. If not typed, please PRINT -- some written queries we have not been able to read. Queries for non-members are 5¢ (cents) a word not including your name and address. The queries must be received prior to the 1st of the month preceding publication.

=====

FAMILY REUNION, PUBLICATION OF BOOK, NEWSLETTERS, ETC: Limited to 60 words, not including your name and address. We cannot edit a full page down to 60 words - so send the notice as you want it printed. These notices will be put in as space permits. Members will be given priority in publishing these notices.

MATERIAL FOR PUBLICATION: We welcome articles, records, etc for publications. The material when received may not be used in following issue, but in a future issue. If a large amount of material is sent, it may take a while to publish because we try to have a variety of material in each issue. (1) **READY FOR PUBLICATION** (which the editor loves). Please type using a carbon ribbon or dark ribbon and **CLEAN KEYS**. Use 8½x11" paper, single space, with a minimum margin on ALL sides of 1 inch. Center your title. Be sure to include your name, address, and date (year) on the document. If not typed for publication, please print **PLAINLY** -- some articles that have been written we have not been able to read, or those that are typed with all caps are difficult to read. **PLEASE** read material over before mailing and double check all dates. (2) **GIVE SOURCE OF MATERIAL**. Original documents - where found, type of record, page number, etc, or, if known, who now has the document in their possession. We **CANNOT PRINT** material from printed sources unless we have written permission from the publisher, which you **MUST FURNISH**. We must have source of material to give credit to the person who has done the work. (3) **DEADLINE** for submitting material should be at least two months before date of publication. (4) Please do not send material that you want returned - send a photocopy to us instead. That way it won't get lost, as letters do get misplaced, when passed from one person to another.

=====

SURNAME INDEX: Information will include name (given and surname), place (location at time of date), Date (birth, death, marriage, or where living at the date given). "WASKEY, William Christopher - Montgomery Co, Va - 1900-10 death" If this data takes more than one line or the spouse is included on the same line, it will count as two names. The limit is 10 names. The surname index is published in the August issue.

VAN cannot vouch for the accuracy of the material submitted to us and printed by us. The 'translation' of the original document may not be correct - get a copy of the original document, if possible, to see if you agree with the printed version
