PRESIDENT'S MESSAGE

July 15, 1996

Dear Members,

I just don't see where the year has gone. It's time for the August issue of the VAN, and I haven't even made a visable reduction in the stack of material I was intending to finish this summer--yet, I've been working every available minute. As all of you know, researching your family or families is mot something you can finish in a few hours, a few days, or even a few years.

I'm very encouraged by the number of people researching in the Virginia Room this summer and the miles they have come to do research. One man from Alabama remarked that he had driven 600 miles to find one name, but it turned out he found many of his wife's family from a book that one of the SWVGS members had done. Almost every day folks from different states come to the Virginia Room searching, and as additional resources are added regularly, it becomes even more attractive. Other members have reported they have been locating cemeteries and recording the information on the stones, and trying to find the names of the people buried there whose graves do not have legible stones--particularly if some of their relatives are known or thought to have been buried there.

Another surprise for me was a distant cousin coming from Florida to Montgomery Co. for research and found my Lawrence book in the local library. It turned out he was a descendant of one of the Lawrence sons having migrated into KY. and raising a family there, in addition to the two sons he left in Montgomery Co.

Genealogy is alive and well in Roanoke.

I hope each of you has had an opportunity to attend your family reunion, or will have before the year's end. This is an excellent opportunity to get to know your kith 'n kin and to exchange pictures and information. One of our members helped to organize a reunion earlier this year--the first for the family and it turned out to be a huge success. They hope to have another next year.

The next meeting of SWVGS will be Sept. 21, which will soon be here. I hope each and every one of you within traveling distance will attend our meetings as they have been very interesting and informative.

Also, our VAN Editor, Babe Fowler would appreciate any of you submitting material for publication in the VAN.

Happy ancestor or kin folk hunting until I see you in September.

Ora Belle McColman

The Library of Virginia is pleased to announce the Virginia Colonial Records Project (VCRP) database, a modern and innovative electronic tool for access to a vast finding aid to the basic sources for the study of colonial Virginia history. The VCRP was established by the Library of Virginia, the Colonial Williamsburg Foundation, the Virginia Historical Society, and the University of Virginia Library to reconstitute the archive of colonial Virginia--a documentary record decimated by war and fire. Between 1955 and 1985, project agents visited more than 100 archives and libraries in Great Britain, Ireland, and France to survey their collections for Virginia-related documents.

The VCRP generated 14,704 Survey Reports, in which the agents described their findings, and acquired 963 reels--about a million images--of microfilmed original documents. To provide ready and easy access to this mountain of information, VCRP staff at the Library of Virginia have created a database index to 500,000 personal names and ship names in the Survey Reports. The database is fully searchable and, most important, is linked electronically to digitized images of the Survey Reports. Historians, genealogists, exhibit curators, archivists, and other researchers can examine any of the 28,000 pages in that huge finding aid.

The Virginia Colonial Records Project database is available for public access on the Internet through the Library of Virginia's Home Page. The URL is <<http://leo.vsla.edu/lva/lva.html>>.

Because all of the participating Virginia institutions hold copies of the microfilmed documents, the VCRP database supports research on early Virginia history at those institutions as well as at the Library of Virginia. As the year 2007 and the 400th anniversary of English settlement in Virginia nears, the VCRP database will be an invaluable resource for all varieties of historical research.

For more information about the Virginia Colonial Records Project database, contact John Kneebone, Project Director, The Library of Virginia, 11th Street at Capitol Square, Richmond, Virginia 23219. E-mail: jkneebon@leo.vsla.edu; phone: (804) 786-7311.

The Virginia Colonial Records Project database is one part of the Library of Virginia's Digital Library Project. More than 1.3 million documents, images, and finding aids are available through the Library of Virginia's Home Page. During the second phase of the Digital Library Project, one million images will be added by September 1996.

In addition to the VCRP database, the first phase of the Digital Library Project includes:

- Images of more than 850,000 deteriorating catalog cards, totaling 35 unique and searchable research aids to archival and library collections at the Library of Virginia.

- A bibliographical index to the Library of Virginia's extensive Bible Records collection, which is often the only source for birth, death, and marriage information prior to 1853 and from 1896 to 1912. Images of the Library's 100,000 Bible Records will be linked to this index during the second phase of the project.

- The U. S. Army Signal Corps Photograph collection, including more than 3,500

photographs from the Hampton Roads Embarkation Series, 1942-1946, documenting military activities at Virginia ports during World War II. A bibliographical index is fully searchable and linked electronically to digitized images of the photographs.

The Library of Virginia, formerly known as the Virginia State Library and Archives, has served the archival and research needs of Virginians since 1823. The history of the Library of Virginia, however, reaches back to the collection of books and archives acquired for official use, first by the colonial Council and later by state authorities. Established as the reference and research library at the seat of government, it holds Virginia's official records from 1607 through the present day.

For more information about the Digital Library Project, contact Elizabeth Roderick, Project Coordinator, The Library of Virginia. E-mail: eroderic@leo.vsla.edu; phone: (804) 786-2975.

EXCHANGE QUARTERLY NEWS

The quarterly, *The Genie*, published by Ark-La-Tex Genealogical Association, Inc., Vol. 30 No. 2, pg. 73-75, has reprinted the 1876-77 Catalogue of the Officer and Students of Roanoke College, Salem, Virginia.

The Southern Kentucky Genealogical Society is now publishing a newsletter, *President's Perspective*. In Vol. 1 No. 1 is a replacement index to their last *Longhunter* quarterly. They had been unhappy with the result of the last printing. The society now has a Home Page for those with access to the Internet. Check it out at: <http://members.aol.com/skgs/gen-l.htm>.

We are receiving complimentary copies of *The Doss Connection*, publication of the Doss Family Association. This is a well-formatted publication, full of records, interviews and Doss family information. These are being placed in the Virginia Room, Roanoke City Public Library. Membership to the Doss Family Association is \$15 annually. For information, please contact The Doss Connection, c/o Libbie Griffin, P.O. Box 271, Greenbush, MA 02040.

In *The Louisiana Genealogical Register*, Vol. XLIII No 2, June 1996, is a list of Confederates buried at Crown Hill Cemetery, Indianapolis, IN. This list includes 144 Virginians, showing the name, military unit and date of death. The article includes information about the Camp Morton Prison in Indianapolis, IN.

=====
The following note and photographs were received by the Society:

"A few years ago when I was walking in a small cemetery near Alden, Kansas, I realized that some of the people-ancestors were from the Bedford, Virginia area. Maybe someone wants these pictures for genealogical purposes."

The names on the tombstones photos are: Annie V. Dau of T.B. & M.W. JETER; Stewart W. JETER; JETER, Dessie and Thomas H.; Edwin E. JETER; Evelyn JETER; Lillian C. JETER; Two stones with only the name JETER and small stones with the names Ernest S., Walter P. and Mary J. (probably JETERs also). For the most part, the stones include birth and death dates.

Anyone wishing a copy of these photos, please contact the corresponding secretary. The negatives were also included, but the person sending the material did not give a name or address. The Society thanks him or her for passing along this material.

The Last Word

We have had complements and complaints on printing Mitchell's Reference to Map (next month is the end - thank heavens!) - also using printed material, such as Directories. As many of us have found out, there can be more than one 'town' in one state or county with the same name. And don't forget the formation of new states and counties. This is where we have to know the history of a state or county. Or, as I found out, the census taker put down the wrong state for a county. The state directory can give the location of a family -- much better than the usual "Va."

I want to thank all my friends for their support and prayers during the illness and death of my son Bill.

GENEALOGICAL QUERIES: Each member is entitled to one (1) to three (3) free **60 word** query (does not include your name and address) per issue as space permits. The typist will not compose queries for you, so please make your query as clear and specific as possible so that others can understand them and have a chance to help you. Each query should include name, dates, and location to identify the problem. Please **CAPITALIZE** surnames - is it Mary Smith JONES (single) or Mary SMITH JONES (maiden & married name). Do not abbreviate, we will. If not typed, please **PRINT** — some written queries we have not been able to read. Queries for non-members are 5¢ (cents) per word not including your name and address. Queries must be received prior to the 1st of the month preceding publication.

FAMILY REUNION, PUBLICATION OF BOOK, NEWSLETTERS, ETC.: Limited to 60 words, not including your name and address. We cannot edit a full page down to 60 words — so send the notice as you want it printed. These notices will be put in as space permits. Members will be given priority in publishing these notices.

MATERIAL FOR PUBLICATION: We welcome articles, records, etc. for publications. The material when received may not be used in following issue, but in a future issue. If a large amount of material is sent, it may take a while to publish because we try to have a variety of material in each issue. **(1) READY FOR PUBLICATION** (*which the editor loves*). Please type using a carbon ribbon or dark ribbon and **CLEAN KEYS**. Use 8 1/2" x 11" paper, single space, with a minimum margin on **ALL** sides of 1 inch. Center your title. Be sure to include your name, address, and date (year) on the document. If not typed for publication, please **PRINT PLAINLY** — some articles that have been hand written we have not been able to read, or those that are typed with all caps are difficult to read. **PLEASE** read material over before mailing and double check all dates. **(2) GIVE SOURCE OF MATERIAL.** Original documents — where found, type of record, page number, etc., or, if known, who now has the document in their possession. We **CANNOT PRINT** material from printed sources unless we have written permission from the publisher, which you **MUST FURNISH**. We must have source of material to give credit to the person who has done the work. **(3) DEADLINE** for submitting material should be at least two months before date of publication. **(4) PLEASE** do not send material that you want returned — send a photocopy to us instead. That way it won't get lost, as letters do get misplaced, when passed from one person to another.

SURNAME INDEX: Information will include name (given and surname), place (location at time of date), Date (birth, death, marriage, or where living at the date given). "WASKEY, William Christopher - Montgomery Co, VA - 1900-10 death" If this data takes more than one line or the spouse is included on the same line, it will count as two names. The limit is 10 names. The surname index is published in the August issue.

VAN cannot vouch for the accuracy of the material submitted to us and printed by us. The 'translation' of the original document may not be correct — get a copy of the original document, if possible, to see if you agree with the printed version.
