The **SOUTHWESTERN VIRGINIA GENEALOGICAL SOCIETY, INC.** is a tax-exempt corporation under section 501(c)(3) of the Federal Income Tax Code. Section 170 of the Tax Code provides for the treatment of contributions to the SVGS as a deductible contribution by the donor. Bequests, legacies, devises, transfers, or gifts to the SVGS may be deductible for Federal estate gift tax purposes, if they meet the applicable provisions of sections 2055, 23106, and 2522 of the Tax Code.

**MEMBERSHIP:** Each SVGS member will be mailed a copy of the "Society's" quarterly, the VIRGINIA APPALACHIAN NOTES (VAN). The VAN is usually published quarterly. The annual index will be included in the Fall issue of the VAN for that year. Society memberships are on a calendar year basis and those memberships, which are not renewed by January 30, will be deemed as inactive and removed from the VAN mailing list. Single or family memberships are \$20.00; Organization and Library memberships are \$15.00. Members with mailing addresses outside the United States shall add \$10.00 to the above fees and all monies are payable in U. S. currency. All payments should be made by check or money order, payable to: **Southwestern Virginia Genealogical Society, Inc. or to SVGS, Inc.** and mailed to: **SVGS, ATT: Membership, Post Office Box 12485, Roanoke, VA 24026-2485.**

**BACK ISSUES of the VAN:** 1995 and earlier, are available at a reimbursement cost of \$4.00 each, as long as the supply lasts. More recent issues are \$6.00 each. These prices include postage. Mailed to Virginia addresses please add 4.5% sales tax. A bulk mailing of old VANs to one address may be eligible for a discount. All payments should be made by check or money order, payable to SVGS and mailed to: **SVGS, ATT: Jim Nelson, Post Office Box 12485, Roanoke, VA 24026-2485.**

**BOOKS for REVIEW:** Books submitted to the Society will be reviewed and the review printed in a subsequent issue of the VAN. When submitting a book, please include the price of the book, copies of the available advertising material, and information as to where orders for additional copies may be placed. Following their review, all books will be placed in the Virginia Room of the Roanoke City Library, Roanoke, Virginia.

January 2004

Dear Fellow Members,

Happy New Year! And a special 'Thank You' to the officers and committee members who served the last two years. As you will notice, some folks continue to serve in another capacity. You are encouraged to attend as many meetings as possible and to join in the duties of the Society.

Very interesting programs are anticipated with former Virginia Room Librarian, Elaine Powers, the new Program Chair! Anita Haksch has assumed responsibility for checking in Exchange Quarterlies before donation to the Virginia Room.

Foremost on the agenda for 2004 is the necessity to change Section 1 of Article V of the Society's By-Laws regarding meetings. This has been under consideration for some time due to the scarcity of local members doing the work of the Society. The proposed change is published in this issue.

Work has begun towards publishing *Children of Botetourt County, Virginia* by Charles T. Burton. Added to publishing the VAN, it will be a busy year. Thank goodness for a dedicated staff! In this issue we begin Burton's collection of Botetourt County Death Records and Jim Nelson's reference for the Marsteller Stone Records.

The Roanoke Valley Convention & Visitors Bureau moved this fall to 101 Shenandoah Avenue N.E. That is located across the street from Hotel Roanoke in Roanoke's historic N & W passenger station. They share the building with the Link Museum which recently opened.

Jimmie Steele, a long time member of this Society passed away December 16, 2003. She taught genealogy classes for many years and was well know around the state. This society has donated *Index to Virginia Estates 1800-1865, Vol 4* to the Virginia Room in her memory.

**Come, join us in our work - we are still an all volunteer organization!**

Cordially yours,

## MARSTELLER STONE RECORDS

The Marsteller Corporation, started in 1927, provided many of the tombstones for the surrounding area. The final location was on Franklin Road next to the Roanoke River. Black Dog Salvage followed at the location, has since moved and the building since been razed.

Marsteller Stone Records, seven hugh volumes three or more inches thick, were donated when the company ceased business in 1992. They are stored in a basement vault and difficult to access. Jim Nelson, Virginia Room volunteer, was asked to develope the following reference for patron's use.

The records give complete directions for the engraver, purchase order and occasionally relatives. Cemetery listings outside the metropolitan area are sketchy at best. In some cases more detail can be found in the Marsteller book. At times, markers were ordered and picked up by the purchaser with no hint of the final destination.

The following records are for 1957 in a tome about three inches thick. Of course, many of the markers that had "blank" DOD entries in 1957 will have since been completed. Jim is currently working on the 1943,1944 record book.

VIRGINIA APPELLATE COURT NOTES

## Honor Veterans with Government Grave Markers

The U.S. Department of Veterans Affairs' (VA) National Cemetery Association maintains 120 national cemeteries in 39 states (and Puerto Rico) as well as 33 soldiers' lots and monument sites. Two other national cemeteries, Arlington National Cemetery and the US Soldiers' & Airmen's Home National Cemetery (Washington, D.C.), are supervised by the Department of the Army.

Upon request, the VA will provide a government headstone or marker for the grave of any deceased eligible veteran in any cemetery worldwide. There is no charge to the applicant but certain eligibility requirements must be met. The deceased must have been honorably discharged, for example. If the marker is to be placed in a private cemetery, someone, usually a local official, must be responsible for the receipt and installation of the marker. Most private cemeteries charge a fee for setting a headstone.

If the veteran is buried in a national, post, or State veterans' cemetery, cemetery officials will order the marker. For placement in a private cemetery, VA Form 40-1330, Application for Standard Government Headstone or Marker must be completed and submitted, including a copy of the discharge documents or other military records required to: Memorial Programs Service (402E), Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420-0001.

VA Form 40-1330 may be obtained from any VA regional office or national cemetery or by calling 1-800-827-1000. Information is also available at: [www.cem.va.gov/hmorder.htm](http://www.cem.va.gov/hmorder.htm).

There are 15 national cemeteries in Virginia. They are listed at [www.cem.va.gov/listcem.htm#VA](http://www.cem.va.gov/listcem.htm#VA). The state veterans cemetery is Virginia Veterans Cemetery, 10300 Pridesville Road, Amelia, VA 23002; Cindy VanBibber, Superintendent; phone: 804-561-1475; FAX: 804-561-1455

The VA National Cemetery Association will also help to determine if a decedent is buried in one of the 120 national cemeteries. Up to 10 names can be requested. Records do not contain personal, military or family information. No form is necessary, and there is no fee. Simply send your written request to: U.S. Department of Veterans Affairs, National Cemetery Administration (402B), Burial Location Request, 810 Vermont Avenue, N.W., Washington, D.C. 20420.

Be sure to include full name, date and place of birth, date and place of death, state from which the individual entered active duty and the military service branch.

The National Institute on Genealogical Research (NIGR) in Washington, D.C., will be at the newly renovated National Archives building in Washington and in College Park, Md. It offers on-site and in-depth examination of the common and less-known federal records found there. This intensive weeklong study opportunity is for experienced genealogists and for archivists, historians and librarians interested in using federal records for genealogical research. It is not an introductory course in genealogy. For information:

## **NEW SOURCE FOR HISTORY RESEARCH**

The name of the new manuscript guide published by the History Museum and Historical Society of Western Virginia, *Roanoke and New River Valleys, Virginia, Manuscripts: A Guide to Collections in the United States*, is hefty enough, but you should see what's inside this new publication.

Compiled by Lexington scholar Charles Bodie, the book tells you where to find old letters, diaries, stage coach waybills, slave records, pension applications and so on for Roanoke, Botetourt, Craig, Montgomery and Floyd counties. You can even learn where to find an arrest warrant for Daniel Boone because of a bad debt. The 286-page effort was largely funded by the Virginia Foundation for the Humanities. It sells for \$18.95 plus 85 cents tax and \$5 for handling and mailing: Total, \$24.80. Orders may be sent to the History Museum, P.O. Box 1904, Roanoke, VA 24008. The book is also for sale at the museum's store in downtown Roanoke.

Dear Sir:

I received the book, Botetourt County Virginia Early Settlers, by Charles T. Burton.

We have many in our society whose ancestors came from Virginia so this should be a help on their research.

I, too, have ancestors on both sides of my family who settled in Virginia, particularly Botetourt County. (Woods, McCoun, Black, McGee etc.)

I don't know who is perpetuating errors on Old Archibald Woods, you or Mr. Burton. There were two Archibald Woods: Archibald who married Mary and died in 1783 Virginia. She moved to Kentucky to live with daughter, Elizabeth, who married David Adams. The old Archibald Woods (b. My 11, 1706) who married Isabella Goss moved to the Carolinas and died there Dec. 11, 1768. It appears he is the son of old Michael Woods of Blair Park, as his son, John (Archibald's) came back to Virginia to settle Old Michael's estate.

Old Archibald Woods, who married Mary, died intestate, but Mary's will leaves her estate to her 9 children, all had sons named Archibald except Joseph who remained in Virginia, married widow McConkley and had no children.

Neander M. Woods in Woods McAfee Memorial started all of this mess by 'giving' part of each of the two Archibald's children to Archibald Woods who went to the Carolinas and died there. Ever since his book, all researchers have been perpetuating that situation. Mr. Woods did everyone a favor in collecting all of the Woods information at that time. But it has taken years for the Woods researchers of the descendants of Archibald Woods and Mary to get the two Archibald Woods' lines straightened out. If I live long enough I hope to get our research into print!

Archibald Woods and Isabella's son, Michael, saved the day by keeping as Age Book of their move to the Carolinas, listing all of Archibald and Isabella's children and his father Archibald's b and death appears in Va. Mag. Hist & Biog Quarterly Dec. 31, 1943.

It is our Archibald Woods and Mary who purchased land ( Indian Camp) 400A from the McAfees- Robert Poague to James McCoun, McCoun to Gabriel Jones, Jones to James, George and Robert McAfee and the McAfee's to Archibald and Mary.

Sincerely,  
Mrs. Charles G. Drake, Treasurer  
West Central Mo. Genealogical Society

BOOK REVIEW

**The Radford Letters: History of a Virginia Family**, by Minnie Adams Fitting. Soft cover, 340 pages, no index, but has a table of contents. Pocahontas Press, Inc., Blacksburg, Virginia, 2002.

The author has used family letters to learn about her great-grandfather, Dr. John Blair Radford, for whom the City of Radford is named. The 150 plus letters copied give local history along with the biography, including Civil War Action in the area. The font for the letters copied differs from the text to easily identify them.

Surnames included are Preston, Munford, Adams, Yancy, Beale, duVal, Reed, Steptoe, Somerville, Doyle, Small, Eakin, Ragwell, Winston, Jordan, Geddes, Brasseur, Fleming, Meredith, Shore, and Rutherford. Photographs are included in the Appendix.

Cost: \$24.95 plus postage and handling \$2.00. Virginia residents add \$1.12 tax.

To Order: Wilderness Road Regional Museum  
P. O. Box 373  
Newbern, Virginia 24126-0373

The donated copy of this book is a welcome addition to the Virginia Room.

ABOUT THE O. WINSTON LINK MUSEUM

O. Winston Link was a successful independent photographer from New York who declined numerous offers of exclusive exhibits by several notable museums. He was actively involved in the planning of the museum when he died of a heart attack at age 86 in January 2001.

The N&W passenger station was built in 1905 and redesigned in 1947 by world-renowned industrial designer Raymond Loewy. It served as the hub of five main rail lines radiating in all directions to points in Ohio, North Carolina, Maryland and Tennessee.

The O. Winston Link Museum, a partnership of the History Museum and Historical Society of Western Virginia and Center in the Square is located at 101 Shenandoah Avenue, across from the Hotel Roanoke and Conference Center.

A few pages from the historic December 1924 issue of the N&W magazine are included in this issue.

## NOTES FROM OUR OLD TIMERS

### O. P. Woodson

I was born December 30, 1857, in Campbell County, Va., near Lynchburg, and I had about three years of schooling in a country school. My boyhood days were spent on the farm, and on November 1, 1875, I entered the service of the Atlantic, Mississippi and Ohio Railroad at Lynchburg Shops, as a wiper in the roundhouse. This road afterwards became the Norfolk and Western.

I went to firing extra in 1876, and was promoted to locomotive engineer in September, 1882. I ran freight trains and was in work train service until May 18, 1891, when I was promoted to passenger service. I was in passenger service for 31 years and eight months, when I was retired. During the time of my service I have enjoyed the privilege of some of the best runs on my division.

### Thomas C. Vest

Thomas Calvin Vest, generally known as "Tom", needs no introduction to our older employees. Tom has had an eventful life and one finds it hard to reconcile Tom's vigorous and active movements with a man who has lived three years beyond the allotted three score and ten.

He was born in Bedford County on May 1, 1851, and received but a limited education in the schools of that county due to the war between the States. Farm life occupied his time until he was 17, when he was apprenticed. Four years of hard work made him a plasterer. But, as he tersely sums it up, "What I could make and save during the summer months dwindled quickly away

during the winter months when I could find no work."

Then he entered railroad service as watchman on a section. After two years, he asked for and received a job as a locomotive fireman. In those days the wood burner predominated and a fireman's life was not a bed of roses. The fuel had to be loaded by hand on the locomotive at the fuel stations and the mechanical stoker was embodied in the arms of the human fireman. Serving four years as a fireman, he was promoted to the throttle. His first assignment was a ballast train operating between Big Lick (now Roanoke) and Blue Ridge, spending the time when the ballast train was not in service shifting cars about the shop yard of the Roanoke Machine Works.

He was then transferred to Central (now Radford) and was assigned to a freight run between there and Pocahontas. Tom tells with pride that he hauled eastbound the first train of coal obtained from the first coal mine opened at Pocahontas.

Later he was transferred to Lynchburg and operated a yard engine. As Tom puts it, "When we did not have use for the yard engine I worked in the shops and have often thought of the pleasant experiences I had there working under N. H. Smith and Frank Sturk, master mechanics, and Machinists L. P. Ligon and C. M. Mays. To these gentlemen I am indebted for the knowledge I acquired of the general construction of the locomotive and that knowledge helped me over many a hard place in the latter years of my life." The rearrangement of divisions as the road expanded moved Tom to Roanoke and changed his assignment to freight service between Roanoke and Crewe where he remained until his retirement on April 15, 1920.

Tom now makes his home with his son, R. G. Vest, local chairman for the conductors on the Virginian Railway. He generally goes South to Miami each winter but always returns to Roanoke for the summer.

### C. T. Calhoun

I was born in Botetourt County on October 23, 1852, my father having moved to that county in 1860. My education was quite limited; my father had returned home from the Civil War unable to do much, and I, being the oldest son of ten children, had to work late in the fall and quit school early in spring to help put in the crop.

My first experience at railroading was in 1880, and my first job was working for a contractor building bridges on what was called the Richmond and Allegheny Railroad, now the James River Division of the Chesapeake and Ohio. When the bridges were completed, I entered the service of the railroad company as engine wiper and watchman at Clifton Forge. Later I was promoted to firing a yard engine at Lynchburg at a salary of \$35.00 a month. Eighteen months later I was running a yard engine for which I was paid \$60.00 per month. I thought I was getting rich. I continued in yard service for two years and was promoted to road service, pulling local freight between Lynchburg and Clifton Forge at a monthly wage of \$104.00 per month. In 1888, I was assigned to regular passenger service between Lynchburg and Richmond but due to this being a night run and my health being bad at the time, the master mechanic allowed me to return to the daylight local freight run.

On December 1, 1891, Robert Lemon, who was road foreman of engines on the Lynchburg Division of the Norfolk and Western, offered me a job. I accepted it and was assigned to yard service on the Radford Division. I served in this capacity until August 24, 1921, when I was retired on account of vision and hearing.

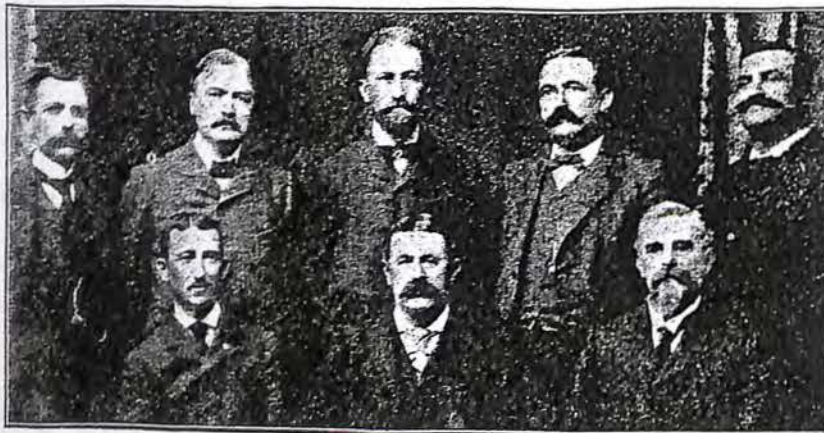

### John Robert Daniel

I was born in Campbell County, Va., on March 18, 1848, and spent my boyhood days on the farm. My education was very limited, attending school a few months in the winter and working during the summer. I was drafted in the Confederate Army at the age of sixteen, and served until General Lee surrendered at Appomattox.

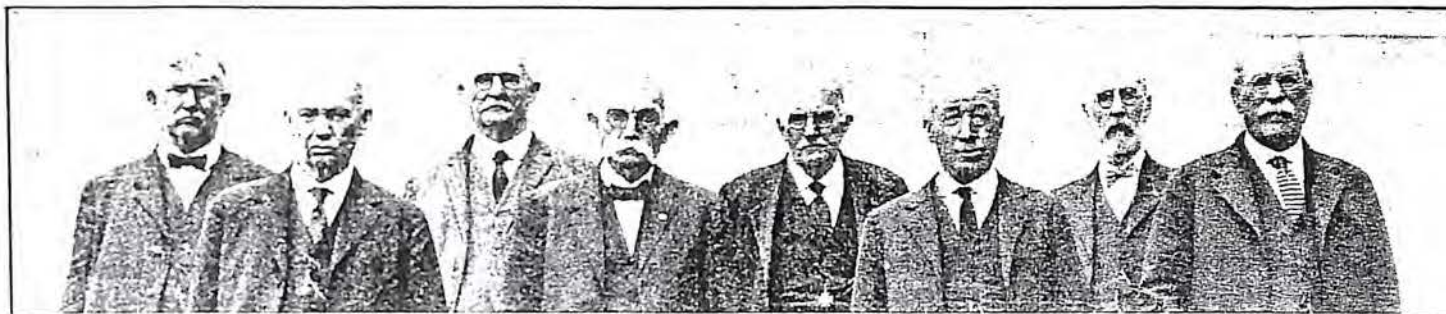

I entered the service of the Virginia and Tennessee Railroad in May, 1866, at Forest as depot hand. My duty was to help around the station and pump water for the engines with a hand pump. Lewis Campbell was depot agent at that time. In 1867, I went to Glade Springs to work on the section under an old Irishman by the name of Burke. In those days we worked from sun up to sun down, no eight-hour day then! From Glade Springs I went to New River as section boss under Tom Williams.

Through the influence of Gen. G. C. Horton, I got a job braking on a passenger train with Captain Raymond Fairfax. Then I became baggagemaster with Captain John Sumpter. Later I took a job with the old Consolidated Express in Lynchburg, and went from that to night watchman in the

## Remember When—

The general manager and his staff were composed of these gentlemen: This was in 1900 and they are: Front row: left to right: J. C. Cassell, general superintendent (there was only one then); L. E. Johnson, general manager; E. L. DuBarry, superintendent Norfolk Division. Back row: Superintendents J. W. Cook, Radford Division; N. D. Maher, Pocahontas Division; Theo. Low, Shenandoah Division; J. B. Conners, Norfolk Terminal; and V. A. Riton, Scioto Division. Messrs. Cook, Maher and Low are now on the Honor Roll, Cassell and Conners left the service several years ago and Johnson, DuBarry and Riton have joined the Innumerable Caravan.

roundhouse at Lynchburg. I was promoted to hostler soon after and remained at this until I went to firing on the road. When they changed the divisions, they put me back to hostling. On September 1, 1890, J. A. Hardy, superintendent, Radford Division, promoted me to yard engineer, which place I held until I was retired on March 18, 1918.

I was known by all my friends as "Uncle Bob" and I was treated fair and square by all my employers. That the road may have a long and prosperous future, and that God's richest blessings rest on each and every one of the officials and employees is old Uncle Bob's prayer.

### Frank M. Ratliff

Frank M. Ratliff was born on March 11, 1861, in Floyd County, Va., living there until he was eight years old, when his parents moved to Pulaski County, near Dublin, where Frank started his schooling. He started working about the farm, but farming never appealed to him so he deserted the plow and worked in several flour and woolen mills located at Snowville and at Newport, Giles County.

In 1886, he moved to Radford and entered the service of the Virginia and Tennessee Railroad, now a part of the Norfolk and Western, under N. H. Smith, foreman, and was placed in L. P. Ligon's roundhouse gang. Several years later he became a locomotive fireman between Radford and Bristol. This run forced him to be absent from his family, so when an opening occurred on the Dry Branch pusher, with lay over at Radford, Frank asked for and received his transfer. Several years later he was assigned to yard service at Radford and fired an engine on that yard until 1902, when he was promoted to engineman. After running for a short time on Radford Yard he was transferred to Roanoke Yard and continued there until his retirement because of bad health in April, 1923.

Looking back on his railroad experience he clearly recalls the building of the belt line around Roanoke. He played no small part in its construction and is proud of the fact that he hauled the first train over the completed line. Frank now spends most of his time in the open and is a familiar figure in Highland Park. His health has improved to some extent since his retirement. Frank is at home to his friends at 727 Marshall Avenue, Southwest, and we wish him many more years of happiness and all the blessings of this life.

### Stephen L. Mayo

I was born in Albemarle County, Va., on August 14, 1850. My boyhood days were spent on a farm (Little Egypt), near Charlottesville, and I attended school at Cedar Grove and later at Parsonage School. From both these schools trains could be seen

passing every day and I resolved that I would be an engineer. Farm life did not appeal to me at all.

In 1872 Capt. T. W. Wood, postmaster and depot agent, offered me a clerkship in his store at Ivy, on the Chesapeake and Ohio. While working here I became acquainted with some of the Chesapeake and Ohio men, especially those in local freight service, and on March 1, 1873, I went on the local with Capt. Alex Netherland, brother of G. S. Netherland, superintendent. Captain "Lex" was a fine old gentleman and very kind to several of us young fellows who were working without pay until we could find a vacancy. In those days conductors selected their brakeman and engineers their firemen.

I spent most of my work hours on engine 40 with H. J. W. (Polly) Perkins and his fireman, Joe Phillips, doing most of the firing while Joe did the running. About two weeks later Phillips was promoted and Polly Perkins took me to fire for him. And from that time on I had to do almost all the work—no metallic packing and no injectors—we had to pack our piston rods, valve stems and pump plungers with hemp rope, key the rods, line up crossheads which had gibs held on by slide plates bolted to the crosshead, and the pump plunger was also attached to crosshead. Most of this work was done when on a siding waiting for some other train.

Early the next year Polly gave up the local and took a through run, Staunton to Richmond. His pay increased from \$3.50 to \$4.75 and mine from \$1.50 to \$2.00 per trip and no overtime. We were still burning wood and using 14 or 15 cords per trip having to throw it from the wings of the tender to the vault, from the vault to the foot-plate and from foot-plate into the firebox. Hard work and more of it than I had thought there could be in train service.

The Chesapeake and Ohio was then getting through to the coal fields and soon our engines were changed to coal burners. About this time Geo. E. Sampson was made our first road foreman of engines. I heard him tell Perkins to give me all the show he could for work was getting heavy and they wanted to promote every man fitted for it. Perkins told him that I was ready whenever

he needed me. The first thing expected of a new man was to learn the rules and a fireman or brakeman in service two months knew the rules and watched out for rights as closely as did the conductor and engineer. And rules were more complicated than they are now; we simply had to learn them and understand what they meant. One night about the middle of July, 1874, I was called off my engine at Gordonsville, given charge of engine 4 and ordered to take a train to Staunton. Thus, after firing 18 months, I was promoted on the word of the man I fired for.

When the divisions were made shorter, Richmond to Charlottesville and Charlottesville to Clifton Forge, I fell heir to a run Richmond to Charlottesville and traded runs with "Pat" Taylor, a young man whose mother lived in Richmond.

This put me in the mountains, Charlottesville to Clifton Forge, where I remained until October, 1880, when I came to the Shenandoah Valley, now a part of the Norfolk and Western. In June, 1882, the Shenandoah Valley line was completed from Hagerstown to Roanoke. Besides good local traffic, we have hauled a great number of through passengers and have always had to do fast running. We have killed some employees, some trespassers and a few motorists (who were trying to beat us to public crossings) but as well as I can remember there has never been a passenger killed on one of our trains. This is a good 40-year record for a road through the beautiful valley of Virginia, and let us hope that its record will continue good.

On December 31, 1920, I was retired along with a number of others who had also reached the age limit.

### James C. Booth

James Connelly Booth was retired from active service on September 1, 1919. He was born in Wythe County, Va., on September 22, 1851, and though but a boy at the time of the war between the States, he managed to obtain an education in the county schools, working during his spare moments on the farm until he was sixteen years of age. After the war he went and worked at the tanner's trade in Bristol until he entered railroad service on July 9, 1869. He was assigned to an extra force and helped unload and lay the first car of rail that came to the Virginia and Tennessee Railway, now a portion of the Norfolk and Western. After three years on the section, he was employed as a fireman on July 9, 1872, on a wood-burning locomotive in passenger service, between Lynchburg and Bristol. Locomotive 117 was constructed at Roanoke Machine Works in 1875, and was designed to burn coal. Booth was given this first coal-burning locomotive to fire. On October

#### Mr. Old Timer:

The Norfolk and Western Family can never forget your years of faithful, loyal service. This little department is proof of that. Keep it alive and interesting by sending the editor your recollections of the old days, pictures of yourself and of the road and its personnel as you knew it.

12, 1877, he was promoted to engineman and continued to run between Lynchburg and Bristol until the expansion of the railway system caused divisions to be rearranged.

Jim was occasionally deflected from his assigned district and pulled freight between Central (now Radford) and Pocahontas. He had the honor of operating the first regular freight train to Pocahontas, Va.

In March, 1891, the system again went through a second rearrangement of divisions and he was transferred to Roanoke. From 1891 to the date of his retirement he ran between Roanoke and Crewe, operating time freight on that division for 15 years and passenger for nine years. Jim is now enjoying a well-earned rest in a cozy home in Roanoke, and puts in his spare time raising chickens.

## THE HONOR ROLL

*"How blest is he who crowns a Youth of Labor with an Age of Ease!"*

### James H. Grogg

James H. Grogg, supervisor of bridges and buildings, Shenandoah Division, was retired on November 1, because of having reached the age of 70. Mr. and Mrs. Grogg were tendered a farewell supper by his friends and fellow-workers at the Railway Y. M. C. A. in Shenandoah on October 31 in honor of his long and faithful service. A delightful program was given, the details of which will be found in Mr. Wysong's items in the Party Line columns.

J. H. Grogg

Mr. Grogg has enjoyed 40 years of active service with the Norfolk and Western, having first been employed as a bridge carpenter on November 1, 1884. He was promoted to assistant carpenter foreman on December 1, 1887, and to master carpenter on April 10, 1897; from that time until July 9, 1917, when he was made supervisor of bridges and buildings, Shenandoah Division, he worked alternately as master carpenter and carpenter foreman according to the fluctuations in business. He was born in Pulaski County, Va., on October 27, 1854.

### George Bender

George Bender, engineer, Scioto Division, was retired on November 1 because of physical disabilities. He was born in Portsmouth, O., July 8, 1882, and first entered the service as a fireman on the Cincinnati Subdivision on May 21, 1904. He was promoted to engineer on August 4, 1908, and continued in that position until ill health compelled him to give up his work.

### Cary R. Epps

C. R. Epps, a carpenter, Roanoke Shops, was retired on November 1, because of physical disabilities. He was first employed in Roanoke as a car builder on September 15, 1887, serving continuously until the date of his retirement. He was born in Richmond, Va., on August 22, 1857.

### N. H. Cheatham

Engineer N. H. Cheatham, Norfolk Division, was retired on November 1. He was born in Appomattox County, Va., on August 5, 1873, and commenced work on the Norfolk and Western on November 10, 1891, as a fireman, running out of Lynchburg. Several months later he was transferred to Crewe where he held various runs until May 21, 1898, when he was promoted to engineer, being examined by Road Foreman of Engines Jasper Wells. He returned to Island in 1899, and ran extra out of that point until assigned to a regular run on the Durham District, which he held until his health failed, causing him to give up his duties.

N. H. Cheatham

### Thomas B. Davis

Thomas B. Davis, conductor, Shenandoah Division, was retired on October 1, 1924. He was born in Newton, Pa., on September 17, 1857, and first entered the service of the Norfolk and Western on July 2, 1883. He left the service on October 2, 1883, but was re-employed as yard conductor at Hagerstown on October 27, 1884, and served in that capacity until September 5, 1886, when he again resigned. On October 18, 1887, he was employed as a yard conductor, and on January 25, 1888, he was transferred to a position as road brakeman. On March 21, 1891, he was promoted to freight conductor, retaining that position until his retirement.

Happy  
New Year

### W. H. Martin

W. H. Martin, a laborer in the Car Department at West Roanoke, was retired

W. H. Martin

on November 1, because of having reached the age of 70. He was born at Hales Ford, Va., on October 6, 1854, and first entered the service at Roanoke Shops as a laborer in 1897. He held this position for about seven years when he was promoted to car repairer, and resigned in 1911 because of ill health. He again entered the service at West Roanoke on May 4, 1915, where he remained until his retirement.

## Unsung Heroes

NOT all heroes are awarded medals nor does it always require unusual bravery to perform a heroic act. On December 5, 1919, Brakeman Ben Thompson, Scioto Division, did something which is well worthy of recognition here. He was a member of the crew of a long freight train which was waiting at Kermit for No. 16. As soon as No. 16 cleared the switch, the engineer of the freight train started to move when Brakeman Thompson, who was on the left side of the train, heard a scream. Looking around quickly he saw a woman looking under the cars. Immediately realizing that some one must be underneath the train, he stepped in between two cars and parted the air hose which

Brakeman Ben Thompson

stopped the train at once. Investigation developed that a young lady had attempted to crawl underneath this freight train and was on her hands and knees when the cars began to move. Undoubtedly she would have been killed had not Brakeman Thompson taken in the situation at a glance and acted immediately.

This case was called to the attention of the Carnegie Hero Fund Commission who held that he was not entitled to recognition on their part because it did not appear that Mr. Thompson's act was attended by any extraordinary risk to his own life. Nevertheless, we feel that any employee who does the right thing at the right time and in so doing saves a human life has done something of which he and the members of the Norfolk and Western Family in general can well be proud.

## A Little Thing

W'en big vessels meet, they say,  
They saloot an' sail away,  
Jest the same are you an' me  
Lonesome ships upon a sea;  
Each one sailing his own jog  
For a port beyond the fog.  
Let your speaking trumpet blow,  
Life your horn an' cry "hullo!"

Say "hullo" and "how d'ye do!"  
Other folks are good as you,  
W'en you leave your house of clay,  
Wanderin' in the Far-Away,  
W'en you travel through the  
strange  
Country t'other side the range  
Then the souls you've cheered  
will know

Who you be, an' say "hullo!"

## George H. Grayman

Fireman George H. Grayman, Scioto Division, met death in an accident on October 23. Mr. Grayman was born in Lawrence County, O., November 22, 1892, and first entered the service as a fireman on August 20, 1912.

## Robert M. Fuqua

Robert M. Fuqua, retired car repairman, Roanoke Shops, died on October 7. He was born in Bedford County, Va., on December 28, 1846, and was first employed as a carpenter on August 23, 1886. He was transferred to a position as car repairer and continued in this service until he was retired on January 1, 1921.

## W. T. Riley

W. T. Riley, retired section laborer at Norwood, died on November 4. He was born at Harrodsburg, Ky., on August 9, 1851, and first entered the service on June 26, 1916, having been retired on August 10, 1921, because of having reached the age limit.

## Ralph R. Harder

Ralph R. Harder, car repairer, Roanoke Shops, died on October 25. He was born in Burlington, N. C., on August 22, 1895, and was first employed as a wreck car hand on August 27, 1913. He left the service on December 31, 1915, but was again employed as a laborer on May 25, 1916, and promoted to car repairer on March 6, 1917.

## Tom Compton

Tom Compton, section laborer at Finney, died on October 22. He was born in Buchanan, Va., on October 27, 1877, and entered the service of the Norfolk and Western on October 1, 1900.

## Richard Rucker

Richard Rucker, retired colored section laborer, Radford Division, died on October 4. He was born in Bedford County, Va., on December 25, 1847, and entered the service as a section laborer in January, 1874, serving in that capacity until on January 1, 1921, when he was retired.

## Paul Jones

Paul Jones, colored laborer at Lambert Point Shops, died on October 2. He had been in the service about 20 years, having first been employed on December 1, 1904, as a laborer at that point. He worked regularly until about two months prior to his death when he was taken ill. He was born on August 12, 1858, in Nottoway County, Va.

## E. A. Abbott

E. A. Abbott, retired colored engine watchman, Norfolk Division, died at his home in Kimball on August 31. He was born in Appomattox, Va., in May, 1847, and first entered the service as a section laborer at Evergreen in 1874. In 1876, he was promoted to engine watchman at the same point and served until July 1, 1917, when he was retired.

## The Innumerable Caravan

The innumerable caravan which moves  
To that mysterious realm where each shall take  
His chamber in the silent halls of death—

—William Cullen Bryant.

## Thomas B. Jackson

Thomas Branch Jackson, retired chief clerk to agent at Norfolk, died on October 23, aged 81 years, after an illness of only a few hours. He was born in Brunswick County, Va., on April 20, 1843, entering the service of the Southside Railroad in 1859 as a clerk at Petersburg. He served there until 1860 when he enlisted in the Confederate Army, serving for four years and reaching the rank of second lieutenant. He re-entered the service of the, then, Norfolk and Petersburg Railroad in 1866, and was transferred to Norfolk in 1867. In 1890 he was promoted to chief clerk to the agent and held that position until his retirement on December 31, 1920. Mr. Jackson, like Captain Farrar, whose death is covered elsewhere in this issue, was the subject of an editorial tribute in the *Norfolk Ledger-Dispatch*.

## T. J. Newman

T. J. Newman, retired assistant agent at Bristol, died at his home on October 11, in his 81st year. Mr. Newman was born in Wytheville, Va., on March 20, 1844, and was one of the early residents of Bristol, hav-

ing moved there over 50 years ago. He first entered the employ of the Norfolk and Western as a clerk at Bristol in 1885 and was promoted to assistant agent in 1900. He was retired on July 1, 1917, because of the age limit rule.

## J. W. Neighbors

J. W. Neighbors, retired Radford Division engineer, died at his home in Bristol on October 11 after a short illness. Mr. Neighbors was born in Lynchburg on February 10, 1866, and first entered the service of the Norfolk and Western on April 7, 1890, as a fireman and was promoted to engineer on June 26, 1898, remaining in this capacity until he was retired on September 1, 1923, on account of ill health.

## Horton Cowan

Horton Cowan, engineer, Pocahontas Division, whose retirement on June 1, 1924, was reported in a recent issue, died at his home in Bluefield on November 10. Mr. Cowan was born in Wytheville, Va., on April 13, 1863, and entered the service as a fireman on August 9, 1894. He was promoted to engineer on December 11, 1895, serving almost 30 years prior to his retirement.

team here. I like to watch him play. Don't you think I would make a "snappy" ball player?

Your little chum,  
Zana Gale Webb.

Still another little boy who has some good ideas is Junior Nye. His daddy is Machinist Fred H. Nye, of Portsmouth Shops. This is what he says:

My Daddy works at night and he has to sleep during the day. If he don't get his rest he can't do his work good, so I take care of my baby brother and keep him quiet so Daddy can sleep. I think that is the best way to help Daddy. I am going to be an engineer when I get big. I am eight years

Again, Zana Gale Webb dictates the following letter to her mother to be sent to her chum, Sister Sue:

Dear Sister Sue:  
I am sending my picture to be put in the wonderful NORFOLK AND WESTERN MAGAZINE.

I am 17 months old and weight 25 pounds. Frank Webb is my daddy. He is storehouse clerk at Kimball. He plays ball on the

old. My Daddy has worked for the Norfolk and Western 25 years. His name is Fred H. Nye, machinist, at Portsmouth, Ohio.

Here is another entry from one of Sister Sue's friends, Clotele D. Mills, 12 years old. Her daddy is a train conductor.

I am going to tell you the best way I can help my Daddy. I feed and water the chickens, cut the grass, plant flowers and clean the yard. When he gets home late I have his coal and wood up as I know he is tired. I also build a fire for him sometimes. I am going to school trying to get an education so I can go to work and dress myself and help my Daddy when he gets sick and too old to work.

## Thirty-three Reasons for Santa Claus

MY, HOW time flies! Just think, boys and girls, when you get this Christmas number of your MAGAZINE, it will be only a few short weeks until Santa comes. Can't you imagine that merry old fellow in his sleigh full of toys, cracking his whip as his reindeers sail through the sky? We have heard that old Santa is going to bring a lot of beautiful things to his children on the Norfolk and Western, for he knows they have been real good little girls and boys. You mustn't forget to write us what he brings you and what you did Christmas. Sister Sue and the Major wish you the very best time yet, so a merry, merry Christmas!

We know that Santa will come to see all of the boys and girls

shown on our page of pictures this month. He certainly couldn't forget them, for their smiling faces tell him that they are thinking of him and that they have been very good all the year.

Just look them over and see how many of them you know. They are:

1. Samuel Randolph Penn, only grandchild of Conductor S. T. Stanley, Shenandoah Division, Winston-Salem District. Age eight months.

2. Allan Moorhouse, son of E. Moorhouse, car repairer, Kimball Shop. Age three years.

3. Betsy Ross, two year old granddaughter of S. A. Ross, foreman lumber yard, Roanoke Shops.

4. Frank Pruett, eight year old son of J. W. Pruett, air inspector, Bluefield Yard.

5. Jack Wilkinson, grandson of C. N. Wilkinson, Sr., paint shop, Roanoke. Age six months.

6. Herbert Headen Shelton, son of Brakeman J. O. Shelton, Pocahontas Division.

7. Faye and baby Iris Atkins, daughters of G. B. Atkins, assistant roadmaster, Portsmouth.

8. Margaret Ruth (age five years), Richard Battle and Robert Gordon (three year old twins), children of F. E. Page, clerk in Telegraph Department, Roanoke.

9. Billy Spain, age seven, son of Operator W. B. Spain, "GM" telegraph office, Roanoke.

10. Frank and Elinor Harris (age 12 and five years) children of Leverman K. S. Harris, Roanoke Terminal.

11. William, Jr., (little "Duffey") son of Conductor Duff Duffrie, Bristol.

12. Vivian Gresham Leonard, age two and one-half years, daughter of I. R. Leonard, clerk, Roanoke Terminal.

13. Alice Lee Davis, daughter of Fireman D. A. Davis, Shenandoah Division.

14. Albert Lett, seven year old son of Stephen Lett, yard brakeman, Kenova.

15. Earl (age three), Mary (age ten months), and Erma (age five), children of Pron Haley, car repairer, Lynchburg Shop.

16. Catherine Cecelia and Mary Frances Herley, daughters of T. J. Herley, cashier at Lynchburg.

17. Sarah Julia Greenwood, two and one-half old daughter of A. P. Greenwood, labor foreman, Roanoke Shops.

18. Leroy Dudley Senter, Jr., 13 months old son of L. D. Senter, boilermaker, Bristol Shop.

19. Douglas Harmon Crockett, son of R. L. Crockett, generator attendant, Bluestone.

20. Donald (age four) and Jewell (age six), children of Brakeman Ben Thompson, Scioto Division.

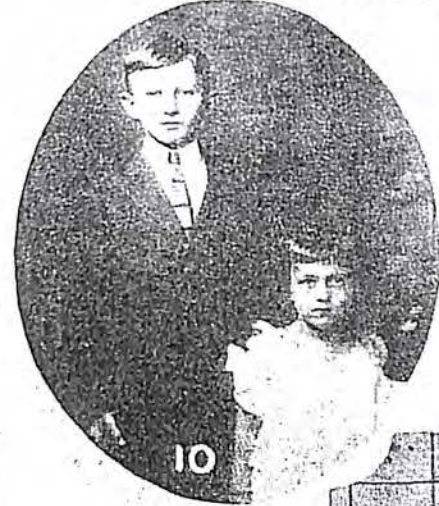

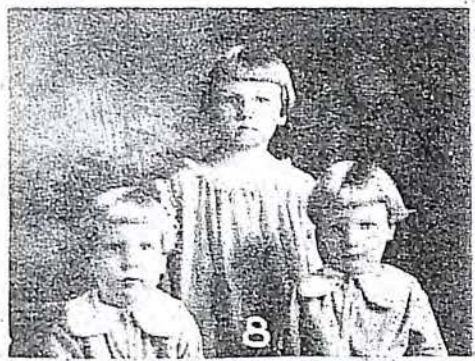

21. Herbert Linden Graham, 18 months old son of Train Dispatcher P. S. Graham, West Yard, Bluefield.

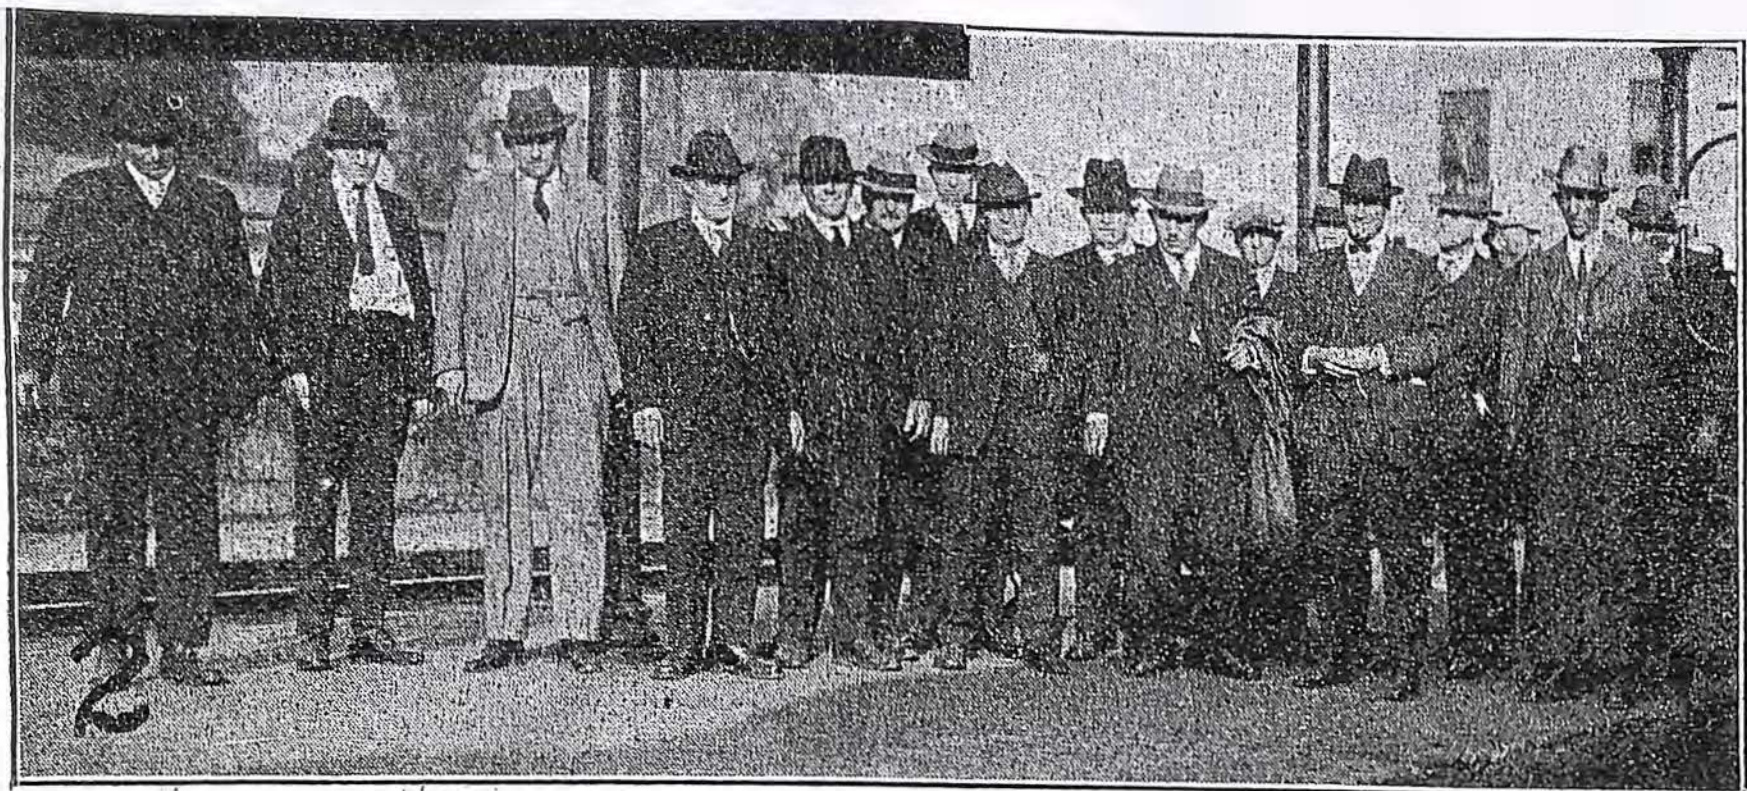

22. James Holmes, son of J. W. A. Holmes, storekeeper, Kenova.

23. Clytis Pruett, ten year old sister of Frank Pruett—No. 4.

24. Ralph E. Howard, nine months old son of Fred Howard, gang foreman, Car Department, Portsmouth.

25. Ralph (age four years), and Randolph Dials, sons of G. W. Dials, crane operator, Portsmouth.

This material has been copied as Mr Burton wrote the information on the index cards. Please remember that he never expected it to be copied or published, so we may ask where the cemetery is located (see Botetourt County Cemetery Book). Each genealogist has his or her way of putting the information down - and it doesn't always make sense to someone else. This information is from material that has been research over a period of about 30 years or so - so some cards have sources while others do not. The census record is "The 1850 Botetourt County census". The Heirs List gave the ages of the heirs, in some instances he put the ages in without adding years such as 76 or born ca \_\_\_\_\_. The death records are from the death register, death certificates, inquest papers, cemeteries, Cronise Scrapbook, court order or minute book (this is where children are called orphans, in most cases the mother is still living), deed books: division of land, selling of inherited land, and information he received from clients. He also used marriage records, birth records (these may show names of parents). He took notes from various books and quarterlies that he had. The administrator or executor will be found in the court order or minute book on the date given or the will book. The brackets [ ] are used to designate information that was added at a later time. In 'reported by Steward' is the steward of the Poor House.

As Mr Burton has told me many time "Prove or disprove the information you are given," so go to the original records

Please forgive the errors (you can never find them all) - and I just hope I have not capitalized a middle name for a surname.

BARKER should be BARBER

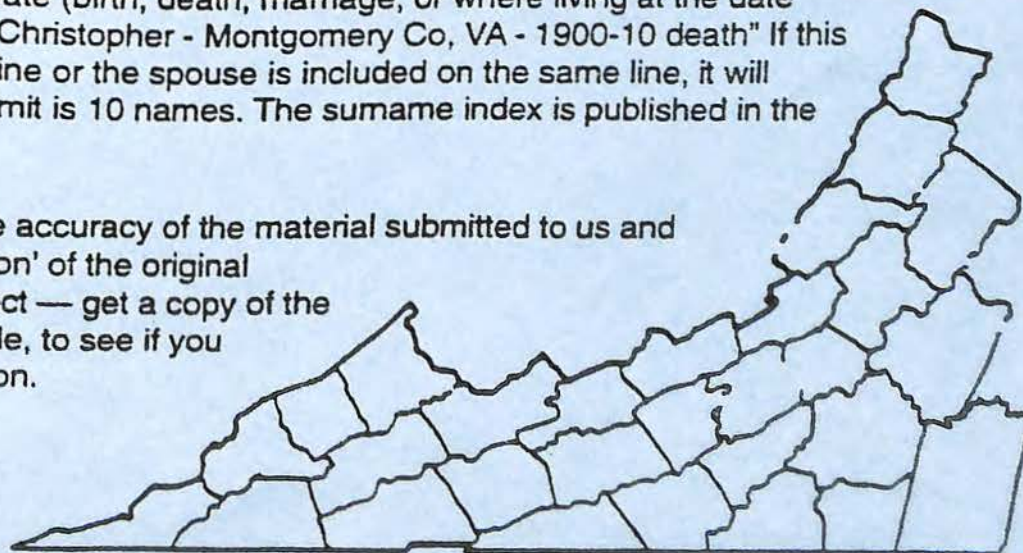

**GENEALOGICAL QUERIES:** Each member is entitled to one (1) to three (3) free 60 word query (does not include your name and address) per issue as space permits. The typist will not compose queries for you, so please make your query as clear and specific as possible so that others can understand them and have a chance to help you. Each query should include name, dates, and location to identify the problem. Please CAPITALIZE surnames - is it Mary Smith JONES (single) or Mary SMITH JONES (maiden & married name). Do not abbreviate, we will. If not typed, please PRINT — some written queries we have not been able to read. Queries for non-members are 5¢ (cents) per word not including your name and address. Queries must be received prior to the 1st of the month preceding publication.

**FAMILY REUNION, PUBLICATION OF BOOK, NEWSLETTERS, ETC.:** Limited to 60 words, not including your name and address. We cannot edit a full page down to 60 words — so send the notice as you want it printed. These notices will be put in as space permits. Members will be given priority in publishing these notices.

**MATERIAL FOR PUBLICATION:** We welcome articles, records, etc. for publications. The material when received may not be used in following issue, but in a future issue. If a large amount of material is sent, it may take a while to publish because we try to have a variety of material in each issue. (1) **READY FOR PUBLICATION** (*which the editor loves*). Please type using a carbon ribbon or dark ribbon and CLEAN KEYS. Use 8 1/2" x 11" paper, single space, with a minimum margin on ALL sides of 1 inch. Center your title. Be sure to include your name, address, and date (year) on the document. If not typed for publication, please PRINT PLAINLY — some articles that have been hand written we have not been able to read, or those that are typed with all caps are difficult to read. PLEASE read material over before mailing and double check all dates. (2) **GIVE SOURCE OF MATERIAL.** Original documents — where found, type of record, page number, etc., or, if known, who now has the document in their possession. We CANNOT PRINT material from printed sources unless we have written permission from the publisher, which you MUST FURNISH. We must have source of material to give credit to the person who has done the work. (3) **DEADLINE** for submitting material should be at least two months before date of publication. (4) **PLEASE** do not send material that you want returned — send a photocopy to us instead. That way it won't get lost, as letters do get misplaced, when passed from one person to another.

**SURNAME INDEX:** Information will include name (given and surname), place (location at time of date), Date (birth, death, marriage, or where living at the date given). "WASKEY, William Christopher - Montgomery Co, VA - 1900-10 death" If this data takes more than one line or the spouse is included on the same line, it will count as two names. The limit is 10 names. The surname index is published in the August issue.

**VAN** cannot vouch for the accuracy of the material submitted to us and printed by us. The 'translation' of the original document may not be correct — get a copy of the original document, if possible, to see if you agree with the printed version.
