January 2005

Dear Friends,

Susan Hays, library cataloguer and a member of our society, presented a wonderful program on writing your family history for the first meeting of the year. And then declined an honorarium. Thank you, Susan.

Carol Tuckwiller was there and I persuaded visiting Laura Wickstead to say a few words. She advised that beginning February 1st, the Virginia Room will be open the same hours as the rest of the Library---and---patrons will also welcome the return of Pam Young! A great way to begin 2005!

Ms. Wickstead will present the March program; 'The Virginia Room Effect: Inside the Library and Outside in the Community'. This will cover what's new, projects and initiatives in the Virginia Room. Finding aids are being developed to assist researchers. Collaborating with community organizations creating programs, etc. Do make every effort to attend.

That meeting will be held at Hollins Library, so we can avoid sound and parking problems due to the St. Patricks' Day Parade on Jefferson Street. Not the Hollins University, but the Hollins Branch of Roanoke County Libraries.. Plenty of parking and a very nice room.

Jim Nelson reported receiving generous donations from members along with payment of dues. Thank you! This, along with the larger than usual attendance at the January meeting has given hope for some fresh ideas and new leadership in our future.

Historically, the Society has made the Virginia Room the recipient of the majority of the donations made. Many of the small libraries and historical societies in our area of coverage are in need of help due to the loss of funding. The Executive Board has designed a Grants Program to extend our support to them. A copy of the letter sent announcing the opportunity appears in this issue.

Joy to you all,
Gene

Winfred H. Hart, Jr., Treasurer

DAR President General Presley Merritt Wagoner
Welcome Remarks
Marian Anderson Commemorative Stamp Dedication Ceremony
January 27, 2005

WASHINGTON, D.C. - I am truly honored to be here today representing the National Society Daughters of the American Revolution on this historic occasion which commemorates in a most visible manner the life of such an extraordinary and inspirational woman. On behalf of the 170,000 DAR members across the country and worldwide, it is my pleasure to welcome you to DAR National Headquarters for the dedication ceremony of the Marian Anderson commemorative stamp. In particular, I want to thank the United States Postal Service and Ms. Anderson's family for inviting the DAR to participate with them in this special recognition.

It is most fitting that we gather in Memorial Continental Hall at Constitution Hall, the place which historically represents a sad chapter in our country's history and in the history of DAR. We deeply regret that Marian Anderson was not given the opportunity to perform her 1939 Easter concert in Constitution Hall but recognize that in the positive sense the event was a pivotal point in the struggle for racial equality.

Ms. Anderson's legendary concert on the steps of the Lincoln Memorial will always be remembered as a milestone in the Civil Rights movement. The beauty of her voice, amplified by her courage and grace, brought attention to the eloquence of the many voices urging our nation to overcome prejudice and intolerance. It sparked change not only in America but also in the DAR.

I stand before you today wishing that history could be re-written, knowing that it cannot, and assuring you that DAR has learned from the past.

DAR was proud to welcome Marian Anderson to Constitution Hall on a number of occasions soon after 1939, including a benefit concert for war relief in 1942. It is also meaningful to us that this notable American chose Constitution Hall as the place where she would launch her farewell American tour in 1964.

And today, the DAR is especially honored to be able to participate in the celebration of Marian Anderson's legacy with the issuance of this new commemorative stamp.

We are very happy to welcome the Deputy Postmaster General John Nolan, the members of Ms. Anderson's family, and all of the other distinguished guests with us today for this special occasion.

On this day we celebrate the life, the talent and the legacy of Marian Anderson. America is a better place because of her dreams and her sacrifices. As a nation, we can be grateful that she opened so many doors for all those who follow; and, as an organization, the DAR is genuinely pleased to pay tribute to her memory.

HISTORY OF THE BEDFORD PUBLIC SCHOOL

Before the days of public education, Liberty (now Bedford) was fortunate in having good private schools, some of them established as early as 1806. Piedmont Academy (later Piedmont Institute) was opened in 1850 in the building which was for many years the home of Dr. W. L. Lyle. In 1861 Miss Mary Aunspaugh conducted a school for small children at her home on East Main Street, in the building which was the residence of the late W. N. Stone. But for originality and longevity the A. B. C. School of Miss Nancy Thomas (1850-1870) stands pre-eminent.

At the time the Liberty Graded School was established, public education was in its infancy in the South. One session under the new regime had been taught in the

by Mr. and Mrs. S. L. Dunton for a boarding and day school for girls. There was one long basement room where Mrs. Dunton, assisted by Miss Foster, had charge of the Primary Department. Above were two long narrow rooms where the principal, assisted by Miss Sale, taught the higher grades. These two rooms had been formed by removing partitions between adjoining bedrooms, and were fully three times as long as wide.

There could not have been two more uncomfortable or ill-adapted rooms for teaching, yet, notwithstanding this fact, the school prospered. The few teachers, doing double duty and lacking the proper apparatus and equipment, gave bountifully of their hearts and minds to the urge of education. Many of the boys and girls

town by Mrs. S. L. Dunton and Miss Geils Thomas. But Liberty was, as Bedford has since ever been, not willing to be left behind in any forward movement for the good of her citizens, and so, in 1872, it was decided to establish a graded school for the education of her children. Three prominent men were chosen as Trustees: Col. Wm. Graves, Dr. C. A. Board and Dr. John W. Sale. These trustees selected Mr. J. R. Guy as principal, and Mrs. S. L. Dunton, Miss Virginia Sale and Miss Nannie Foster (the late Mrs. J. R. Guy).

The building, secured as the home for the new school, stood on the lot now used as a park between the Bridge Theatre and the Norfolk and Western bridge. It was originally a residence but had been used many years

educated under these trying circumstances, became good and useful citizens. They, along with their descendents, have been prominent in the affairs of the town up to the present day.

In the year 1875 a new school building was erected by the town in the center of the lot, running through from Longwood Avenue to Lee Street, which has since been cut in two, and upon which are now the residences of Mrs. F. VonRoy and Mr. John Pugh. The two entrances to this building, one from each street, opened into a large hall which separated the two class rooms on the first floor. By the use of folding doors between these rooms and the hall, the entire lower floor could be thrown into a commodious auditorium. On the second floor were three large class rooms and coat rooms. The

building was considered adequate in every respect for school purposes and quite an ornament to the town.

In a few years, however, the increase in enrollment was so great that the hall had to be converted into a class room, thus destroying the original plan of the structure. This sufficed for a few more years, but the continued growth of the school made it necessary to make a further addition, and this was done by erecting a two-room one-story building just west of the original building, with a narrow alley between. To quote Mr. Guy, "This is the conglomeration which the present handsome and commodious (graded) school building displaced"

It was in 1901, in this old building, that the high school course was included in the curricula of the school. The first graduating exercises were held in 1906, when diplomas were received by Misses Florence Saunders, Bessie Coppedge, Ella Cauthorn, Mary Meade, Hallie McCormick, and Verna Knauss. Miss Saunders had finished the course of study the year before, and was really the first graduate of the Bedford High School, but as there was only one, no graduation exercises were held, and she received her diploma with the class of 1906.

Among those who taught in this building, whose efficient work and wholesome influence are still cherished by their pupils are: Miss Charlotte Sale, the beloved teacher of the Primary Department; Miss Mary Freddie Stone, Miss Annis Aunspaugh, Miss Alice Board, Miss Junia A. Graves, and Mrs. S. C. Graves.

In 1913 the entire school moved into the building now occupied by the Bedford Graded School, with Mr. Guy still its efficient principal, a position which he held until 1915, thus rounding out forty-three years as Bedford's foremost educator. (From 1890 to 1896 he was Principal of Belmont Seminary, but still teaching the children of Bedford.) When this building was designed

it was thought to be sufficient for the needs of the school for many years to come, and additions had been made to the staff of teachers until the faculty now numbered ten—three in the high school and seven in the grades. But soon the World War came on and, with it a startling revelation of illiteracy in Virginia, as shown by the Selective Draft. This, with compulsory education and the improvement of roads, gave a mighty impulse to education, and, almost overnight, the Public School of Bedford was full to overflowing from both town and country.

By 1919 conditions had become so congested that it was evident that nothing but a new building would relieve them, and, in 1920, the Belmont property, adjoining the school, was acquired for the purpose of erecting a high school building upon it. Imperative demands upon the treasury of the town for lights, water and street improvements delayed the erection of this building until 1928, and several of the rooms in the old Belmont building were fitted up as class rooms and used for seven years. Valuable additions to the equipment of the school during these years were the Library and Lunch Room.

Among the teachers who have rendered long, faithful and efficient service in this building may be mentioned: Miss Belle Buford, Miss Mamie Hawkins, Miss Florence Saunders (now Mrs. Frank Johnson), Miss Bessie Coppedge, and Miss Nelle Fitzpatrick (now Mrs. H. B. Jordan). Mr. J. L. Bordon was elected Principal in 1917 and still holds that position.

The new building, completed in 1928, was occupied by the Bedford High School in September of that year enrollment of three hundred and sixty-one pupils and and ten teachers in the faculty. The Graded School was left in full possession of the former building with an enrollment of three hundred and sixt-one pupils and ten teachers.

ADDING IMAGES TO OBITS

I have a love of old obituaries and the unbelievable stories they sometimes tell. I have been putting a picture of that person with the obituary when possible. If I do not have a picture of said person, but have a picture of his tombstone or a personal item (such as a teapot from a great-grandmother that may have been brought over from another country), I use that instead. It makes it even more interesting for family members to see what you have collected, and brings you a little closer to your ancestor.

BAZLE CASTLE
submitted by Gene Swartzell

The Jacob Castle, sr. family of Russell County, Virginia has many legends and traditions with a lot of speculation and no way to prove what is true. The affidavit given by Bazle Castle when he applied for a pension for Revolutionary War Service provides the name of two sons; Bazle and Jacob, jr. Bazle's Final Payment file provides his date of death, that his wife was deceased and that he had an only son, John, his only survivor.

So we learned early in 2001, my husband's ancestor, Zedekiah, 'Zader', who died December 27, 1851, is not the son of Bazle. We now say son of Jacob, jr., but we have no real proof.

It was necessary to transcribe the following from reproductions by National Archives--- backgrounds are dark and they are on 11½ x 13 paper. They are easy to read. These files were located in National Archives, Washington, C. C., Record Group 217, Records of the Accounting Officers of the United States, Entry 724, Settled Accounts For Payment of Accrued Pensions (Final Payments), Aug. 1838-Sept. 1865.

BOOK REVIEW

LEST WE FORGET, by Judy G. Blackwell, Effie K. Brown and Kate King. 37 pages, Indexed. This book chronicles the entire history of Stonewall Brethren, United Methodist Church.

Beginning about the time of the Civil War as a Methodist Church, uniting with the Brethren Church existing today as one of a very few Union Churches, it is unique. It contains many families of the Stonewall community and is located in the Northeastern area of Floyd County. The stained glass windows, pews, pulpit furniture donors have been documented and short biographies of the families given. The chandelier that hangs in choir loft had a very unusual history and is highlighted as well. A complete listing of the Stonewall Cemetery is included. Past ministers of both denominations are included as well as their present officers.

Fair View Interment Log
 Fair View Cemetery

The year is 1904 one hundred years ago. What a difference a century makes! Here are some of the U.S. statistics for 1904:

The average life expectancy in the U.S. was 47 years.

Only 14 percent of the homes in the U.S. had a bathtub.

Only 8 percent of the homes had a telephone.

A three-minute call from Denver to New York City cost eleven dollars.

There were only 8,000 cars in the U.S., and only 144 miles of paved roads.

The maximum speed limit in most cities was 10 mph.

Alabama, Mississippi, Iowa, and Tennessee were each more heavily populated than California. With a mere 1.4 million residents, California was only the 21st most populous state in the Union.

The tallest structure in the world was the Eiffel Tower.

The average wage in the U.S. was 22 cents an hour.

The average U.S. worker made between \$200 and \$400 per year.

A competent accountant could expect to earn \$2000 per year, a dentist \$2,500 per year, a veterinarian between \$1,500 and \$4,000 per year, and a mechanical engineer about \$5,000 per year.

More than 95 percent of all births in the U.S. took place at home.

Ninety percent of all U.S. physicians had no college education. Instead, they attended medical schools, many of which were condemned in the press and by the government as "substandard."

Sugar cost four cents a pound. Eggs were fourteen cents a dozen.

Coffee was fifteen cents a pound.

Most women only washed their hair once a month, and used borax or egg yolks for shampoo.

Canada passed a law prohibiting poor people from entering the country for any reason.

The five leading causes of death in the U.S. were:

1. Pneumonia and influenza
2. Tuberculosis
3. Diarrhea
4. Heart disease
5. Stroke

The American flag had 45 stars. Arizona, Oklahoma, New Mexico, Hawaii, and Alaska hadn't been admitted to the Union yet.

The population of Las Vegas, Nevada, was 30.

Crossword puzzles, canned beer, and iced tea hadn't been invented.

There was no Mother's Day or Father's Day.

Two of 10 U.S. adults couldn't read or write. Only 6 percent of all Americans had graduated high school.

Marijuana, heroin, and morphine were all available over the counter at corner drugstores. According to one pharmacist, "Heroin clears the complexion, gives buoyancy to the mind, regulates the stomach and bowels, and is, in fact, a perfect guardian of health."

Eighteen percent of households in the U.S. had at least one full-time servant or domestic.

There were only about 230 reported murders in the entire U.S.

And I forwarded this from someone else without typing it myself, and sent it to you in a matter of seconds! Try to imagine what it may be like in another 100 years ... it staggers the mind.

GENEALOGICAL QUERIES: Each member is entitled to one (1) to three (3) free 60 word query (does not include your name and address) per issue as space permits. The typist will not compose queries for you, so please make your query as clear and specific as possible so that others can understand them and have a chance to help you. Each query should include name, dates, and location to identify the problem. Please CAPITALIZE surnames - is it Mary Smith JONES (single) or Mary SMITH JONES (maiden & married name). Do not abbreviate, we will. If not typed, please PRINT — some written queries we have not been able to read. Queries for non-members are 5¢ (cents) per word not including your name and address. Queries must be received prior to the 1st of the month preceding publication.

FAMILY REUNION, PUBLICATION OF BOOK, NEWSLETTERS, ETC.: Limited to 60 words, not including your name and address. We cannot edit a full page down to 60 words — so send the notice as you want it printed. These notices will be put in as space permits. Members will be given priority in publishing these notices.

MATERIAL FOR PUBLICATION: We welcome articles, records, etc. for publications. The material when received may not be used in following issue, but in a future issue. If a large amount of material is sent, it may take a while to publish because we try to have a variety of material in each issue. (1) **READY FOR PUBLICATION** (*which the editor loves*). Please type using a carbon ribbon or dark ribbon and CLEAN KEYS. Use 8 1/2" x 11" paper, single space, with a minimum margin on ALL sides of 1 inch. Center your title. Be sure to include your name, address, and date (year) on the document. If not typed for publication, please PRINT PLAINLY — some articles that have been hand written we have not been able to read, or those that are typed with all caps are difficult to read. PLEASE read material over before mailing and double check all dates. (2) **GIVE SOURCE OF MATERIAL.** Original documents — where found, type of record, page number, etc., or, if known, who now has the document in their possession. We CANNOT PRINT material from printed sources unless we have written permission from the publisher, which you MUST FURNISH. We must have source of material to give credit to the person who has done the work. (3) **DEADLINE** for submitting material should be at least two months before date of publication. (4) **PLEASE** do not send material that you want returned — send a photocopy to us instead. That way it won't get lost, as letters do get misplaced, when passed from one person to another.

SURNAME INDEX: Information will include name (given and surname), place (location at time of date), Date (birth, death, marriage, or where living at the date given). "WASKEY, William Christopher - Montgomery Co, VA - 1900-10 death" If this data takes more than one line or the spouse is included on the same line, it will count as two names. The limit is 10 names. The surname index is published in the August issue.

VAN cannot vouch for the accuracy of the material submitted to us and printed by us. The 'translation' of the original document may not be correct — get a copy of the original document, if possible, to see if you agree with the printed version.
