The SOUTHWESTERN VIRGINIA GENEALOGICAL SOCIETY, INC. is a tax-exempt corporation under section 501(c)(3) of the Federal Income Tax Code. Section 170 of the Tax Code provides for the treatment of contributions to the SVGS as a deductible contribution by the donor. Bequests, legacies, devises, transfers, or gifts to the SVGS may be deductible for Federal estate gift tax purposes, if they meet the applicable provisions of sections 2055, 23106, and 2522 of the Tax Code.

**MEMBERSHIP:** Each SVGS member will be mailed a copy of the "Society's" quarterly, the VIRGINIA APPALACHIAN NOTES (VAN). The VAN is usually published quarterly. The annual index will be included in the Fall issue of the VAN for that year. Society memberships are on a calendar year basis and those memberships, which are not renewed by January 30, will be deemed as inactive and removed from the VAN mailing list. Single or family memberships are \$20.00; Organization and Library memberships are \$15.00. Members with mailing addresses outside the United States shall add \$10.00 to the above fees and all monies are payable in U. S. currency. All payments should be made by check or money order, payable to: **Southwestern Virginia Genealogical Society, Inc. or to SVGS, Inc. and mailed to: SVGS, ATT: Membership, Post Office Box 12485, Roanoke, VA 24026-2485.**

**BACK ISSUES of the VAN:** 1995 and earlier, are available at a reimbursement cost of \$4.00 each, as long as the supply lasts. More recent issues are \$6.00 each. These prices include postage. Mailed to Virginia addresses please add 4.5% sales tax. A bulk mailing of old VANS to one address may be eligible for a discount. All payments should be made by check or money order, payable to SVGS and mailed to: **SVGS, ATT: Jim Nelson, Post Office Box 12485, Roanoke, VA 24026-2485.**

**BOOKS for REVIEW:** Books submitted to the Society will be reviewed and the review printed in a subsequent issue of the VAN. When submitting a book, please include the price of the book, copies of the available advertising material, and information as to where orders for additional copies may be placed. Following their review, all books will be placed in the Virginia Room of the Roanoke City Library, Roanoke, Virginia.

Greetings Fellow Researchers,

As we follow the migrations of our families through time, the SVGS prepares to wish a friend well on her journey to a new port of call. Gene Swartzell, VP, Past President, friend and mentor is about to start a new journey. Gene will be moving to Texas next month to be closer to her family. We wish her every happiness.

Gene has been a very active member. In order to keep the Society going we need more like her. If you would like to be more active in the Society please let us know or if you have ideas on what you'd like to see SVGS doing, speak up! We welcome your thoughts.

Upcoming speakers: September 16 Ruth Belvins of Giles County will speak on researching in Giles.

November 18 Brenda Gwyn of the Smyth County Museum will be our speaker.

Virginia Room news - Volunteers are always needed as they have several projects going on, especially now that Alicia Sell, Archivist has been hired full time. Alicia brings new energy to the Virginia Room. She is preserving our treasures.

Classes have started up in the Virginia Room on researching. Check the Ink Spot (the Library's newsletter) for times or call the Virginia Room at (540) 853-2073.

The Virginia Room is looking for a "Genealogy Doctor" to take scheduled appointments one day a month to help beginners, seasoned researchers or anyone needing help researching their line.

Hope to see you at the next meeting!

Best regards,

*Pam*

## GILES COUNTY, VIRGINIA

The history of Giles County goes back to the "original county" of Northumberland from which ninety-six counties were derived. Named in honor of William Branch Giles, Governor of Virginia 1827-1830, it was formed from Montgomery, Monroe and Tazewell in 1806. Numerous changes in the development of counties between the formation of Northumberland in 1648 and the 1806 formation of Giles.

Migrations of the early settlers finds their records in various counties as area became more populated. Researchers of the people of southwestern Virginia will find themselves, of necessity, consulting files in present day counties of Augusta, Botetourt, Bedford and Franklin in Virginia and Greenbriar and Munroe in West Virginia.

Botetourt County was formed in 1770 from Augusta County. Its southern boundary followed the then colony (now state) lines of North Carolina and what later became Tennessee, from the Blue Ridge Mountains to the Mississippi River. The northern boundary extended from the Blue Ridge Mountains at approximately the present town of Buchanan and the James River and apparently following the course of the James and Jackson Rivers; then on a direct course in a northwesterly direction across present day West Virginia, Ohio, Indiana, Illinois and Wisconsin to the Mississippi River. The public records of Botetourt County from its beginning are in good condition in the County Clerk's office, in spite of the fire that destroyed most of the courthouse building a few years ago. From Botetourt County came the short lived Fincastle County, formed in 1772 and dissolved in 1776. The county seat was in present day Wythe County at a community known as The Lead Mines a short distance south of Fort Chiswell on U. S. Highway Route 52. The records of old Fincastle County are stored in the Montgomery County Courthouse in Christiansburg. They are said to be almost illegible and very poor condition.

Bedford County was formed in 1753 from Lunenburg County. Some Giles County early settlers are known to have resided in Bedford County with most of them settled in the section that became Franklin County in 1785.

Greenbriar County, West Virginia, was formed in 1778 from Augusta County, Virginia, and its records are intact in the county Clerk's Office in Lewisburg. As that area of Giles County on the northwesterly side of New River, downstream from The Narrows of Falls where the river cuts through the Peters and East River mountains, was in Greenbriar County until Monroe County was formed in 1799. The records of the early settlers in that area of present Giles County are its Greenbriar and Monroe counties, West Virginia.

The first settlers in Giles County were the Porter family. The only known record of this family being a grave marker found at present day Glen Lyn for a Mary Porter which read "killed by Indians, Nov. 28, 1742". This grave marker was found by the John Tomey family that settled at this site in 1780. It is believed that the next white settlement was at Gunpowder Springs, now Eggleston, by Adam Harmon early in 1749, and that he was followed by Philip Lybrook who settled at nearby Gunpowder Springs in 1750.

VIRGINIA APPALACHIAN NOTES

A Land of Ups and Downs as it rises from New River at 1,470 to Bald Knob Mountain, 4,348 feet, overlooking Mountain Lake, the coolest spot in the Old Dominion. Formed in 1806 the county, comprising 356 square miles was named for Governor William Giles. It has about 17,000 residents. Temperature average 38° in January and 75° in July.

COUSINS- FRIENDS

Four years ago a computer genealogy class was begun at Floyd County High School with eight or ten members and a dedicated teacher, Kathy Calvert, who is also an avid researcher. The goal was not only to improve our computer skills, but to improve our research technique as well. Most were not Virginia born but had very interesting family histories. As we studied together, compared notes, offered suggestions to each other and became well acquainted we begin to appreciate other members' family lines and their heritage.

We soon realized many members' roots began in Virginia and branched out from there to many states. Indiana was one of the states that was a favorite destination. One of our members, Jo Parr, made several trips to her home state of Indiana and discussed her research problems with us. We offered advice and sources as the research progressed.

Our research went slowly as it does sometimes, but we persevered and were rewarded and we shared with the class. Two years passed and we were becoming proficient at finding information on line learning how to use scanners, printers and respond to queries on line and making corrections where necessary.

This year, Jo made another trip to Indiana and came back with pictures of old cemeteries she had visited. As we shared information together, she mentioned that she had been able to connect her roots to **Rev. John Stanger** of Wythe County, VA. My ears perked up and I went over to her chair and as our discussion progressed, we discovered that her great great grandmother **Ann Thomas** who had married **Rev. Stanger's** son, **John, Jr.** was known to me. **Ann's** sister, **Margaret Bickle Thomas** had married **Waymon Creger** and was my great great grandmother. Thus Jo and I are fourth cousins descending from **Kemp and Nancy Baber Thomas**, who were an early family in Wythe County. Each week I had been carrying the information she had needed but her research had not gotten her to the point where she could use it. Conversely, she had been carrying information I needed but was unaware of the connection and my need . We were very excited to discover our kinship and are still sharing information and getting acquainted as cousins, having already been friends through the class.

Genealogical connections come when they are least expected and often with surprising results. We need to keep our eyes and ears open all the time. Often when we help others, that is when we get help ourselves. I believe most of the genealogy we do is a step towards something that heretofore has been eluding us. **Ann Thomas Stanger's** line would never have been completed if I had not met **Jo Parr** and the same for her I am sure regarding **Margaret Thomas Creger's** line. There were times I had decided **Ann** and **John** just never had children and put it aside for a while. Yet, I would always go back and wonder, it was not often a couple was childless in the period of time in which we working, so why was it I could not find information. The answer was in that classroom for three years!

We should never give up and one reading this may think lateral lines not important, but we often find the lateral lines have information that we can use in our direct lines in a later generation. Lateral lines depict neighborhoods and religious preferences as well.

## Furrow Family Finds Links to New River Valley

(The following information was submitted for Amanda Furrow by Lescoe "Gene" and Wanda Furrow of Maynardville, Tenn.)

Although we were born 270 years apart, my sixth great-grandfather, Jacob Furrer, and I were born in two of the most beautiful mountainous regions in the world. Born in Switzerland and of Germanic origin, Grandpa Jacob migrated to London, England, after 1743. A few years later, he traveled the Atlantic Ocean on a vessel named Brigantine Sally and landed at Philadelphia on the 17<sup>th</sup> of October 1750. Grandpa purchased cattle and land in a little place called Hempfield Township, Pa. He had several sons, but the one born in 1749 named John (Johannes) was my fifth great-grandpa. Now, 243 years separate us!

Grandpa John and his brother, Adam, moved to Loudon County by 1771 while some of my fifth great-uncles stayed and eventually served in the militia during the Revolutionary War. However, they came to Virginia later. In addition to farming, Grandpa Jacob was also a preacher. In September 1810, he took an oath of fidelity of the Commonwealth of Virginia at which time he stated that he was licensed to preach the Gospel according to the rules of the Methodist Society. In 1797, he moved to Montgomery County where he and his sons owned adjoining lands about nine miles southwest of Christiansburg at the Montgomery-Floyd County line area. This was only a few years after our county seat, Christiansburg, was incorporated. One of Grandpa John's sons, Charles, was born in 1773, and he was my fourth great-grandfather.

Like Grandpa Jacob, Grandpa Charles and his brothers purchased land and farmed the fertile soils of the valleys within Cedar and Bear Branch of Elliot's Creek to Camp Creek on the Little River. Montgomery County tax records and the U.S. Census now listed our surname as "Furrow." Daddy said many people had their last names misspelled during this era. Grandpa Charles wed Deborah Graham in April 1796. She gave birth to my third great-grandpa, Abraham (Abram), in 1805.

Grandpa Abram grew up in Montgomery County and farmed just as my previous grandpas. The 1870 Census shows that he and his wife, Mary Jewell, lived in the Allegheny Township. My great-great-grandpa, Andrew Jackson, was their last child and was born in 1848. The link between my sixth great-grandpa, Jacob, and myself, is now more than half completed at 126 years! The arrival of the railroad was just around the corner.

Grandpa Andrew was also raised in Montgomery County. He married Frances Ann Maddox in 1874. She gave birth to a son in 1885 named Johnson, who was my great-grandfather. They purchased land on the Old Mudpike, southwest of Christiansburg, in 1903 and built a home.

Grandpa Johnson married Lucy Remines of Tazewell County in 1924, and they also lived on the Old Mudpike. Grandpa Johnson farmed, worked with the railroad and was also a preacher.

He and Grandma Lucy had three sons and a daughter. One of their sons was Lilburn Lesco, who is my "Papa," and he was born in 1931. Papa also grew up in Montgomery County. He left home in 1949 but returned shortly after retiring from the U.S. Air Force in 1969. He married Gloria A. Schaumloffel in 1950 when he was in Texas. They had three sons and three daughters. Their first son was Lescoe "Gene," and

he was born in Texas in 1955. He is also my "Daddy"! Finally, there is only 37 years to complete my link with Grandpa Jacob.

Can you guess my age? Now that you know when I was born, you can see why I had my Daddy write this genealogical letter for me? You can also figure the year Papa Jacob was born.

Although our family lives in Tennessee, we come to Montgomery County often to visit my Papa's nana, aunts, uncles and cousins. Oh, I almost forgot! My mom, whose maiden name is Wanda Marie Earles, was also born and raised there, but she won't let me tell you when. All I know is she has a brother two years younger than her, and he was born in 1950. It's been nice sharing some of our family history with you and we wish everyone in Montgomery County the best! Love, Amanda

## Woolwine Family Is Tracing Its Roots

By Lucy Woolwine Anderson

(Special to *New River Newspapers*) Across the years and miles, four descendants of John and Margaret Rebecca Haymaker Woolwine recently shared ancestral information in Rockport, Texas.

John and Margaret were married in Christiansburg in Montgomery County on June 6, 1802.

They lived in Blacksburg and were the parents of 13 children.

Listed below are the names of those attending the recent reunion:

Lucy Woolwine Anderson was the great-granddaughter of their son, Thomas B., who lived in Patrick County.

Mary Catherine VanderNaillen was the great-great-granddaughter of their son Lafayette McEnally Woolwine and lived in Nashville, Tenn.

Marleta Childs was the great-great-granddaughter of their son William Woolwine, M.D., who lived in Rusk County, Texas.

Bennett Ford (daughter of Lucy Anderson) was the great-great-granddaughter of Thomas B. Woolwine.

This family history has been put on computer beginning with the parents of John (Philip and Elizabeth) in the year 1767 – the year of his birth.

Family researchers have not been able to completely establish the parents of Margaret Rebecca Haymaker who was born in Frederick County, ca 1784, and died in Montgomery County before 1850.

## Catherine "Kate" Dobyons of Carroll County, Virginia

The 1877 account for Mrs. Kate Dobyons with a store by the name of Dobyons and Burroughs was found by Lois Blankenship in some flea market purchases. The account listing gives a fascinating picture of what items were in common use in the average household following the Civil War. The prices of these items are laughable by today's standards.

As indicated on the last page of the account listing, this copy was furnished by P. L. Franklin, who also was the census taker three years later when Mrs. Dobyons was enumerated on the Carroll County census in the Piper's Gap District [ED 20, page 34,- June 18, 1880]. The census record reads as follows:

Household 340

Kate Dobyons, W, F, 45, widow, keeping house

Annie G. Dobyons, W, F, 17, daughter

James N. Dobyons, W, M, 16, son [twin]

Florence O. Dobyons, W, F, 16, daughter [twin]

Thomas M. Dobyons, W, M, 15, son

Charlie D. Dobyons, W, M, 13, son

Henrietta F. Dobyons, W, F, 21, step-daughter [married Wm. P. Kyle, 4-11-1881]

James J. Dobyons, W, M, 26, boarder, merchant

All born in Virginia

Kate Dobyons was the third wife of Thomas Mitchell Dobyons. She was born Catherine Gannaway on February 18, 1832 and died April 12, 1915 in Carroll Co. Thomas Mitchell Dobyons was the son Abner and Elizabeth Wilkes Dobyons of Bedford Co., born January 8, 1826. He married first to Lucinda Conner, following her death he married in 1855 to Permelia A. Lemon in Franklin Co. Permelia also died and on November 15, 1861 in Wythe Co. Thomas married Catherine Gannaway.

Thomas Dobyons spent his boyhood in Bedford Co., then he moved to Floyd Co. where he worked as a tailor. Later he moved to Carroll Co. where he was a merchant, farmer and stockman. He also had mining interests in Iron Ridge. During the Civil War he was in the Home Guard. He was also chairman of the magistrate's court for some time. His other children included Samuel Green Dobyons, from his first marriage, and Michael and Lilly who died in infancy. Thomas Dobyons died December 8, 1872 in Carroll Co. and is buried in the Woodlawn Cemetery.

In all probability Thomas Dobyons was one of the original owners of the store Dobyons and Burroughs, where the following purchases were made.

**GENEALOGICAL QUERIES:** Each member is entitled to one (1) to three (3) free 60 word query (does not include your name and address) per issue as space permits. The typist will not compose queries for you, so please make your query as clear and specific as possible so that others can understand them and have a chance to help you. Each query should include name, dates, and location to identify the problem. Please CAPITALIZE surnames - is it Mary Smith JONES (single) or Mary SMITH JONES (maiden & married name). Do not abbreviate, we will. If not typed, please PRINT — some written queries we have not been able to read. Queries for non-members are 5¢ (cents) per word not including your name and address. Queries must be received prior to the 1st of the month preceding publication.

**FAMILY REUNION, PUBLICATION OF BOOK, NEWSLETTERS, ETC.:** Limited to 60 words, not including your name and address. We cannot edit a full page down to 60 words — so send the notice as you want it printed. These notices will be put in as space permits. Members will be given priority in publishing these notices.

**MATERIAL FOR PUBLICATION:** We welcome articles, records, etc. for publications. The material when received may not be used in following issue, but in a future issue. If a large amount of material is sent, it may take a while to publish because we try to have a variety of material in each issue. (1) **READY FOR PUBLICATION** (*which the editor loves*). Please type using a carbon ribbon or dark ribbon and CLEAN KEYS. Use 8 1/2" x 11" paper, single space, with a minimum margin on ALL sides of 1 inch. Center your title. Be sure to include your name, address, and date (year) on the document. If not typed for publication, please PRINT PLAINLY — some articles that have been hand written we have not been able to read, or those that are typed with all caps are difficult to read. PLEASE read material over before mailing and double check all dates. (2) **GIVE SOURCE OF MATERIAL.** Original documents — where found, type of record, page number, etc., or, if known, who now has the document in their possession. We CANNOT PRINT material from printed sources unless we have written permission from the publisher, which you MUST FURNISH. We must have source of material to give credit to the person who has done the work. (3) **DEADLINE** for submitting material should be at least two months before date of publication. (4) **PLEASE** do not send material that you want returned — send a photocopy to us instead. That way it won't get lost, as letters do get misplaced, when passed from one person to another.

**SURNAME INDEX:** Information will include name (given and surname), place (location at time of date), Date (birth, death, marriage, or where living at the date given). "WASKEY, William Christopher - Montgomery Co, VA - 1900-10 death" If this data takes more than one line or the spouse is included on the same line, it will count as two names. The limit is 10 names. The surname index is published in the August issue.

**VAN** cannot vouch for the accuracy of the material submitted to us and printed by us. The 'translation' of the original document may not be correct — get a copy of the original document, if possible, to see if you agree with the printed version.
