*for today's confusing insurance
problems enlist the expertise
of CLS&A.*

Immersed in his own business, today's executive has no time for mastering complex insurance and bonding requirements. That's why so many executives in the Mid-Atlantic and Southeastern states rely on Charles Lunsford Sons & Associates... and CL&A Corporation, a life and group affiliate. Our specialists never stop studying, to remain abreast of rapidly changing legal precedents and changing market conditions. They draw on over 100 years' experience to minimize insurance costs, provide vigilant account management. These days, when hazards are so great, shouldn't you enlist the expertise of CLS&A?

76 SUPERMARKETS OF LUMBER & BUILDING MATERIALS, AND WE'VE ONLY JUST BEGUN...

Roanoke is headquarters for one of the Southeast's largest and fastest-growing chain of lumber and building material stores: Moore's. A division of Evans Products Company. We're the place both contractors and homeowners come to for their building and remodeling supplies. Many of our products are especially chosen for ease of installation so that ordinary folks who want to do the job themselves can save money and achieve a professional look in their workmanship without previous experience! Hundreds of Name Brand products at low prices made possible by our volume buying.

We've got branch stores in Connecticut, Maryland, Missouri, New Jersey, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Virginia and West Virginia. . . but Roanoke is Home. We think it's a great place to live and work — don't you agree?

the Challenge

From the atom to the sun... the universe pulsates with energy in many forms.

The challenge is to find ways... new ways... to utilize the earth's vast storehouse of fuels in providing the energy needed for this nation to continue to be great.

The means — innovative technologies, exotic engineering, dynamic architecture — exciting advances that must come if man is to tap Nature's lode for the energies he needs.

From the smallest part of the universe to the largest... that's the scope of the energy field today. The opportunity for personal achievement is infinite; the challenge, one that must be met.

There are all kinds of reasons you know of to save.

But maybe the best reason to save is for the things you don't know about.

You never can tell when something unexpected might come along to suddenly catch you in need of money.

And if you've saved, you're prepared.

So, if you have a special goal in

mind or simply want to be prepared, the place to save is Mountain Trust.

Then if the unexpected happens, you'll be ready. And if it doesn't happen, you'll be rich.
