Field Trips and Fun!

Today you are you! That is truer than true!
There is no one alive who is you-er than you!
-Dr. Seuss

Preschool

Panther Pride

1. APPRECIATE HOW SPECIAL YOU ARE

There will never be anyone exactly like you. You were given special gifts and talents to share with the world, and even though everybody has special gifts and talents, nobody will use theirs quite the same way you do. You have a way of being in the world and a perspective that's unique to you. You are the only one who thinks your thoughts the way you think them. You have created your own unique reality and are living your life according to your own unique path. You are the only you that will ever be. You are kind of a big deal.
