Presents

MEDI-CEN

1964

The following pages hold only a small part of our lives at Roanoke Memorial Hospital. In the rapidly moving years to come, as we go our separate ways, but stop to reminisce, we hope that these pages will hold the best, the happiest, and the most prized memories of our years here.

They said it wouldn't be easy, and it hasn't been, but at last we can look to the near future and plan to reap the fruits of our labor. "As you sow, so shall you reap."

TABLE OF CONTENTS

Dr. and Mrs. Jack Campbell

D E D I C A T I O N

The halls of Roanoke Memorial Hospitals hold fond memories for each of us. Long after we, the Class of 1964, have been forgotten, our memories will linger back to our school of nursing.

Through the past three years, two people have constantly stood out as inspiring examples to all of the students. These two people are especially prominent in our memories because they most often remembered us.

We will long remember her as she taught our classes, hustled about the floors teaching us new procedures, and stood by us teaching us that nursing requires skill plus love of fellow man.

He will long be remembered as a tower of encouragement; one who had vast knowledge at hand and was eager to share it with us.

Their ability to inspire students to strive to do their best in any situation and their tactful wisdom have been influencing factors in the lives of all students who have known them.

We, the Annual Staff of 1963-64, dedicate to you, Dr. and Mrs. Jack Campbell, the 1964 MEDI-CEN.

SPONSOR

To you, Miss Holbrook, the Senior Class offers grateful thanks and appreciation for your year of sponsorship. You have guided us so wisely and stood by us so faithfully in helping us to achieve our final goal.

In some of our most trying moments you were always there to guide us and counsel us in the right decisions. Your understanding and encouragement have made this a year we shall always remember long after our graduation.

A PERFECT DAY

When you come to the end of a perfect day,
and you sit alone with your thought,
while the chimes ring out with a carol gay,
For the joy that the day has brought,
Do you think what the end of a perfect day can mean to a tired heart,
When the sun goes down with a flaming ray,
and the dear friends have to part?

JUNIORS

Class Officers: President—Miss Royce Hall; Vice President—Miss Jeanette Hensley; Secretary—Miss Patty Reeve; Treasurer—Miss Janet Kirkner.

Not that we would wish to boast about anything, such as our student nurses, but the upcoming Class of 1965 has been well represented in all school functions.

Forty juniors, although small in number, played a big part in sponsoring activities for their fellow classmates. Among these were the Variety Show, the "Lamplighters"; the Christmas Dance, "Shadows on the Snow"; the Junior-Senior Banquet; and the Graduation Dance. The obvious success of these events will long live in the memories of those who shared in their enjoyment.

Blue bands were received by all juniors as a symbol of their second year in training. Now they are anxiously awaiting black bands which will serve as the symbol of their senior year. Well done, Juniors Class of 1965.

OFFICERS

SPONSOR

MISS ANN WILBOURNE
Sponsor

The Freshman class has engaged in a well-rounded schedule of activities during the past year. The choral club has provided the girls with several opportunities to represent their school, including providing entertainment at the Veterans Hospital, participating in the church services at Belmont Methodist Church, and singing at the Rehabilitation Center.

However, the activities have not consisted only of music. The class also sponsored a Christmas Party for the students as well as members of the faculty and also provided a Princess for the Queen's Court at the Annual Christmas Dance. To further the advancement of our school the girls have aided in supporting projects sponsored by the Student Government of Roanoke Memorial.

Not only has the curriculum surrounded the interests of Roanoke Memorial, but the class has, in addition, participated in activities concerning the Student Nurses Association of Virginia. Representatives from the Freshman class attended the State SNAV Convention and members of the class have regularly attended District SNAV meetings.

The students are planning future activities which will be beneficial to the school as well as provide entertainment for each one.

SARAH S. LUSTER HONORARY SOCIETY

The Sarah Smith Luster Honorary Society was founded in 1963 by the Executive Faculty Committee on standards of scholastic excellence. Its members are chosen on the basis of scholastic and professional performance and personal standards.

Each candidate for membership must be approved by present members of the society.

The society was founded to honor Mrs. Sarah Luster for her years of inspiration and endeavor in behalf of education in Roanoke Memorial Hospitals School of Nursing.

Rev. Murr, Religious Advisor; Judy Hylton, Vice President; Sue Newton, Secretary; Peggy Halsey, President

THE VESPERS RELIGIOUS ORGANIZATION

The Vespers Organization is the religious organization of the student body. It strives to strengthen the spiritual aspect of our daily lives.

The goal of the organization is to provide weekly chapel services with students participating and monthly vesper services with local ministers as guest speakers.

The Vespers Organization sponsored the annual Christmas Pageant. The nativity scene was portrayed with a senior student elected as Madonna.

The highlight of the year was the Religious Emphasis Week held in the spring. Its purpose was to present the Christian faith in terms understandable to student nurses, and to point out the relevance of this faith in daily living. The theme was "Thy Will Be Done—In my work, my social life, my married life, and my spiritual life."

The Vespers Organization works under the guidance of Rev. James Murr.

STUDENT NURSES ASSOCIATION

This year the Student Nurses Association has progressed not only within our school, but also within our district, state, and national associations.

Our organization is represented by two officers in both the district and state organizations. Thirteen members of the association attended SNAV Convention this year, and four attended NSNA Convention. The entire student body celebrated winning the District VI Attendance Banner.

Constitution revisions were made concerning our name and Honor Council leadership system. Further revisions are aimed to better meet the needs of our student body now expanded by affiliating students.

The Social Committee organized a February dance. Orientation programs were strengthened for freshmen and affiliating students. With completion of plans for fund-raising, our organization has seen a full and rewarding year.

The Roanoke Memorial Hospitals School of Radiologic Technology is one of the special technical schools conducted by the hospital under the supervision of the Chairman of the Department of Radiology.

The School of Radiologic Technology is a two-year program and is approved by the American Medical Association, American College of Radiology, American Society of Radiologic Technologists, and the American Registry of Radiologic Technologists.

The profession of Radiologic Technology is dedicated to the conservation of life and health and to the prevention of disease. This two-fold function makes Radiologic Technology an extremely useful profession to society. The well prepared technologist has the knowledge and skill that enables him to assist in bringing new health and confidence to countless people. Radiologic Technology offers the opportunity for leadership in the development of health programs.

Advances in medical knowledge and the constant expansion in hospital and health services are creating an ever-expanding demand for the services of the well-qualified Radiologic Technologist. There is considerable evidence that those who are skilled and capable will never lack opportunity for employment.

To insure professional status it is desirable for the Radiologic Technologist to become certified by the American Registry of Radiologic Technologists. A technologist may qualify for the registry examination after graduating from an approved School of Radiologic Technology. Once registered, the technologist may then apply for membership in the American Society of Radiologic Technologists.

THE ORDER OF THE GOLDEN RULE

Dove's Flowers

Opportunities Like
Edison had are

**WAITING
FOR
YOU**

The inventions of Thomas Edison have affected the lives of people everywhere. They have created entire industries — ours, for example.

Under America's Free Enterprise system, inventive people like Edison can expect special compensations — profit, honor and satisfaction.

The hope of attaining such rewards has been one of our nation's greatest incentives to progress. It is a goal that prods imaginative minds in their quests for new products and methods.

Not everyone can be a Thomas Edison. However, every trained, dedicated graduate can anticipate a full measure of our society's rewards. All it takes is a willingness to work harder and contribute more.
